DETERMINATION TO GRANT FRANCHISE FOR STREET RAILROAD ON STOCKTON, BAY AND OTHER STREETS.

Resolution No. — (New Series): Whereas, Application has been made to the Board of Supervisors of the City and County of San Francisco by Frank D. Stringham, through petition filed March 25, 1909, for a franchise for a term of twenty-five (25) years to construct, maintain and operate a double track street railroad, with all necessary branches, side tracks, turn-outs, switches, crossings, curves and facilities, upon, over and under the following described route, to wit:

Commencing at the southerly terminus of Stockton street where said street intersects the northerly line of Ellis street; thence over and upon said Stockton street to Bay street, curving into and connecting with double tracks on Bay street, in both an easterly and westerly direction, including the right to operate said railway through a tunnel or subway twenty-two (22) feet in width and sixteen (16) feet high in the clear, with suitable approaches to be constructed under said Stockton street from the northerly line of Sutter street to the southerly line of Sacramento street.

Also, commencing at the intersection of Bay street with the westerly line of East street; thence upon and over said Bay street to Montgomery avenue; thence curving into Montgomery avenue and upon and over Montgomery avenue to North Point street; thence curving into North Point street and upon and over North Point street to Polk street;

thence curving into Polk street and upon and over said Polk street to Bay street; thence curving into Bay street and upon and over Bay street to Laguna street; thence curving into Laguna street and upon and over Laguna street to Chestnut street; thence curving into Chestnut street and upon and over Chestnut street to the Presidio Reservation.

Whereas, It appears to this Board that the public interest will be subserved by the grant of such franchise, therefore,

Resolved, That this Board grant a franchise as a whole, for a term of twenty-five (25) years for a standard gauge street railroad upon, along and across the hereinbefore described route.

Said street railroad franchise shall be granted after due advertisement and offer for sale, in the manner and subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II, of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5th, 1903, of Section 1 thereof and Section 6 thereof.

It is hereby determined that said street railroad franchise shall be granted subject to the conditions expressed in the following form of grant, to wit:

"Bill No. —, Ordinance No. — (New Series):

Granting to.....a franchise for a right of way and the right to construct, maintain and operate a double track railroad, together with all necessary branches, side tracks, turn-outs, switches, curves, crossings and facilities, upon, over and under certain streets in the City and County of San Francisco.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. The right of way is hereby granted to, his (or its) successors or assigns, for the term of twenty-five (25) years, to use portions of the streets and avenues hereinafter named and described, for street railroad purposes, as hereinafter set forth, and to that end the said....

..... his (or its) successors or assigns, is hereby granted the right to construct, erect, maintain and operate by means of electricity or such other improved power as science has now or may hereafter discover and the laws sanction, a double track railroad upon, over and under the portions of the following streets and avenues:

Commencing at the southerly terminus of Stockton street where said street intersects the northerly line of Ellis street; thence over and upon said Stockton street to Bay street, curving into and connecting with double tracks on Bay street in both an easterly and westerly direction, including the right to operate said railway through a tunnel or subway twenty-two (22) feet in width and sixteen (16) feet high in the clear, with suitable approaches to be constructed under said Stockton street, from the northerly line of Sutter street to the southerly line of Sacramento street; also commencing at the intersection of Bay street with the westerly line of East street; thence upon and over said Bay street to Montgomery avenue; thence curving into Montgomery avenue and upon and over Montgomery avenue to North Point street; thence curving into North Point street and upon and over North Point street to Polk street; thence curving into Polk street and upon and over said Polk street to Bay street; thence curving into Bay street and upon and over Bay street to Laguna street; thence curving into Laguna street and upon and over Laguna street to Chestnut street; thence curving into Chestnut street, and upon and over Chestnut street to the Presidio Reservation.

Section 2. It shall be lawful, and said, his (or its) successors or assigns, shall have the right to build, construct, erect and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, connecting tracks, Y tracks, side tracks, turn-outs, curves, switches, crossings, and to connect any or all of said tracks with the main line of the railroad, as hereinbefore set forth. But nothing herein contained shall be construed to permit the grantee to connect his (or its) tracks with those of any other person, firm or corporation, without the consent of the Board of Supervisors, provided that the grantee, his (or its) successors or assigns, may connect with existing tracks on Stockton street, at Clay street, at Jackson street, at Broadway and at Union street.

Nothing herein contained shall be construed as the right to maintain any elevated road without the permission of the Board of Supervisors.

Section 3. The foregoing grants are made upon the following express conditions, to be strictly complied with by the said grantee, his (or its) successors or assigns, viz.:

First. The grantee, his (or its) successors or assigns, shall pay to the City and County of San Francisco, in lawful money of the United States, a percentage upon the gross annual receipts of

said grantee, his (or its) successors or assigns, arising from the use, operation, possession or enjoyment of such franchise, as follows:per centum thereof during the first five years of the period for which said franchise is granted;per centum thereof during the next succeeding ten years of said period; andper centum thereof during the next succeeding ten years of such period.

All such per centum of said gross receipts shall be paid monthly into the Treasury of the City and County of San Francisco on or before the tenth day of the next ensuing month, after such gross receipts shall have been earned.

Second. The grantee, his (or its) successors or assigns, shall continuously operate the whole of the railway hereby authorized, and at the end of the term of this franchise the road, track and bed of said railway, and all its stationary fixtures upon the public streets, shall become the property of the City and County.

The grantee, his (or its) successors or assigns, shall, within one hundred days, after the date of the grant hereby made, commence the construction of the railway hereby authorized, and continuously thereafter in each and every month until the completion thereof, expend in such construction at least the sum of three thousand dollars.

A failure to comply with any of the conditions in the foregoing paragraphs shall work an immediate forfeiture of such franchise, and the road or track constructed thereunder, and there shall be no power in the Board of Supervisors to relieve from such forfeiture or from any of said conditions.

On or before the tenth of each month, after said receipts shall have been earned, the grantee, his (or its) successors or assigns, and if a railway company, the President and Secretary of said railway company, shall make and file with the Clerk of the Board of Supervisors a sworn statement of the gross receipts of such railway for the preceding month.

Third. The franchise hereby granted shall not, upon the expiration of the term thereof, be renewed or regranted, and the Board of Supervisors of the City and County of San Francisco shall at all times have the power to regulate the rates of fare, to be charged by those using, operating, possessing or enjoying this franchise, and the Finance Committee of said Board shall at all times be permitted to examine and inspect their books as to their gross receipts.

Fourth. The grantee, his (or its) successors or assigns, shall grade and

pave the space between the rails, and for two feet each side thereof, and between the tracks, upon the streets whereon said tracks are to be laid, and keep the same in good condition and repair, under the supervision and to the satisfaction of the Board of Public Works of the City and County.

If the grantee, his (or its) successors or assigns, shall fail to comply with this provision upon reasonable notice from the Board of Supervisors, the Board of Public Works may forthwith proceed to do the work and the cost thereof shall be paid by the said grantee, his successors or assigns.

Fifth. Such street railroad operating under different management, as the Board of Supervisors may permit, or the City and County itself, in the operation of a Municipal Railroad, shall have the privilege of using said tracks, for a distance not exceeding five (5) consecutive blocks, upon the sole condition that the expense of construction, maintenance and repair of the tracks, and appurtenances and subway if used by said railroads jointly, shall be equally divided between the respective operating railroads.

Sixth. If permission shall be granted by the Board of Supervisors to a line or lines of street railroads operated under different managements, other than that operated by the grantee hereunder, to operate over the tracks of the grantee, for a distance greater than five (5) and not exceeding ten (10) blocks, then and in such case each of said lines shall pay an equal portion for the construction and repair of said tracks and appurtenances, including the subway, used by said railroads jointly, for such number of blocks, and each of such lines of railroads shall likewise pay to the grantee one-half ($\frac{1}{2}$) of the regular fare for each passenger carried over such portions of the grantee's road; provided that the City and County, in the operation of a Municipal Railroad, shall have the privilege of using said tracks for a distance not exceeding ten (10) blocks on the sole condition that it pay an equal proportion of the expense of construction, maintenance and repair of the tracks, subway and appurtenances used by the City and County and the grantee, his (or its) successors or assigns, jointly.

The grantee, his (or its) successors or assigns, shall have the right to reciprocal transfer privileges with the lines operated by the City and County, and the City and County and the grantee agree to secure to each other the benefit of any transfer arrangements which may be made by either of them with other lines and affecting passengers travelling over the portion

of said railroad used by the City and County and the grantee in common.

The foregoing conditions are agreed to by the City and County, because of the unusual character of the construction of said road, and because of the number of intersecting competing lines under one management.

Seventh. The grantee, his (or its) successors or assigns, shall pay to the City and County, as a license upon each car, such sum as the Board of Supervisors may fix by general Ordinance, provided, however, that such sum shall not be less than Fifteen Dollars (\$15.00) nor more than Fifty Dollars (\$50.00) per annum.

Eighth. The grantee, his (or its) successors or assigns, operating under said franchise, shall, so far as lies within his (or its or their) power, and wherever required by the Board of Supervisors, maintain reciprocal transfer privileges with intersecting lines of street railroads, provided, however, that the grantee, his (or its) successors or assigns, shall not be required to accept or grant transfer privileges, except upon terms which will net him or it one-half ($\frac{1}{2}$) of the regular fare per trip for each passenger carried; and provided, further, that the grantee, his (or its) successors or assigns, shall not be required to issue transfers to passengers travelling upon his (or its) line upon a transfer from other lines.

Ninth. The grantee operating under this franchise shall install and maintain upon Stockton street, from Ellis to Sutter streets, first-class ornamental iron poles, of a design to be approved by the Board of Supervisors, and upon each alternate pole along said street, from Pacific street to Filbert street, shall install and maintain, at his (or its) own expense, and without expense to the City and County, electric arc lights for the lighting of said streets, and shall likewise install and maintain, at his (or its) own expense, and without expense to the City and County, twenty (20) additional electric arc lights to be placed at such points along the line of said railroad as may be designated by the Board of Supervisors.

Tenth. The grantee, his (or its) successors or assigns, shall keep the subway herein referred to adequately lighted at all times during the existence of this franchise, at his (or its or their) own expense.

Eleventh. As a condition precedent to the sale and granting of this franchise, the grantee hereunder shall permit and allow all policemen and firemen of the City and County of San Francisco at all times when in uniform, and all mail-carriers in the employ of the United States Government, while

engaged in the actual discharge of duty, when in uniform, to ride on the cars of such company without paying any sum of money whatever for fare or otherwise.

Twelfth. The grantee further agrees that in the event that he (or it) shall make default in the observance or performance of any of the agreements or conditions hereinbefore required to be kept and performed by him (or it), and if any such default shall continue for a period of three (3) months (exclusive of all times during which the grantee, his (or its) successors or assigns, may be delayed or interfered with, without his (its or their) connivance, by unavoidable accidents, labor strikes or the orders or judgments of any Court entered in any suit brought without his (its or their) connivance), after written notice thereof to him (it or them) from the said City and County, then and in each and every such case, the said City and County by its Board of Supervisors shall be entitled to declare this franchise and all the rights and privileges of the grantee to maintain and operate street railways in any of the hereinbefore mentioned streets of the said City and County to be forfeited and at an end; provided, however, that should the grantee, his (or its) successors or assigns, pledge or mortgage his (its or their) street railway property or any of the rights secured to the grantee, his (or its) successors or assigns, by this franchise, or any security representing the said property or rights, for the security of the payment of his (or its or their) notes, bonds or other evidences of indebtedness, the amount thereof not being in excess of the value of all the property and rights of the grantee, such right or forfeiture of this franchise by reason of any violation by the grantee, his (or its) successors or assigns, of the provisions hereof, shall not be asserted or exist against such pledgee or pledgees, mortgagee or mortgagees, or any of them, and shall not impair or affect the right of such pledgee or pledgees, mortgagee or mortgagees, to recover by foreclosure or other legal process against all the property of the grantee, including the rights and privileges hereby granted, the face value of said notes, bonds or other evidences of indebtedness, or any security representing the said property or rights to an amount, however, not in excess of the sum for which the City and County would, at the time of declaring such forfeiture, have the right under the terms hereof to purchase the said street railway property; and it is hereby stipulated that any notice of default by the grantee, his (or its) successors or assigns, upon which a forfeiture shall

be claimed, shall also be given by the said City and County to the trustee or mortgagee of record in any trust deed or mortgage securing such indebtedness. The purchaser at any foreclosure or other sale shall acquire no other or greater rights or privileges than are hereby conferred, and such purchaser shall hold said property, so purchased at such foreclosure or other sale, subject to the right of purchase at any time thereafter, as herein provided, by the said City and County; and also subject to the continuing terms, conditions and limitations of this Ordinance, including the forfeiture provision to the same extent as if the said purchaser had been the original grantee hereunder.

Section 4. First: At any time during the last ten (10) years of the life of this franchise, the City and County of San Francisco, shall have the right to acquire the same for municipal purposes, together with the power plant, poles, wires, road bed, rails, rolling stock, and all real and personal property of said railway at such fair and reasonable valuation as may be agreed upon by the grantee, his (or its) successors or assigns, and the City and County of San Francisco; or, failing such agreement, at such valuation as may be fixed by a court of competent jurisdiction, such sum, however, not to be less than seventy-five per cent (75%) of the cost of construction, equipment, betterment and improvements, including brokerage and legal expenses, the said brokerage and legal expenses to be limited to fifteen per cent (15%) of the total construction, equipment, betterment and improvements of said railway, and at not less than full market value at the time of acquisition by the City and County, of the real property acquired by the grantee, his (or its) successors or assigns, for use in connection with the operation of said street railway, but the value of the franchise element shall be excluded.

Second: The grantee, his (or its) successors or assigns shall quarterly make and file with the Board of Public Works, sworn statements showing the exact amount *bona fide* expended by the grantee, his (or its) successors or assigns, in the actual construction, equipment, betterment and improvement of said railroad and subway; and the said Board of Public Works shall, for the purpose of verifying the same, have free access to the books and vouchers of the grantee, his (or its) successors or assigns, and if the Board of Public Works shall be satisfied of the truth of such statements, and that such amounts have been necessarily and actually expended by the grantee, his (or its) successors or assigns, in the

construction, equipment, betterment and improvement of said railroad, including damages, said Board shall, by resolution, approve the same and record the said statements, together with a certified copy of the resolution approving the same, in the office of the County Recorder of the City and County of San Francisco, and the amounts contained in such approved statements, together with fifteen (15%) per cent additional for legal expenses and brokerage, shall be conclusive upon the City and County of San Francisco and the grantee, his (or its) successors or assigns, as the cost of such portion of the construction, equipment, betterment and improvement of said railway and subway, for the purpose of arriving at the seventy-five per cent (75%) referred to in the preceding paragraph of this section.

Third: If any claim or claims shall be made against the grantee, his (or its) successors or assigns, for damages arising from the construction of the tunnel aforesaid, and said claim or claims shall be settled before or after suit, or if a judgment shall be recovered against the grantee, his (or its) successors or assigns, then the amount of such settlement, judgment and payment shall be certified as hereinbefore provided for, and deemed a part of the costs of construction of said railway within the meaning of this section.

Section 5: The grantee, his (or its) successors or assigns, shall in the operation of said railroad, construe not more than eight hours as one day's work performed, and not less than twenty-five cents per hour as a minimum wage, but the grantee, his (or its) successors or assigns shall have the right to agree with his employees or any association of his employees, or any of them, upon any more favorable schedule of wages and hours mutually satisfactory to employer and employee.

The grantee, his (or its) successors or assigns, agree that whenever a majority of the other street railroads operating in the City and County shall operate under a schedule of three dollars (\$3.00) per eight-hour day for platform men the grantee, his (or its) successors or assigns shall operate under a similar schedule.

Section 6. The grantee, his (or its) successors or assigns, shall, before commencing work upon the tunnel, file a bond with the City in the sum of Fifty Thousand Dollars (\$50,000.00), to be approved by the Mayor, conditioned upon the construction and completion of said tunnel.

Section 7. Said street railroad franchise is hereby granted, subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference

to the following subdivisions and sections of Chapter 2, Article II of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5, 1903, of Section 1 thereof and Section 6 thereof.

Section 8. This Ordinance shall take effect and be in force from and after its passage."

It is also hereby determined that the bidder for said franchise shall file with his bid a good and sufficient bond in the penal sum of Ten Thousand (10,000) Dollars, with sureties thereon satisfactory to the Mayor of the City and County, conditioned that the bidder shall well and truly observe and perform the conditions of the franchise for which application is made, in the case the same is awarded to him, and that in case of breach of any of the conditions of such bond, the whole of the penal sum of Ten Thousand (\$10,000) Dollars, shall be taken to be liquidated damages; also,

That the successful bidder for this franchise shall pay all charges for advertising in the official newspaper of this Resolution, of the notice of sale and of the Ordinance granting said franchise.

Further Resolved, That the Clerk of this Board be and he is hereby authorized, empowered and directed to advertise for sealed proposals, or bids, for the sale of this franchise, in accordance with the terms of this Resolution as hereinbefore expressed, said bids to be filed with the Clerk not later than Monday, June 21, 1909, at the hour of 1:59 o'clock p. m., and Monday, June 21, 1909, at the hour of 3 p. m. is hereby fixed as the hour and date for the opening of said proposals, or bids, and for the awarding of said franchise.

This Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby.

Extension of Time, Sewer Work.

Resolution No. 8798 (New Series), Granting Peter McHugh an extension of ninety days' time from and after May 1, 1909, within which to complete the contract for constructing a sewer in Fourteenth street, between Harrison and Howard streets, and lateral sewers in adjacent streets.

This extension of time is granted for the reason that the inclemency of the weather has prevented the contractor from completing the work within the time originally fixed by the Board of Public Works.

Explanation of Votes.

Supervisor Murdock explained his vote by stating that he favored an increased rate in order that the company might make needed extensions, or failing to do so, that the city might have grounds for an action to annul its franchise.

Supervisor Connolly explained his vote by declaring that he was unwilling to vote for an increased rate inasmuch as the company was unwilling to make a single concession. He declared further that it was his opinion that the solution of the water question as well as all other questions relative to regulation of public utilities would only be solved by municipal ownership.

FIXING AND DETERMINING GAS RATES FOR THE FISCAL YEAR 1909-10.

Supervisor D'Ancona presented the following report:

Report of Artificial Lights Committee.
To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Committee on Artificial Lights, to which was referred the preparation of ordinances establishing rates for gas and electricity for the year 1909-10, begs leave to report as follows:

We recommend the adoption of the ordinance fixing rates to be charged for electricity, identical with rates fixed by the ordinance now in force.

Your committee in fixing what it deems a proper rate for gas bases its conclusions on what was reported to your Honorable body last year (which conclusions, with the exceptions of values of property and a proper allowance for depreciation, were satisfactory to all concerned), with such additional allowances as seem to this committee to be due to the company as a legal right.

A majority of the Joint Committee on Finance and Artificial Lights, in its report to the Board of Supervisors June —, 1908, found that 85.604 cents would be the cost to the company per 1000 cubic feet of gas delivered by the company for 1908-9, based on the following items:

Manufacturing cost of 1000 cubic feet of gas.....	28.938
Distribution	8.623
Administration	9.693
Leakage	3.946
Welsbach expense	1.935
Interest on floating debt.....	1.457
Maintenance	7.516
Extra expense through increased sales700
Increased taxes711
7 per cent interest on investment estimated at \$8,875,086.	22.085

Total 85.604

Your committee has adopted these figures as correct, making allowance for only two things, concerning which there seems to it to be no question: (1) Valuation of the gas plant; and (2) provision for depreciation on the valuation of the plant.

First. As to the valuation of the plant: The expert of the Board of Supervisors placed this, last year, at \$8,875,086, and the company claims such valuation this year to be \$13,362,384.

While the Board last year accepted the valuation of its expert at \$8,875,086, it must be borne in mind that a more usual way would be to allow something for the just difference of opinion between the company's valuation and the valuation of the Board's

expert, and not to be guided solely by the lowest value, to wit: that fixed by its own expert.

When this Board purchases land for public use, it never has been its custom to attempt to obtain property upon the value of its single appraiser against the protest of the owner of the property sought to be condemned, nor upon the lowest valuation fixed by one of several experts, considering always the danger of expert testimony; and to fix a rate is practically to condemn the property.

This year the Assessor of the City and County has informed your committee that the assessment on the gas plant of the Gas and Electric Company would be in excess of five and a half million dollars, and, upon the usual basis of assessment of property, this would represent a cash value of the gas plant of over \$11,000,000.

Your committee, therefore, feels that it is but just to allow the company a rate based upon a valuation of \$11,000,000, for it is manifestly unjust that the company should pay taxes on a basis of \$11,000,000 as the value of its plant for that purpose and not be allowed returns on the same amount of valuation.

The additional amount which should be allowed the company for interest on the difference between \$11,000,000 and \$8,875,086 at 7 per cent per annum, the rate fixed by the joint committee last year and the legal rate in this state, is \$148,743, and this amount is figured upon the basis of an increased consumption of gas during the coming year equal to the increase of 1908 over 1907, or 10 per cent, and this would mean an added cost of 4.8 cents for each 1000 cubic feet of gas delivered by the company.

Depreciation.

In the debates last year in this body, the case of the San Diego Water Company vs. The City of San Diego et al. was cited in the matter of depreciation as controlling legislative bodies in the fixing of rates.

In the report of the expert appointed by your Honorable body during the last investigation, he made the following statement: "In controlling the appraisal, I have been guided by the decision of the Supreme Court of California in the case of the San Diego Water Co. v. City of San Diego et al. as quoted below. This case has been cited to me by members of your committee as governing the matter."

In the hearing before the referee in the pending litigation one of the members of the Board of Supervisors, testifying for the City, in answer to a question as to whether, or not, depre-

ciation was allowed in fixing rates, said that there was no allowance made for depreciation, and that he understood that the legal position taken by the Board was that the company was entitled to no allowance for depreciation.

Relying upon the San Diego case, the Board declined to allow anything for depreciation. It was right for the Board last year under its oath of office to follow the law and to rely upon this case, because the decision was then the latest expression of the judgment of the highest court of this state, and it seemed to decide that depreciation could not be allowed. The doctrine of this case seems opposed to common sense and the universal custom in business matters. It does not seem reasonable that investors in any perishable property should be allowed to collect only interest on their investment and be forced, year by year, to lose their capital through depreciation of a plant and the total disuse of portions of the plant rendered valueless by the discovery of new and better processes. But whatever we may think, and however we may differ, the Supreme Court of the United States in the early part of this year in two cases has flatly and plainly laid down the law that allowance must be made for depreciation, and under the same duty to obey the law which actuated us last year, we must be guided this year. Of course, depreciation should not be allowed on real estate nor anything but the parts of the plant that do depreciate.

The company claims that such depreciation should be allowed on all its plant except the real estate, or on \$13,363,384, less \$1,982,875, or \$11,381,009. Your committee, estimating the value of the company's property at eleven millions, and deducting the value of the real estate, believes that depreciation should be allowed on at least nine millions. As to the rate of depreciation to be allowed, the company claims over 5 per cent to be proper. We have determined to follow the rate for depreciation fixed in England and in this country in Massachusetts on the basis of 3 per cent, which, on a valuation of nine millions, would be \$270,000; and upon the estimated consumption for 1909-10, on the basis of a 10 per cent increase on last year's consumption, would give an added cost of 8.8 cents per 1000 cubic feet. Adding to the allowances determined upon last year the amounts resulting from the increased appraisalment and provision for depreciation, we have a total cost of 99.204 cents per thousand. Allowing for any possible errors and possible increase of

over 10 per cent in consumption of gas, we have fixed 95 cents as in our judgment just to both company and consumer.

The records of the company filed with the Board this year disclose the fact that the allowance for additional cost of oil per thousand made by joint committee of Finance and Artificial Lights was inadequate; the actual cost per thousand for the last six months of 1908, during which period the high rate per barrel of oil was operative, being in excess of the allowance made by the expert of the Board; of this item, however, your committee has taken no particular cognizance, as the factors of increased valuation of plant and allowance of depreciation are more than sufficient to justify its conclusions.

In fixing this rate we are not unmindful of the demand for a lower rate even than 85 cents by the public and by the press seeking to subserve the wishes of the public; but it must be borne in mind that justice, and not desire, is the paramount question, and that our determination is a judicial duty thrown by the Charter upon us, and in such judicial decision we must be guided solely by the facts which make for justice to all concerned, regardless of any extraneous circumstances.

We are, moreover, perfectly satisfied that neither the public nor the press wish any injustice done to the company any more than that the company should do any injustice to the consumer.

In all matters which are discretionary with this Board, as a large proportion of the matters which come before it are, we believe that, as representatives of the people, we should welcome the expression of the public wish in every way, and especially through the controlling influence and medium of the press; but in judicial determinations such as this, we know and think the public and the press will see that the duty cast on us by the people in the City Charter should not be abdicated to the press, the public, nor even to the courts, if that can be avoided.

One other consideration fairly enters into our judgment in this connection which is the practical result should we fix a lower rate than what we believe the facts force upon us.

The company will, as it did last year, in its duty to its stockholders, appeal to the courts, and the practical result will be that during the litigation the people will pay this year and for many years to come at the rate of at least \$1 per thousand, as they have for the past year; and the company, as it has done for the last year, must decline to extend its service in the outlying districts, and this Board has no power to force such extensions; the company will also decline to attempt to increase its

consumption of gas, as it has stated that the result of such attempts of increased consumption at 85 cents per thousand was to make greater loss to the company for such greater consumption; all of which facts will create and emphasize all the evils which naturally follow from disagreements between the city and the public service corporations.

In fixing the rate at 95 cents per thousand we have been guided solely by the facts and factors existing this year, which make this rate seem to us fair and just to all concerned, and this should be the only factor to be considered. But we have not been unmindful, also, of the fact that there is pending a suit by the company against the City to declare void the 85 cent rate. We feel sure that nothing now determined for this year's rate can affect a rate fixed for last year. The court trying last year's rate must confine itself to last year's facts and nothing done by this Board or by the company for this year can influence the judgment of the court on last year's rates.

Under these circumstances, your committee suggests a compromise in reference to past and inevitable future litigation as follows:

The City Attorney has advised us that the United States Circuit Court, in the present suit, will not fix the proper rate to be charged for gas, but will determine merely whether 85 cents per thousand was a confiscatory rate; and should the court so hold, as it is bound to do if depreciation be allowed under latest decisions, the company can charge what it considers a reasonable rate, and in this connection, the allowance by the court of the impounding of rates in excess of 85 cents and up to \$1, after a preliminary hearing, is at least significant.

Looking at the practical results, we cannot feel that we shall do our duty to the people by making a mere *paper* rate of 85 cents, which experience has shown has resulted in making the public pay at least \$1 per thousand.

Under these circumstances, your committee, appreciating the desire or feeling of the Gas Company to meet this Board with a view to harmonizing its relations with the public in the fixing of the rates for gas, suggests the following:

The Committee recommends that 95 cents per thousand cubic feet be fixed for the fiscal year 1909-1910, as the legal rate, *provided* that:

1st: The present suit shall be allowed to stand, and that if the City wins the suit the company shall return to the consumer the 15 cents per thousand now being impounded, and that if the City loses the suit the company shall return to the consumers 5 cents per thousand; in other words, if the

City wins, the consumers get all; if the City loses, the consumers get one-third of the amount impounded. As further litigation seems inevitable if we fix a rate less than 95 cents, we can hardly imagine more favorable conditions for the consumer under such litigation than the above suggestion.

2nd: The company's books shall be open at all times for inspection by the proper city officials:

3rd: The City shall be furnished each month with a statement of all complaints and also of all requests for extensions of its gas service:

4th: The company shall furnish all reasonable extensions of its mains without charge to the consumer, and co-operate with the City for the fullest and best purposes of its organization as a public service corporation.

To Recapitulate.

As to our starting point of \$5,604, this cannot be changed without overturning the unanimous opinion of the Board and its experts last year.

As to depreciation, we must allow this or decline to be governed by the law as laid down by the Supreme Court of the United States.

And as to the value of the company's plant, we must allow this at **eleven** million dollars or take the position that we will tax property above the amount we will allow for its income.

Passed for Printing.

The following Bill was passed for printing:

Fixing and Determining Electric Light Rates for the Fiscal Year 1909-10.

On motion of Supervisor D'Ancona: Bill No. 881, Ordinance No. — (New Series), as follows:

Fixing the maximum rate and price to be charged for incandescent and electric lights, and for electricity for heat and power purposes for the year commencing July 1, 1909, and ending June 30, 1910.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The maximum rate and price to be charged by any person, company or corporation for furnishing incandescent electric light to the City and County of San Francisco and the inhabitants thereof for the year commencing July 1, 1909, and ending June 30, 1910, is hereby fixed at nine (9) cents per one thousand (1000) watt hours.

From this rate discounts shall be allowed for quantity consumed per sixteen candle power lamp, as follows:

On a consumption per 16 candle

power incandescent lamp of 2000 to 3000 watt hours in one month, 5 per cent.

On a consumption per 16 candle power incandescent lamp of 3000 to 4000 watt hours in one month, 10 per cent.

On a consumption per 16 candle power incandescent lamp of 4000 to 5000 watt hours in one month, 15 per cent.

On a consumption per 16 candle power incandescent lamp of 5000 to 6000 watt hours in one month, 20 per cent.

On a consumption per 16 candle power incandescent lamp of 6000 to 7000 watt hours in one month, 25 per cent.

On a consumption per 16 candle power incandescent lamp of 7000 to 8000 watt hours in one month, 30 per cent.

On a consumption per 16 candle power incandescent lamp of 8000 to 9000 watt hours in one month, 35 per cent.

On a consumption per 16 candle power incandescent lamp of over 9000 watt hours per month, 40 per cent.

In estimating the discounts, one arc lamp shall be equivalent to two sixteen incandescent lamps for each ampere of current used by said arc lamp.

A charge of \$1.00 for the maintenance of a meter during any month may be made to any consumer whose bill for current furnished during such month does not exceed \$1.00, but in the event of such charge being made, no further charge shall be made for current furnished during said month to said consumer.

Section 2. The maximum rate and price to be charged by any person, company or corporation for furnishing arc lights of 7 amperes and pressure at each lamp of not less than 70 volts, or lamps of equal wattage, to the City and County of San Francisco and the inhabitants thereof for the year commencing July 1, 1909, and ending June 30, 1910, is hereby fixed as follows:

For each arc light burning twenty-four hours, \$5.00 per week.

For each arc light burning from sunrise to sunset, \$3.00 per week.

For each arc light burning from sunset to sunrise, \$2.25 per week.

For each arc light burning from sunset to midnight, \$1.75 per week.

For each arc light burning for six nights from sunset to 9:30 p. m., \$1.40 per week.

Section 3. The maximum rate and price to be charged by any person, company or corporation for furnishing electricity for heat and power purposes to the City and County of San Francisco and the inhabitants thereof

for the year commencing July 1, 1909, and ending June 30, 1910, is hereby fixed at 9 cents per 1000 watt hours, subject to the above discounts, each horsepower of motor capacity connected being considered as equivalent to twelve and one-half sixteen candle power incandescent lamps.

Section 4. All ordinances or parts of ordinances in conflict with the provisions of this Ordinance are hereby repealed.

Section 5. This Ordinance shall take effect and be in force on the first day of July, 1909.

Directing Clerk to Advertise for Fifty Fire Alarm Boxes.

Supervisor McLeran presented the following:

Resolved, That the Clerk be and is hereby authorized and directed to advertise for proposals for furnishing fifty fire alarm boxes for the use of the Department of Electricity, in accordance with the following specifications hereby submitted to the Board of Supervisors by the Electricity Committee of this Board, to wit:

"Fifty positive non-interfering and successive fire alarm boxes of the best make.

"The Board of Supervisors reserves the right to reject any and all bids."

Motion.

Supervisor Giannini moved that William H. McCarthy be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, William H. McCarthy, President of the Board of Commissioners, Department of Electricity, addressed the Board, stating that the Department of Electricity had spent many months investigating the various types of fire alarm boxes and had found the Gamewell superior to all. He declared that the Department of Electricity had the right to make specifications for the requirements of said Department and that any other fire alarm box, but that recommended, would not be acceptable.

Motion.

Supervisor Comte moved that action on above Resolution be deferred until Mayor's veto had been disposed of.

Report on Mayor's Veto.

Thereupon, Supervisor McLeran, on behalf of the Electricity Committee, reported verbally a recommendation that the Mayor's veto on Resolution No. 3703 (New Series), directing Clerk to advertise for fifty fire alarm boxes in accordance with specifications submitted by the Electricity Committee of the Board of Supervisors, be not sustained.

Mayor's Veto Sustained.

Whereupon, the question being put "Shall the Resolution finally pass not-

withstanding the objections of his Honor, the Mayor," the Roll was called with the following result:

Ayes—Supervisors Booth, Broderick, Center, Giannini, Hocks, Jennings, McLeran—7.

Noes—Supervisors Bancroft, Comte, Connolly, D'Ancona, Johnston, McAllister, Murdock, Murphy, Pollok, Rixford—10.

Absent—Supervisor Payot—1.

The Chair declared the motion lost and the Mayor's veto sustained.

Substitute Resolution Refused Passage.

Thereupon, Supervisor Connolly presented the following substitute Resolution and moved its adoption:

Resolved, That the Clerk be and he is hereby authorized and directed to advertise for proposals inviting bids to furnish fifty (50) positive, non-interfering and successive fire alarm boxes for the Department of Electricity according to specifications therefor prepared by the Commissioners of the Department of Electricity.

Resolution *refused passage* by the following vote:

Ayes—Supervisors Bancroft, Comte, Connolly, D'Ancona, McAllister, Murdock, Murphy, Pollok Rixford—9.

Noes—Supervisors Booth, Broderick, Center, Giannini, Hocks, Jennings, Johnston, McLeran—8.

Absent—Supervisor Payot—1.

Resolution Refused Passage.

Whereupon, the question being taken on Supervisor McLeran's Resolution, the same was *refused passage* by the following vote:

Ayes—Supervisors Booth, Broderick, Center, Giannini, Hocks, Jennings, McLeran, Pollok, Rixford—9.

Noes—Supervisors Bancroft, Comte, Connolly, D'Ancona, Johnston, McAllister, Murdock, Murphy—8.

Absent—Supervisor Payot—1.

Motion.

Supervisor Giannini moved that the Electricity Committee, his Honor the Mayor and the Department of Electricity confer together for the purpose of bringing about some agreement in the matter of the purchase of fire alarm boxes for the Department of Electricity.

So ordered.

The following Resolution was adopted:

Authorizing Refund of \$66 to O. L. Nilsson, Amount Paid at Void Tax Sale for Land Subsequently Declared to Be a Portion of Lyon Street.

On motion of Supervisor Jennings: Resolution No. 3800 (New Series), as follows:

Whereas, The Tax Collector of the City and County of San Francisco under authorization granted by the State Controller, sold at public auction on March 10, 1908, to Mrs. O. L. Nilsson for the sum of \$66, a parcel of land hereinafter described, and thereafter, to wit, on the 27th day of March, 1908, the said Tax Collector executed and delivered on behalf of the State of California to said Mrs. O. L. Nilsson a deed to said property; and

Whereas, It was subsequently ascertained by said grantee of the State of California that the land so purchased and deeded forms a part of Lyon street, and that the same was dedicated as a public street of the city and county, as decided by the Supreme Court of the State of California in the case of Rudolph Herman Co. et al. vs. The City and County of San Fran-

cisco, and said grantee has quitclaimed to the city and county all her right, title and interest to said land; and

Whereas, The City Attorney, by opinion filed April 28, 1909, advises the Board of Supervisors that said Board has the right to order the refunding of the money so paid at said sale, pursuant to the provisions of Section 3804 of the Political Code of the State of California; now therefore

Resolved, That the Auditor and Treasurer be and they are hereby authorized and directed to respectively audit and pay out of the General Fund to said Mrs. O. L. Nilsson the sum of \$66, said sum being the amount paid in error at said void sale of March 8, 1908, for the following described land, to wit: Commencing at a point on the northerly line of Vallejo street, distant thereon 381 feet 9 inches westerly from Baker street, running thence westerly along the northerly line of Vallejo street 9 feet; running thence northeasterly 135 feet, more or less; running thence southeasterly 3 feet, more or less, and running thence southerly 134 feet, more or less, to the point of commencement.

Resolved, That the Auditor be and he is hereby authorized and requested to make demand upon the State of California for the refunding to the city and county of the money apportioned to the state through the distribution of the proceeds of the aforesaid void sale.

Further Resolved, That the Assessor be and he is hereby authorized and requested to cancel the assessment, if any is levied against Mrs. O. L. Nilsson for the fiscal year 1909-10 and to change his plats and maps so that the property hereinbefore described shall appear as part of Lyon street, and further that the Clerk of the Supervisors be and is hereby directed to record in the office of the County Recorder said quit claim deed of Mrs. O. L. Nilsson to the City and County of San Francisco.

Blasting Permit, S. L. Hansbrough.

On motion of Supervisor Broderick: Resolution No. — (New Series), as follows:

Resolved, That S. L. Hansbrough be and is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts for the purpose of removing rock and excavating in the construction of the Garfield Primary School building at Kearny and Filbert streets, provided that said permittee shall execute and file a good and sufficient bond in the sum of \$10,000, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided also that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and if any of the conditions of this Resolution be violated by the said above named person, then the privilege and all rights accruing thereunder shall immediately become null and void.

Extension of Time, Fire Cistern Contracts.

Also, Resolution No. — (New Series), Granting P. H. Mahoney an extension of 90 days' time from and after May 8, 1909, within which time to complete the contract for the construction of fire cisterns at Twenty-third and Church streets, Hill and Noe streets, Twenty-fourth and Noe streets and at Twenty-first and Eureka streets.

This extension of time is recommended for the reason that the inclemency of the weather and inability to secure materials have prevented the contractor from completing the work within the time originally fixed by the Board of Public Works.

DECLARING NECESSITY OF CONSTRUCTION GEARY STREET MUNICIPAL RAILROAD UNDER BOND ISSUE.

Supervisor Giannini presented the following:

Bill No. 883, Ordinance No. — (New Series), as follows:

Reciting that plans and estimates of cost of the construction and completion of a public utility, viz.: A Municipal Street Railway, by the City and County of San Francisco, over, upon and along Geary street, Point Lobos avenue, Cliff avenue to Sutro Baths, and Tenth avenue to Golden Gate Park, have been filed by the Board of Public Works, and declaring that the estimated cost of the construction and completion of such described utility cannot be paid from the annual revenue, or from funds derived from taxes levied for that purpose and will require the incurring of a bonded debt for the purpose of such construction and completion.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that the Board of Public Works, on the 3d day of May, 1909, placed on file with the Board of Supervisors plans and estimates of the cost of original construction and completion by the City and County of San Francisco of a public utility, to wit:

A Municipal Street Railway, over, upon and along the following streets, to wit: Geary street from Kearny street to Point Lobos avenue, Point Lobos avenue from Geary street to Cliff avenue, Cliff avenue from Point Lobos avenue to the Sutro Baths, Tenth avenue from Point Lobos avenue to Golden Gate Park, the same to be operated by electricity; that the total estimated cost of such public utility is the sum of \$1,995,000; that said plans and estimates contain sufficient information to enable the Board of Supervisors to take further proceedings to secure the construction and completion of said described public utility, and to make the declarations herein contained.

Section 2. That of said sum of \$1,995,000, estimated as the cost of the construction and completion of said public utility, the sum of one million eight hundred thousand dollars cannot be paid out of the annual income of the City and County in addition to the other necessary expenses thereof, or from funds derived from taxes levied for that purpose and will require the incurring of a bonded debt to the amount of one million eight hundred thousand dollars, for the purpose herein recited.

Section 3. This ordinance is the second of a series of ordinances to be adopted by the Board of Supervisors relating to and designated to secure the acquisition, construction and completion of the public utility herein named.

Section 4. This ordinance shall take effect immediately.

Communication From the City Attorney Advising That Proceedings Thus Far Taken in the Matter of the Construction of a Municipal Street Railway on Geary Street Are Regular and Sufficient.

Supervisor Giannini presented the following:

May 3, 1909.

Public Utilities Committee, Board of Supervisors—Gentlemen: I am in receipt of your communication of April 30th enclosing a proposed plan for the submission to the electors of the proposition to incur a bonded indebtedness for the construction of the Geary Street Railway with your request for an opinion upon the regularity of the same, together with an expression of an opinion upon the sufficiency of the Ordinance reciting "that plans and estimate of the cost of the construction and completion of the public utility,

etc." and declaring that the expense thereof cannot be paid for out of the current revenue. I have examined the proposed calendar of proceedings and believe the same to be correct in all particulars.

As to the Ordinance the objections are merely clerical. I would suggest that the title be changed to read as follows: "reciting that plans and estimates of cost of the construction and completion of a public utility, viz.: a municipal street railway by the City and County of San Francisco over, upon and along Geary street, Point Lobos avenue, Cliff avenue to Sutro Baths and Tenth avenue to Golden Gate Park, to be owned and controlled by said City and County, have been filed by the Board of Public Works with the Board of Supervisors and declaring that the estimated cost of the construction and completion of such described public utility cannot be paid from an annual revenue or from funds derived from taxes levied for that purpose and will require the incurring of a bonded debt for the purpose of such construction and completion."

I also suggest that the words "and completion" be added after the word "construction" in line 2 of Section 2 of the proposed Ordinance.

Yours truly,

PERCY V. LONG,
City Attorney.

Read by Clerk and referred to Public Utilities Committee.

Communication From the Board of Public Works Transmitting Plans and Estimates of Cost of Construction of a Municipal Street Railroad on Geary Street, Point Lobos Avenue and Other Streets.

Supervisor Giannini presented the following:

San Francisco, May 3, 1909.

To the Honorable The Board of Supervisors, of the City and County of San Francisco.

Gentlemen: In accordance with the provisions of Ordinance No. 750, (New Series), approved April 21, 1909, the Board of Public Works herewith respectfully transmits plans and estimates for a Municipal Railroad from the west line of Kearny street, along Geary street, Point Lobos avenue and Cliff avenue, to a point near Sutro Baths, with a branch line on Tenth avenue, running along said avenue from its intersection with Point Lobos avenue southerly to Golden Gate Park.

These plans were approved by the Board of Public Works by Resolution No. 8237 (New Series), passed May 3, 1909.

Respectfully,

BOARD OF PUBLIC WORKS,
By Robt. J. Loughery, Secretary.
Enclosure.

San Francisco, May 1, 1909.

To the Honorable the Board of Public Works, of the City and County of San Francisco.

Gentlemen: Under Ordinance No. 750 (New Series), I am directed to prepare plans and specifications for an electrically operated street railroad from Geary and Kearny streets along the former street to Point Lobos avenue, thence along said avenue to Cliff avenue; thence along said avenue to the Sutro baths; with a branch on Tenth avenue southerly to Golden Gate Park.

Similar plans have been fully presented, the details of which are found in Municipal reports 1900-1, pages 437-482 and in Municipal reports 1904-5, pages 507 et seq.

The present projects omit the cross town line considered in 1901, and extends the line then presented, to the Sutro baths.

Estimates upon separate projects are presented with slight variants as to terminals, one of which can be utilized in case the necessary bonded indebtedness shall be authorized. Both involve the removal of the present tracks on Geary street as the use of the old rails will involve early replacement.

Project A.

Proposes:

An overhead trolley system throughout, with the most approved track construction of 109 pounds Trilby rails, cross ties bedded on 6 inches of ballast and concrete, pavements to be of basalt blocks on gradients steeper than 6 per cent and of asphaltum on lighter gradients; motive power and car equipment of the best modern development. The variants are

(a) A terminal on land to be acquired on the south side of Cliff avenue opposite Sutro Baths so that a level terminal can be developed. (A terminal on Cliff avenue at the point designated in the ordinance being dangerous and undesirable on account of the gradient.)

a2) A terminal embracing a loop on Forty-seventh and Forty-eighth avenues in front of the north easterly portion of Sutro Heights.

(a3) A terminal loop via Fortyninth avenue to "C" street, thence via "C" street to Forty-fifth avenue; Forty-fifth avenue to "B" street; "B" street to Forty-third avenue; Forty-third avenue to "A" street; "A" street to Forty-first avenue, Forty-first avenue to Point Lobos avenue.

Of these a1 conforms more suitably to the ordinance. The estimate will cover any one of the variants named, costs of real estate incident in one equalizing track construction in others.

Project B.

Involves reconstructing the Geary street railroad from Kearny street to Presidio avenue upon the underground conduit system, the details of which have been fully considered and presented in the report of 1900-1, and which have not been materially changed since that date. The remaining portion of the line to be operated by the overhead trolley system as in Project A.

The western terminal variants in the two projects are the same.

The Tenth avenue branch is to be operated ordinarily independently as such, but on special occasions main line cars can be switched directly to the Park, or the cars divided so as to give an increased downtown service of less headway than westerly from Tenth avenue.

The power station can be located either near the foot of Fillmore street or at some central point on Point Lobos avenue. The former has the advantage of being nearer condenser water; of having cheaper fuel delivery; and of being available in the future for service in a cross town line. It has the disadvantage of requiring high tension, transmission line and transformers. The latter site will receive condenser water from the Lurline salt water pipe and the same will circulate in a large public bathing tank at the locality. A group of wells at this locality can be developed for an emergency supply. This locality has the disadvantage of costly fuel delivery and condenser water.

The estimates submitted will cover either locality, greater costs in mechanical items of one being about balanced in costs of real estate in the other. The choice and details of site can be determined after the price of this site shall have been fixed.

Under project B, use of the trolley system will be necessary in any extension eastwardly on Market street, and at the ferry terminals, until the underground system shall be constructed on Market street and at the Ferry terminals.

The following estimates upon the cost of these two projects are submitted.

Project A.

Standard overhead trolley on Geary street from the west line of Kearny street to Point Lobos avenue, on Point Lobos avenue from Geary street to Cliff avenue, on Cliff avenue from Point Lobos avenue to the westerly terminal near Sutro Baths, utilizing forty-four hundredths

(.44) miles of the existing double track railroad on Point Lobos avenue, between Thirty-third and Fortieth avenues, and a branch line on 10th avenue from Point Lobos avenue to Golden Gate Park

Power station conductors, etc.	\$809,680.00
Car house, sub-station and equipment	264,000.00
Car equipment, 40 cars...	250,000.00
	280,000.00

	\$1,844,232.00
Real estate	150,000.00
	<hr/>
Grand total	\$1,994,232.00
Or in round numbers...	1,995,000.00

Project B.

Conversion of the present roadbed on Geary street from the west line of Kearny street to the east line of Presidio avenue, into a standard gauge double track electric underground conduit road, thence from this point along Point Lobos avenue, Cliff avenue, etc., to a westerly terminal near Sutro Baths as in Project "A", including the branch on Tenth avenue from Point Lobos to the Park entrance. Cost of underground conduit road, street and special track construction, and feeder ducts

	\$458,375.00
Cost of trolley road, including all street and special construction and overhead construction, and 50% of forty-four hundredths (.44) miles existing double track on Point Lobos avenue, between Thirty-third and Fortieth avenues	337,920.00
Feeder cables entire road.	243,000.00
Power station complete, including H. T. transmission lines	264,000.00
Car house, sub-station equipment	250,000.00

	\$2,108,288.00

Real estate as in previous estimate 150,000.00

Grand total\$2,258,288.00

Or in round numbers, say 2,259,000.00

There are submitted herewith plans entitled:

PLANS FOR A MUNICIPAL STREET RAILWAY

On Geary street from Kearny street to Point Lobos avenue, Point Lobos avenue from Geary street to Cliff avenue, Cliff avenue from Point Lobos avenue to Sutro Baths, Tenth avenue from Point Lobos avenue to Golden Gate Park, as per Bill No. 831, Ordinance No. 750 (New Series), in the Eoard of Supervisors April 19th.

Prepared by Marsden Manson, City Engineer, San Francisco, California, May 10, 1909.

Under Project A there will be double track new trolley road 6.50 miles
Constructed track on Point Lobos avenue, between 33rd and 40th avenues..... .44 miles

6.94 miles

Under Project B there will be double track underground conduit road 2.33 miles
Double track trolley road, including Tenth avenue branch 4.17 miles

Total 6.50 miles

Constructed track on Point Lobos avenue, between 33rd and 40th avenues..... .44 miles

Total as above..... 6.94

This total mileage in either case will be slightly reduced by the selection of variant "a2" or "a1", but no material variation will be made in the estimates as the acquisition of additional real estate and modified construction will about balance the cost of decreased track.

Respectfully submitted,

MARSDEN MANSON,

City Engineer.

Read by Clerk and referred to Public Utilities Committee.

The following communication was received, read and ordered referred to the Public Utilities Committee:

Communication From City Engineer Relative to Status of Acquisition of Covell-Kellett Lands In Hetch-Hetchy Valley.

San Francisco, May 4, '09.

Mr. John E. Behan, Clerk Board of Supervisors, 70 Eddy street, City—My Dear Sir: In reply to your inquiry at the instance of the Public Utilities Committee as to the status of the acquisition of the Covell-Kellett lands, in the Hetch Hetchy Valley, I respectfully report:

The Kellett Estate has been probated. The half interest of the minor son and the remainder going to Mrs. Covell are in process of being advertised for sale. I am in communication with both Mrs. Covell and the attorney for the Estate at Mariposa. As soon as the bonds shall be sold, or moneys therefrom made available for the purchase of this land, I will promptly, under the direction of the Board of Public Works, and in conformity with Ordinance No. 751, make an offer of purchase which I believe will be accepted and will be upon the terms mentioned in the expired option entered into last year, and deducting the \$500.00 already paid upon the same from the price therein agreed to.

Respectfully yours,

MARSDEN MANSON,
City Engineer.

BOND ISSUE, 1909.

The following communication was received, read and ordered *referred to the Finance Committee*:

Communication From A. W. Bullard With Opinions of Financial Houses as to Rate of Interest That Should be Fixed in Bond Issue of 1909.

San Francisco, May 6, 1909.

Dr. A. H. Giannini, Supervisor, 70 Eddy st., City—Dear Sir: As suggested last night, I sent a telegram to E. H. Rollins & Sons, Boston; A. B. Leach & Co., New York, and the Harris Trust & Savings Bank, Chicago, the telegram in each case reading as follows:

"San Francisco preparing vote about \$10,000,000 bonds for Civic Center including City Hall, Parks, other improvements. Bonds probably will be sold one year from now. At what rate of interest in your opinion should bonds be voted? Answer by telegraph."

I give below the replies received:

From E. H. Rollins & Sons.

"San Francisco bonds. We have received your telegram of May 6th. Would advise specifying rate not to exceed 5% but if necessary specify rate definitely, would advise 4½%."

From A. B. Leach & Company.

"Difficult prognosticate financial situation year hence. Believe advisable, however, vote 4½% bonds on ground 4% not salable, 5% too much premium."

From Harris Trust & Savings Bank.

"Telegram received. In order make sure sale par or better interest rate

10,000,000 Frisco bonds which sell approximately one year hence should be specified 4½% or if legal, recital should be, not exceeding that rate."

I trust this will throw some additional light upon the rate of interest which it is desirable to name in the notice of election for the Civic Center and other bonds.

Very truly yours,

A. W. BULLARD.

The following Resolution was passed for printing:

Extension of Time, Construction of Chemical Engine House No. 11.

On motion of Supervisor Rixford: Resolution No. — (New Series). Granting McSheehy Bros. an extension of fifty days' time from and after April 6, 1909, within which time to complete the contract for the construction of Chemical Engine House No. 11, located at the northerly line of Twenty-second street, between Noe and Castro streets.

This extension of time is granted for the reason that on account of the inclemency of the weather the contractor has been unable to complete the work.

(Communication Board of Works filed April 23, 1909.)

DECLARING NECESSITY OF CONSTRUCTION OF GEARY STREET MUNICIPAL RAILROAD UNDER BOND ISSUE.

The following Bill heretofore passed for printing was taken up:

Bill No. 883, Ordinance No. — (New Series), entitled:

"Reciting that plans and estimates of cost of the construction and completion of a public utility, viz.: A Municipal Street Railway, by the City and County of San Francisco, over, upon and along Geary street, Point Lobos avenue, Cliff avenue to Sutro Baths, and Tenth avenue to Golden Gate Park, have been filed by the Board of Public Works, and declaring that the estimated cost of the construction and completion of such described utility cannot be paid from the annual revenue, or from funds derived from taxes levied for that purpose and will require the incurring of a bonded debt for the purpose of such construction and completion."

Motion.

Supervisor Giannini moved that Arthur Barendt be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, Arthur Barendt, representing the Iroquois Club, was heard, favoring the underground conduit system for the Geary street municipal road. He stated that the overhead trolley was a menace to life and property as well as an unsightly system. He requested that the public be informed as to which of the two systems were favored by the Board of Supervisors.

E. R. Zion, representing the Iroquois Club, also addressed the Board, stating that the City should be satisfied with nothing but a model up-to-date system. He favored the underground conduit.

Margden Manson, City Engineer, addressed the Board, stating that the difference in his estimates and those of Engineer Stut was caused by his figuring on the necessity of tearing out the present Geary street roadbed and reconstructing a new roadbed with proper distances between the centers of the tracks. The present roadbed, he declared, was too narrow to permit of the operation of the large modern cars now in use.

Underground Conduit System Favored by Supervisors for a Municipal Street Railroad on Geary Street.

Whereupon, Supervisor Giannini presented the following Resolution, which was on his motion adopted by the following vote as Resolution No. 3850 (New Series):

Whereas, The question has arisen in the matter of a municipal railroad along Geary street, Point Lobos ave-

nue and other streets, whether or not the Board of Supervisors favors an overhead trolley system or an underground conduit system; now therefore

Resolved, That in order that the public may be advised of the attitude of the members of the Board of Supervisors in that regard, this Board hereby expresses its position to be in favor of an underground conduit system in preference to an overhead trolley system, and that in the event of the electors authorizing the incurring of a bonded indebtedness for the construction of said road, that bids will be called for the construction of an underground conduit system.

Ayes—Supervisors Bancroft, Booth, Broderick, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, Murdock, Murphy, Payot, Pollok, Rixford—15.

Noes—Supervisors Center, McAllister—2.

Excused from voting—Supervisor McLeran.—1.

Explanation of Vote.

Supervisor Center explained his vote by stating that the underground system was the first system of electric street railways in use, but was being gradually displaced by the overhead trolley, owing to the excessive cost of maintenance of the former.

Supervisor McLeran requested to be excused from voting, stating that he was making a close study of the merits of the overhead trolley and underground systems now in vogue in European cities, but as yet had not arrived at a conclusion as to which was the better system. He presented a report on the relative merits of the overhead trolley and underground conduit systems in the city of Berlin, which was ordered referred to the Public Utilities Committee.

Final Passage.

Whereupon, the question being taken on Bill No. 883, the same was *finally passed* as Ordinance No. 769 (New Series), by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Jennings, Johnston, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—16.

No—Supervisor McAllister—1.

Absent—Supervisor Hocks—1.

Report of the Public Utilities Committee on Bond Matters.

The following Report was presented by Supervisor Giannini and read by the Clerk:

To the Honorable, the Board of Supervisors, of the City and County of San Francisco—Gentlemen: Your Committee on Public Utilities, having in charge matters relating to the issuance of bonds, hereby present two Or-

dinances, one calling and providing for a special election in the matter of the Geary Street Railroad, and the other calling and providing for a special election in the matter of the City Hall, Civic Center and other projects.

The passage to print of the foregoing Ordinances is recommended.

A. H. GIANNINI,
R. McLERAN,

Calling and Providing for a Special Election for the Issuance of Bonds for the Construction of a Municipal Street Railway on Geary Street.

Thereupon, Supervisor Giannini presented the following Bill, which was on his motion *passed for printing* by the following vote:

Bill No. 887, Ordinance No. — (New Series), entitled, "Calling and providing for a special election to be held in the City and County of San Francisco on the 24th day of June, 1909, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness by said City and County of one million nine hundred and fifty thousand dollars for the acquisition or construction by the City and County of San Francisco of a public utility, viz.: A Municipal Street Railway, over, upon and along the following streets, to wit: Geary street from Kearny street to Point Lobos avenue, Point Lobos avenue from Geary street to Cliff avenue, Cliff avenue from Point Lobos avenue to the Sutro Baths, Tenth avenue from Point Lobos avenue to Golden Gate Park, the same to be operated by electricity, this ordinance being the third of a series of ordinances to be adopted by the Board of Supervisors relating to and designed to secure the acquisition, construction and completion of the public utility named."

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—16.

Plan—

A "Class A" thoroughly fireproof building or group of buildings to be constructed on a site hereinafter described in the City and County of San Francisco for the purposes of a City Hall.

Description of Site—

The tract of land bounded by Hayes, Franklin and Market streets, being the whole of Western Addition Blocks Nos. 69, 70, 71, 72 and the southwest portion of Western Addition Block No. 1, or lands in the immediate vicinity adapted for the purpose. Said building or group of buildings to provide spaces for the carrying on of the business of the following municipal offices and other municipal functions: Sheriff, County Clerk, City Attorney, Recorder, the Superior Courts, the Justice Courts, Law Library, over-night juries, Mayor, Auditor, Treasurer, Assessor, Tax Collector, Registrar, Board of Supervisors, Department of Public Health, Central Emergency Hospital, Board of Education, Superintendent of Schools, Fire Department, Civil Service Commission, Playground Commission, Police Station, Board of Public Works, Material Testing Laboratory and other smaller offices that may be necessary to the proper carrying on of the functions of the major ones.

Said building or group of buildings shall contain storage spaces, general utility and other areas necessary to the proper carrying on of the business of a building of this description.

Said building or group of buildings shall be handsomely decorated and fully equipped for use.

The estimated cost of the construction of said building or group of buildings, as described above is four million dollars (\$4,000,000.00).

Civic Center.

San Francisco, May 9, 1909.

To the Honorable, The Board of Public Works, City and County of San Francisco—Gentlemen: In compliance with Ordinance No. 757, approved April 29th, 1909, I submit herewith an appraisalment of the lands necessary for the development of the Civic Center in the vicinity of Van Ness avenue and Market street, and for the construction of a City Hall, being proposition No. 1 of the above named Ordinance.

The appraised value of the lands is reached under one complete and one partial appraisalment, the former being made under the direction of this of-

fice and the latter or partial appraisalment having been made by the experts employed by the Merchants' Association.

The first appraisalment is as follows:

Portion of the southwest corner of Block 1, Western Addition	\$125,000.00
Block 69	960,200.00
Block 70	1,520,000.00
Block 71	1,181,850.00
Block 72	846,800.00
	<hr/>
	\$4,633,850.00

The details of this appraisalment are on file in this office.

The second appraisalment (partial) is as follows:

Block No. 70.....	\$1,350,000.00
Block No. 71.....	950,000.00
Block No. 72.....	670,000.00
	<hr/>

Being a total for these three blocks of.....	\$2,970,000.00
to which add as per first appraisalment southwest portion of Block No. 1.....	125,000.00
Block No. 69.....	960,200.00
	<hr/>
	\$4,055,200.00

The appraised value of the buildings upon the five blocks above named is \$436,500. The details of this estimate are on file in this office and in the office of the architect. The larger of these two appraisalments for real estate, added to the appraisalment for improvements amounts to \$5,070,250.00. The smaller of the appraisalments for real estate added to the appraisalment for improvements amounts to \$4,491,700.

There are transmitted herewith plans and estimate of cost of the construction of a City Hall prepared by the City Architect, which estimated cost is \$4,000,000.00.

Respectfully submitted,

MARSDEN MANSON,

City Engineer.

Polytechnic High School.

San Francisco, April 28, 1909.

Mr. Marsden Manson, City Engineer of the City and County of San Francisco—Dear Sir: There is herewith submitted to you for transmission to the Board of Public Works a descriptive plan and estimate of cost for the Polytechnic High School, being "Proposition No. 2" of declaratory Ordinance No. 757 (New Series), of the proposed bond issue.

San Francisco, May 9, 1909.

To the Honorable, The Board of Public Works, of the City and County of San Francisco—Gentlemen: In compliance with Ordinance No. 757 (New Series), approved April 29, 1909, I transmit herewith plans and estimates of cost of a Polytechnic High School prepared by the City Architect, in accordance with proposition No. 2 of the above named Ordinance. The cost of this school is estimated at \$600,000.00.

Also plans and estimates of cost for a Juvenile Detention Home in accordance with proposition No. 3 of the above named Ordinance, and prepared by the City Architect, and estimated to cost \$160,000.00.

Respectfully submitted.

MARSDEN MANSON,
City Engineer.

Plan—

A "Class A" thoroughly fireproof building or buildings to be constructed on the present site, the property of the City and County of San Francisco, described as follows:

"Commencing at a point on the northerly line of Carl street 269' 4" westerly from the corner of Carl and Willard streets, continuing thence westerly along said northerly line of Carl street 462' 6"; thence at right angle northerly 100 ft.; thence at right angle westerly 1' 8"; thence at right angle northerly 175 ft. to the southerly line of Frederick street; thence at right angle easterly along said southerly line of Frederick street 506' 5"; thence at less than right angle southerly 278' 5" to the northerly line of Carl street and the point of commencement. The whole being a portion of Western Addition Block No. 740."

Said building or buildings to provide sufficient space for the proper instruction of the different trades and handicrafts of at least one thousand students.

Said plan to be so arranged and the fundamental parts thereof built of such proportions that the school may readily be enlarged in future years to accommodate fifteen hundred to two thousand students.

The estimated cost of construction of said building or buildings is six hundred thousand dollars (\$600,000.00).

San Francisco, April 28, 1909.

Juvenile Detention Home.

Mr. Marsden Manson, City Engineer of the City and County of San Francisco.

Dear Sir: There is herewith submitted to you for transmission to the Board of Public Works, a descriptive plan and estimate of cost for the Juvenile Detention Home, being "Proposition No. 3" of Declaratory Or-

dinance No. 757 (New Series), of the proposed bond issue.

Yours very truly,

NEWTON J. THARP,
City Architect.

Proposition No. 3.

Plan:

A "Class A" thoroughly fireproof building to be constructed on a site of land described as follows:

"Commencing at a point on the westerly line of West Mission street 206 feet 1 inch from the southerly side of Herman street; thence westerly at right angles 137 feet 6 inches; thence southerly at right angles 137 feet 6 inches; thence easterly at right angles 137 feet 6 inches to the westerly line of West Mission street; thence northerly along said westerly line of West Mission street 137 feet 6 inches to the point of beginning. Being portion of Mission Block No. 21."

Said building to be arranged for the purposes of a Juvenile Court Building and Detention Home, and to contain in the matter of general description, a Juvenile Court, general offices, kitchen, dining rooms, dormitories, isolation rooms for boys and girls, reading rooms, school room, wards for the sick, carpenter shop, laundry, gymnasium, baths, store rooms, and other offices necessary to the proper carrying on of the business of such a building.

The estimated cost of construction of said building is one hundred and sixty thousand dollars (\$160,000.00).

Telegraph Hill Park, Potrero Park, Aquatic Park, Bay View Park, Playgrounds, and Glen Park.

San Francisco, May 9, 1909.

The Honorable the Board of Public Works of the City and County of San Francisco.

Gentlemen: In compliance with Ordinance No. 757 (New Series), approved April 29, 1909, I submit herewith appraisements of properties as required in propositions Nos. 4, 5, 6, 7 and 8, of the above named ordinance.

Proposition No. 4.

The acquisition of lands on Telegraph Hill to be used as a public park.

The appraised value of all of the lands and improvements which it is now proposed to acquire is \$372,900.00. But as it may not now be necessary to acquire all of these areas, certain properties, as suggested by the various committees and individuals most interested in the matter, may be omitted. These temporary omissions will reduce the above figure by approximately

\$120,000.00, or to \$253,000.00. The acquisitions to be secured under this reduction preserve the hill from further encroachments, and permit the proposed bond issue to remain approximately at the figure originally suggested, should this be the judgment of the Honorable, the Board of Supervisors.

Proposition No. 5.

The acquisition of lands in the Potrero District in the vicinity of Kansas, Twentieth, Connecticut and Army streets, to be used as a public park.

In the region of this site an area covering 16 city blocks is appraised at \$392,856.00, which sum is somewhat within the figures tentatively suggested. It is therefore reasonable to fix the proposed bond issue for this purpose at \$400,000.00.

This proposition can be modified without serious detriment to the site by omitting either four (4) blocks or eight (8) blocks.

By the first omission a deduction from the above figure of \$142,000.00 may be made, leaving \$258,000.00 for 12 blocks. By the second omission of eight (8) blocks a deduction of \$240,000.00 may be made, leaving \$163,000.00 for the remaining eight blocks, which area is very slightly built up and contains an area suitable for grading as a public playground.

The areas omitted in the above suggestions are those most built up and occupied.

Proposition No. 6.

The acquisition of lands in the vicinity of Van Ness avenue at its northerly termination to be used as a public aquatic park.

The entire area suggested for this proposition will require Blocks 33, 34, 35, 37, 106 and 107, Western Addition, and Block 288 of the Fifty Vara Survey. The appraisement for this entire area, omitting state property to the north, is \$796,000.00.

But by the omission of the south half of blocks 37 and 33 and all of 288, a reduction of \$304,000.00 may be made, leaving \$465,000.00 for an area of six (6) blocks, one of which is in the state ownership and omitted in this appraisement.

Proposition No. 7.

The acquisition of lands in the Bay View District in the vicinity of Railroad avenue and 32nd avenue South, to be used as a public park.

Two properties available for this proposition were carefully examined near the vicinity named in the ordinance. Either of these sites meet the requirements. The first aggregates some eight or nine acres and the second about eleven. The appraised value of either site is \$60,000.00, and each

offers advantageous grounds for games.

Proposition No. 8.

The acquisition of lands in the vicinity of Elizabeth, Sanchez, 24th and Noe streets; in the vicinity of 19th, 20th, Iowa and Pennsylvania; and in the vicinity of 18th, Dolores, 19th and Guerrero streets, all to be used as public playgrounds.

(a) Lands in the vicinity of Elizabeth, Sanchez, 24th and Noe. Properties in this vicinity are quite closely built up. But a suitable area is available at an appraised value of \$171,950.00.

(b) In the vicinity of 19th, 20th, Iowa and Pennsylvania streets: The most available site in this vicinity is appraised at \$46,000.00.

(c) In the vicinity of 18th, Dolores, 19th and Guerrero streets: All sites in this vicinity are quite closely built up. Four alternative sites in this vicinity were appraised as follows:

(1) 555 x 520.....	\$490,600.00
(2) 455 x 520.....	366,850.00
(3) 455 x 420.....	252,750.00
(4) 500 x 280.....	200,000.00

It is within the province of the Honorable, the Board of Supervisors to determine in their judgment which of the above propositions to combine with (a) and (b) of \$172,000.00 and \$46,000.00 respectively.

Proposition No. 9.

RELATIVE TO THE ACQUISITION OF A MUNICIPAL WATER SUPPLY.

The following communication was presented and on motion of Supervisor Johnston, read and ordered entered at large in the Journal:

Communication From the City Attorney Relative to Recent Act of Legislature Providing for the Organization of Municipal Water Districts.

City Attorney, San Francisco, May 17, 1909.

Board of Supervisors.

Gentlemen:—Your attention is respectfully directed to an Act of the last Legislature entitled "An Act to Provide for the Incorporation, Organization and Management of Municipal Water Districts."

This authorizes the organization of Municipal Water Districts by any two or more municipalities within the State for the purpose of acquiring and developing sources of water supply for the use of the municipalities within the district. It does not in any way conflict with the ownership or operation of the distributing systems of the respective municipalities, but on the other hand will aid each municipality in the acquisition of its own distributing system by relieving it of the expense of developing the sources of supply.

I believe action under this Act would meet with the hearty approval of the people of San Francisco at this time as it enables this city to cooperate with the cities around the bay in the development of a mountain source of water supply, and, as the indebtedness to be incurred by the district for this purpose is no part of the municipal indebtedness of the cities composing the district, the bonding capacity of this city is not jeopardized.

It is a matter of common knowledge that the limit of the resources of the water companies now engaged in supplying the cities around the bay is about reached and it is absolutely necessary that some immediate action be taken by the transbay cities towards making public ownership a certainty in the matter of water supply to the end that the growing demands of these communities can be met.

The notes of warning issued by the Spring Valley Water Company to the Board of Supervisors of this City within the past month calling attention to the consumption of water in excess of what it can supply, and the action of the People's Water Company of Oakland, within the past week, in calling upon their local bankers to assist in the management and extension of their company to meet the increasing wants of the transbay cities prove the need of speedy action.

The policy of the City and County of San Francisco has been definitely fixed by this and previous Boards of Supervisors in the matter of declaring for a municipal water supply. This policy was heartily endorsed and approved by the people of San Francisco at an election held November 12, 1908, when, by an overwhelming vote of over six to one the Hetch Hetchy plan for a Sierra supply of water was adopted.

In conversations with those whose business it is to handle public securities I have learned that bonds issued by a district, such as contemplated by this act of the legislature, would prove most attractive and the general plan has been enthusiastically approved by all of those so engaged with whom I

have discussed this matter. The plan offers better prospects for obtaining the money necessary for its consummation than any that could be offered to the municipalities that might become interested for the reason that those municipalities are engaged in promoting public improvements that call for large outlays, and an added burden for each one in the matter of a municipal water system which might compel the paying of a heavy premium for the necessary cash advanced would prove highly onerous.

It is not possible at this time to go into details but the difference in cost in the matter of interest between what it would cost the district and what each municipality would have to pay can be easily ascertained and I am assured that such difference would be considerable.

It is well known to those who have studied the water situation around the bay that the various companies engaged in that work, in their desire to stifle competition, have secured and control large acreages which in one broad, comprehensive scheme could be made useful to a district plan, thus tending to a more economical development and a greater permanency of supply for any one management. This would naturally tend to economy and the highest possible efficiency following the now thoroughly demonstrated theory that the concentration under one management insures economy of operation and a corresponding increase in the value of properties involved.

The plan contemplated by the Municipal Water District Act has in mind, as its title would imply, the joint action of two or more communities desirous of public ownership in the matter of their water supply. The act provides a complete scheme of organization and administration depending upon the will of the voters as expressed at the polls. The scheme is complete in every detail, being modeled, so far as its application to California is concerned, largely upon the lines of the act permitting the organization of irrigating districts, which act has been sustained by the supreme court of the state of California in its entirety.

I am confident that this Act is entirely valid and will be so declared by the courts of this State if it should ever be tested.

It is unnecessary at this time to suggest to you any plan which I might have in mind for that would be a matter of policy for your honorable Board to initiate if in its wisdom it felt so inclined.

I take what is possibly an unusual liberty in suggesting to your Board a matter of policy which is outside of the line of my duties as your legal adviser but offer as an excuse the fact

that I have studied the water situation from every angle and feel that I am sufficiently informed to be able to be of some assistance to you at a time when the situation demands it.

Trusting that my intrusion into affairs of policy will not be considered impertinent and assuring you of my hearty willingness to co-operate with you at any time that you may deem me of sufficient assistance to you I am,

Very respectfully yours,

PERCY V. LONG,

City Attorney.

The following Resolution was *passed for printing*:

Extension of Time, Construction of Mission Grammar School Building.

On motion of Supervisor Rixford: Resolution No. — (New Series), Granting the Kittle Construction Company an extension of 100 days' time from and after June 7, 1909, within which to complete contract for the general construction of the Mission Grammar School building.

This extension of time is granted for the reason that the contractor has been delayed by the elements and other matters entirely beyond his control.

Adopted.

The following Resolution was *adopted*:

Clerk to Prepare and Cause to Be Distributed Circulars Containing Information of Proposed Bond Issues.

On motion of Supervisor Giannini: Resolution No. 3889 (New Series), as follows:

Resolved, That the Clerk be and he is hereby authorized and directed to prepare and cause to be printed circulars containing information for voters relative to the propositions to be submitted to the electors at Special Elections on June 22nd and June 24, 1909.

Further Resolved, That the Board of Election Commissioners be and is hereby requested to mail to each voter one of said circulars when mailing other election data.

Indefinite Postponement.

The following Bill heretofore passed for printing and referred to the Joint Committee on Public Utilities and Streets was taken up and on motion of Supervisor Giannini *indefinitely postponed*:

Pole and Wire Bill.

Bill No. 273, Ordinance No. — (New Series), entitled, "Prohibiting the erection or maintenance of poles and overhead electric wires within certain prescribed limits, providing for the placing of electric wires and conductors underground within certain limits of the City and County of San Francisco, and for the removal of all overhead wires and conductors within said limits and all poles and contrivances used for supporting the same."

Passed for Printing.

The following matters were *passed for printing*:

Amending Order No. 214, Relative to Grounding of Overhead Wires by Providing Two New Underground Districts and for the Establishment of Future Underground Districts.

On motion of Supervisor Giannini: Bill No. 907, Ordinance No. — (New Series), entitled, "Amending order No. 214 (Second Series), entitled, 'Providing for the placing of electrical wires and conductors underground in the City and County of San Francisco,' approved August 23, 1899, by adding thereto a new section to be numbered Section 1-A, providing for two additional underground districts, to be known as Underground Districts No. 5 and No. 6, by amending Section Two thereof providing for the removal of poles and wires from Underground

Districts Nos. 1, 2, 3, 4, 5 and 6, and by adding a new section thereto to be numbered Section 2-B, providing for the establishment of future underground districts."

Ordering Street and Sewer Work.

On motion of Supervisor Center:

Bill No. 908, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the following work, to wit: that a 12-inch iron-stone pipe sewer, with appurtenances, be constructed along the center line of States street from Castro to the second angle point in said center line westerly from Castro street; that Twentieth avenue, between Lake and Clement streets be improved by constructing artificial stone sidewalks thereon, and that the angular corners of the crossing streets on Point Lobos avenue from the easterly line of First avenue to the westerly line of Eleventh avenue be improved by constructing granite curbs, the expense thereof to be assessed on private property.

Fixing Width of Sidewalks, Certain Streets.

Also, Bill No. 909, Ordinance No. — (New Series), entitled, "Amending Ordinance No. 1061, entitled, 'Regulating the width of sidewalks,' approved December 18, 1903, by adding thereto new sections to be numbered three hundred and six to three hundred and fourteen inclusive," the provisions of which fix the width of certain streets in the Academy Tract at eight feet.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following Resolutions were introduced under suspension of the rules and adopted:

Mayor to Appoint Committee to Consider the Matter of Changing Names of Streets and Districts.

On motion of Supervisor Center:

Resolution No. 3890 (New Series), as follows:

Whereas, The Committee on Streets is fully occupied in the consideration of matters demanding immediate attention, and finds it practically impossible to give the necessary hearing involved in considering the changing of the names of streets and districts; therefore be it

Resolved, That the Mayor be requested to invite two or more interested citizens to act in conjunction with a representative of the Board of Public

Works, a delegated Postoffice Official, and one or more members of the Board of Supervisors in fully considering the matter, and in reporting to this Board their recommendation. The commission to serve without cost to the city.

IN MEMORY OF NEWTON J. THARP, CITY ARCHITECT.

The following Resolution was read by Supervisor Murdock and on his motion adopted by rising vote:

Resolution No. 3891 (New Series), as follows:

Whereas, It is fitting that public recognition be made of the loss which the City has sustained since our last meeting, and permanent record should be made of the estimation in which a faithful official is held by his associates; therefore be it

Resolved, That the members of the Board of Supervisors express their sincere grief at the sudden death of Newton J. Tharp, who has rendered most valuable service as City Architect, and who met the end while absent from the State in the discharge of his official duty through investigating the most advanced methods of hospital construction, that he might give to us the absolutely best. Mr. Tharp was a man of natural ability, accomplished in his profession, who gave himself unreservedly to his official duties. Called to a position demanding responsibilities rarely imposed upon a City Architect and involving unremitting and exacting effort, he took up his work in a spirit of calm determination, lighted by a genuine enthusiasm, and carried it speedily forward with marked ability and conspicuous success. The amount of work he did will never be known. What would have been his monument will be largely shared with those who will be called upon to complete his plans, but those who were near him know his assiduity, his skill and his lofty purpose. Honorable, straightforward, courteous—he was a gentleman, and won our regard with our admiration. We can but express our sense of loss, and bear tribute to our respect for his attainments and his character, and our affectionate memory of his kindly personality.

Further Resolved, That when we adjourn we shall adjourn in respect to his memory.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hooks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

APPRECIATION OF CHARACTER AND SERVICES OF NEWTON J. THARP.

Supervisor Giannini addressed the Board as follows:

The announcement of the death of Mr. Newton J. Tharp so overwhelmed us with sadness and surprise that the ordinary forms of expression seemed to lose their significance. None of us can fail to realize that a most momentous and mysterious Providence has been manifested in our midst.

At a moment when almost more than ever before in the history of our city San Francisco's rehabilitation seemed to all human sight to be inseparably associated with the character and conduct and capacity of our City Architect, Newton Tharp was summoned from his post and withdrawn forever from the sphere of human existence. Those of us who knew him looked to him with devotion and confidently relied upon him to assist us, in not only restoring our beloved city to its former self, but to build it greater and better than before.

There was an inflexible integrity in his public conduct, and indescribable fascination in his conversation, a quickness of perception, a rigor of deduction, a devotedness and directness of purpose, a dignity and simplicity in his deportment—all of which made up a character that we cannot fail to contemplate and admire. His death created a sensible gap in our administration. There is in this community a pre-eminent and privileged grief for his immediate family, a great sorrow amongst his office staff, who loved him dearly, and the people of this city have been called upon to feel and bear witness that they have sustained a most afflictive municipal bereavement.

The life of Mr. Tharp, though not full of years, was full of honor; yet he died at the very threshold of his greatest achievement, and at a time when he was rendering services which we thought no other man could perform. Our regrets for his family, ourselves and our city are deep, strong and unfeigned, and in the language of the orator "he should have died hereafter."

Supervisor Murphy and his Honor Mayor Taylor also addressed the Board and in feeling terms alluded to the high character and noble qualities of the late City Architect and both bore testimony of the great work he had accomplished for the city and the loss sustained by his death.

Adopted.

The following Resolution was introduced under suspension of rules and adopted:

Supervisor Johnston Appointed to Fill Vacancy on Public Utilities Committee Caused by Resignation of Supervisor Giannini.

On motion of Supervisor Payot:

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

FRIDAY, MAY 21, 1909.

In Board of Supervisors, San Francisco, Friday, May 21, 1909, 8 p. m.

The Board of Supervisors met pursuant to adjournment.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Booth, Broderick, Catter, Connolly, Jennings, Johnston, McLeran, Murdock, Murphy, Payot—10.

Quorum present.

His Honor Mayor Taylor being ab-

sent, Supervisor Murdock was called to the Chair.

READING THE JOURNAL.

On motion the reading of the Journal of the previous meeting was dispensed with.

Announcement.

The Chair announced that the purpose of the meeting was to hear taxpayers of the City and County on the Budget of the fiscal year 1909-10, before finally determining the same, and directed the Clerk to read the report of the Finance Committee thereon.

REPORT OF THE FINANCE COMMITTEE OF THE BOARD OF SUPERVISORS ON BUDGET OF MUNICIPAL EXPENDITURES FOR FISCAL YEAR COMMENCING JULY 1, 1909-10.

To the Board of Supervisors of the City and County of San Francisco—Gentlemen:

Your Finance Committee to whom were delegated by Resolution No. 3710 (New Series), the task of preparing and submitting to your Honorable Board a Budget of municipal expenditures for the fiscal year 1909-10, begs leave to present herewith said Budget, and in relation thereto to report as follows:

The Budget submitted is based upon an estimated assessment roll of four hundred eighty million dollars and upon revenue to the extent of approximately two and three quarter million dollars derived from sources other than taxation.

Last year's Budget was framed upon an assessment roll of four hundred fifty million dollars, realizing \$4,500,000 in taxes under the dollar limit, and upon revenue of over three million dollars from other sources.

It will then be seen that the increased revenue derived from the higher assessment roll of 1909-10 will be practically offset by the loss in other revenues.

This loss is caused mainly by the repeal of the slot machine license in effect July 1, 1909, by the comparatively small surplus to be carried over, and by the failure to realize on the so-called grocers' sealed package license, now in litigation.

The Committee was thus confronted with the problem of meeting increasing expenditures with stationary revenues.

As stated in our report of last year it is practically impossible to provide for reconstruction work or improvements under the dollar limit and extremely difficult to even provide for and conduct the current affairs of the City within this margin.

We find it necessary to recommend extra tax levies this year for streets, sewers, buildings and sanitation and in the opinion of your Committee such a course will be necessary for several years to come in order to rehabilitate the City, unless the assessment roll increases greatly or the other revenues amplify beyond all present expectations.

For example the only constructive appropriation made in the Budget, within the dollar limit this year, is one of \$40,000, for the Mission Street Viaduct and this amount is obtained from the surplus.

Last year the attention of the Board was called to the fact that more than one million dollars which would ordinarily be devoted to improvements would thereafter be used in payment of increased salaries and current expenses, due to the adoption by the people of amendments to the Charter and to the then prevailing conditions. One million dollars today means an extra tax of twenty-one cents.

The Finance Committee therefore in submitting its recommendations for extra tax levies does not do so in an apologetic sense, but only by force of circumstances over which neither themselves nor the Board have any control.

It might be well to state at this time to the heads of departments that knowing well as they do the fiscal difficulties under which the City is laboring, they should not pad their estimates in excess of actual needs, nor should they when once departmental appropriations have been made, continually use the Board as a buffer when requests are made of them by the public for services within their appropriations.

Appropriations Within Dollar Limit, and From Sources Other Than Taxation.

Under the dollar limit of taxation and from revenues derived from sources other than taxation, there is appropriated in the Budget presented by the Finance Committee, the sum of \$7,557,468, divided as follows:

General Fund	\$5,857,168
Firemen's Relief and Pension Fund.....	44,000
School Fund	1,584,300
Library Fund	72,000

Total	\$7,557,468
--------------	--------------------

Within the General Fund, the principal items are as follows:

POLICE DEPARTMENT, Salaries and Expenses.....\$1,388,588

This appropriation enables the employment of thirty additional patrolmen, efficient maintenance of the mounted police and the patrol wagon service and also the police launch.

FIRE DEPARTMENT, Salaries, Maintenance and Apparatus.....\$1,262,400

This appropriation is increased over that of last year to the extent of \$67,440, by reason of the placing in commission of the two new fire boats and the establishment of new fire houses.

HEALTH DEPARTMENT, Salaries and Expenses of General Office..\$ 87,180

This appropriation is \$6760 in excess of last year, due to appointment of additional inspectors and some slight increases in salaries given for efficient service.

CITY AND COUNTY HOSPITAL, Salaries and Maintenance.....\$ 165,000

This appropriation is \$40,000 greater than that made in the last Budget, but inasmuch as it was found necessary to supplement the fund during the year from the Urgent Necessities appropriation in order to fulfill the paramount obligation of properly caring for the sick poor of the City, the Committee believes this sum to be the least that should be given.

RELIEF HOME FOR AGED AND INFIRM, Salaries and Maintenance

\$ 175,000

This amount is \$10,000 greater than allowed last year, but is absolutely needed for the maintenance of the fourteen hundred inmates, now that the relief supplies heretofore available are being rapidly consumed.

EMERGENCY HOSPITALS, Salaries and Maintenance.....\$ 59,600

While this amount is greater by \$11,780 than last year, it is necessary by reason of the opening of the new Mission Hospital.

DEPARTMENT OF ELECTIONS, Salaries and Maintenance.....\$ 125,000

This appropriation is the same as last year and is deemed ample to conduct the general affairs of the department and also to provide for primary and general elections throughout the year.

SUPERVISORS

Compiling and Printing Public Documents.....\$ 10,000

This sum is \$5000 in excess of last year's appropriation, but will be required by reason of the increasing circulation of the "Municipal Record" and by the necessity of printing new ordinance, franchise and other books.

Official Advertising\$ 32,500

This appropriation is \$2500 in excess of that made last year, but is required by reasons of the constant increase of notices of street and building work requiring publication.

Stationery, Books and Printing\$ 40,000

This amount is \$4000 more than the allowance of last year, but is absolutely necessary by reason of the great increase of official business and by the greater activities under the bond issue.

Urgent Necessities\$ 100,000

The experience of the past has demonstrated that this fund has been the safety valve of the City, many unforeseen emergencies arising during the year, and hence prudence dictates that the full allowance should be made.

Rent of Buildings\$ 100,000

This amount is required annually to meet rental charges of the City and incidental equipment, until departments are housed in municipal buildings.

Water for Hydrants\$ 130,500

This sum is \$10,500 in excess of the appropriation made last year, and is granted at the earnest solicitation of the Chief of the Fire Department in order to enable the installation of 350 new fire hydrants, which when installed will make a total of 4350 in use.

Maintenance of Minors in Non-Sectarian Institutions.....\$ 75,000

Although this appropriation is \$15,000 more than that made in the last Budget, it was found necessary during the year to supplement the fund and it is therefore requisite to make adequate provision for the needs of the future.

Juvenile Home and Probation Officers.....\$ 20,000

\$12,000 of this amount is to be devoted to payment of salaries of probation officers and \$8000 for the maintenance of the home. While the amount appropriated is not as great as the Committee would like to recommend, it is all that can be allowed this year and at that is \$15,000 more than the Budget allowance of last year.

Lighting Streets and Public Buildings.....\$ 340,000

This sum is \$15,000 in excess of the last Budget appropriation and \$9000 more than the supplemented fund. It is believed that this appropriation, the largest ever given in the City's history, will ensure adequate lighting facilities and enable the Company to make necessary extensions in the outlying districts.

ASSESSOR, Salaries and Expenses\$ 100,200

\$5000 additional is allowed the Assessor this year for salaries of poll tax collectors, whose labors the Assessor promises will more than repay the outlay by the City.

RECORDER, Salaries and Expenses.....\$ 73,400

\$65,000 of this amount has been appropriated to salaries of copyists, which amount in the opinion of the Finance Committee is ample to meet the requirements of the office.

TAX COLLECTOR, Salaries.....\$ 67,300

The Budget of the Finance Committee allows the full Charter appropriation of \$36,000 for extra clerks in the expectation of more adequate field service being rendered in the future in matter of collection of licenses.

COUNTY CLERK, Salaries\$ 101,800

An additional appropriation of \$6000 has been made in this Budget to permit of the retention of five copyists added to the force during the year.

SHERIFF'S DEPARTMENT, Salaries.....\$ 92,600

The sum of \$3000 over the last Budget appropriation is recommended in order to retain the services of the additional road guards and the druggist appointed during the year.

Expenses\$ 2,200

Subsistence 41,000

The above items are practically the same as last year and are deemed ample for the proper maintenance of the Jails.

DEPARTMENT OF ELECTRICITY, Salaries and Maintenance and Equipment\$ 74,820

The sum allowed is \$14,820 more than last year, \$6,820 thereof covering salaries of additional employes, \$3,000 transportation expenses and \$5,000 the purchase of new equipment.

PLAYGROUND COMMISSION\$ 35,000

The amount appropriated is \$15,000 in excess of last year, but will be required for the proper equipment and maintenance of the North Beach and Harrison street playgrounds.

MISSION STREET VIADUCT\$ 40,000

The vital necessity of this important improvement is at once apparent. The wooden bridge now spanning Mission street over Islais Creek was constructed by the Ocean Shore Railway Company with the intention of its being replaced with a permanent viaduct within two years. That period has long past and repeated notices have been served upon the members of the Board and upon the Finance Committee of the dangers attendant through the maintenance of the temporary structure.

Plans have been drawn by the City Engineer for a substantial viaduct, satisfactory to the United Railroads and to the Ocean Shore Railway Company and said companies have agreed to respectively contribute \$50,000 and \$10,000 to the building thereof.

DISTRICT ATTORNEY, Extraordinary Expenses.....\$ 20,000

Seventy thousand dollars was allowed the District Attorney last year for the detection and prosecution of crime and of this sum approximately \$50,000 has been expended for these purposes.

The reasons which led the Board to appropriate the moneys at that time are just as cogent to-day.

BOARD OF PUBLIC WORKS, Salaries.....\$ 233,580

This amount exceeds by \$9380 the allowance of last year, the increase being due to making provision for additional building inspectors to the extent of \$5500 and for additional janitors to the extent of \$5380. Decreases have been made in the salary roll of the City Architect's office and of the Corporation Yard.

CLEANING, SWEEPING AND SPRINKLING STREETS.....\$ 262,000

This appropriation is \$12,000 more than was allowed last year and while the Committee would gladly recommend a higher appropriation the condition of the funds will not permit.

SCHOOL FUND.

SCHOOL DEPARTMENT, Salaries, Maintenance and Equipment...\$1,584,300

This total appropriation is less by \$16,500 than that made in 1908-9 and is recommended with the distinct understanding that no increase in salaries shall be allowed during the coming fiscal year, nor shall any curtailment of the present school facilities be permitted with the consent of the Finance Committee, and furthermore, that no increased salaries shall be paid for outside experience from the surplus of the present fiscal year.

The Supervisors last year made the School Board the most liberal appropriation ever given in the history of the department, in the expectation of the allowance for salaries being used in large part for the opening of new class rooms. This policy was not followed by the Board of Education, who,

when the funds were under their immediate control promptly increased all the salaries in the department.

The average salary of the primary and grammar school teacher is \$93 per month and that of the high school teacher \$165 per month.

While the Finance Committee has no objection to the payment of liberal salaries, it is of the opinion that the high school teachers' salaries are out of all proportion to the salaries of other teachers of the department, and especially so when the figures given by the Board of Education show that while it costs approximately \$37 per year *in salaries* to educate a primary or grammar school pupil, it costs approximately \$78 per year *in salaries* to educate a high school pupil, and, moreover, this service covers less than two hundred days a year.

In view of these facts the Finance Committee has recommended in its Budget a reduction of fifteen per cent in the total high school salary roll of \$190,000, leaving the appropriation \$161,000. The Committee is not concerned with individual salaries, that being a matter solely within the control of the Board of Education, but deals only with the aggregate appropriation.

LIBRARY FUND\$ 72,000

While a two-cent levy was allowed last year for the purpose of establishing a branch library in the Park Panhandle, such necessity does not exist this year and hence the minimum levy of $1\frac{1}{2}$ cents is fixed.

Appropriations Outside the Dollar Limit.

PARK FUND\$ 336,600

The customary maximum rate of 7 cents permitted by the Charter has been allowed the Park Commissioners for the maintenance of parks, squares, public grounds and avenues, including the maintenance of Sloat and Junipero Serra boulevards.

BOND REDEMPTION AND INTEREST FUND, Issue of July 1, 1904.\$ 542,000

There will be outstanding on July 1, 1909, under the old bond issue the sum of \$3,211,300 and the amount appropriated in the Budget, together with the balances at credit in the Treasury, will be required for interest and redemption in 1909-10.

BOND INTEREST FUND, Issue of July 1, 1909.....\$ 461,000

The City has contracted obligations to the extent of \$8,680,000 under the new bond issue for public improvements and the necessary interest for 1909-10 must be provided.

The Finance Committee has obtained advices from the City Architect and from the City Engineer as to the probable needs for bond issue schools, public buildings, sewers, etc., for 1909-10 and as the result of careful computations made in said matters recommends an appropriation of \$461,000 for bond interest for this issue.

WATER SUPPLY BOND REDEMPTION AND INTEREST, Issue of

January 1, 1909'\$ 195,000

It is proposed to sell \$240,000 water supply bonds of the six hundred thousand dollar issue on or after May 24, 1909, and provision must be made for the payment of interest thereon and for the redemption of the first series of \$100,000 falling due January 1, 1910.

The Finance Committee estimates that but \$5000 in interest will be required and so recommends.

Extra Tax Levies.

The impossibility of providing for new improvements and rehabilitation within the dollar limit and the necessity for the upkeep of streets, sewers, buildings and sanitary measures renders it obligatory upon your Committee to recommend the following extra tax levies for 1909-10:

For streets, sewers and buildings other than school buildings..	\$210
For fire houses035
For repairs to school houses.....	.025
For police houses020
For sanitary measures010

Total	\$300
-------------	-------

It is the intention that all public improvements made during the ensuing fiscal year shall be apportioned from the proceeds of the extra tax levies through monthly budgets, which course by following the one-twelfth provision of the Charter will enable a proper distribution of the work.

Statement Showing Estimated Receipts and Expenditures and Proposed Municipal Tax Levy.

The Budget recommendations made by the Finance Committee are based upon the following estimated receipts and expenditures and indicate tentatively the following municipal tax levy, which levy, however, should the assessment roll be increased over the Assessor's present estimate, may be somewhat reduced, to wit:

	Expenditures.	Receipts from sources other than taxation.....	Receipts from taxation	Tax levy on estimated assessment roll of \$480,000,000.

CONCLUSIONS.

In concluding its report the Finance Committee desires again to emphasize the fact that the revenues of the City have not increased proportionately with the expenses and that the question of devising ways and means of increasing the income to avoid the constantly recurring special tax levies will be a proper subject for your legislative consideration in the immediate future.

Respectfully submitted,

THOS. JENNINGS,
D. C. MURPHY,
ALLAN POLLOCK,

Finance Committee, Board of Supervisors.

Read by Clerk.

Whereupon, Supervisor Jennings presented the following:

BUDGET OF MUNICIPAL EXPENDITURES FOR FISCAL YEAR COMMENCING JULY 1, 1909, AND ENDING JUNE 30, 1910, RECOMMENDED BY THE FINANCE COMMITTEE TO THE BOARD OF SUPERVISORS ON MAY 21ST, 1909.

PUBLIC HEARING ON BUDGET.

The Clerk proceeded to and read the items constituting the Budget, the Chair requesting all interested to speak to said items as read.

Edmund Godchaux, County Recorder, addressed the Board, stating that the amount allowed his department was insufficient for its maintenance at a proper degree of efficiency, but that he realized the difficulties the Finance Committee had to contend with and was not complaining, providing he was granted relief by the Committee whenever he should appear before them as the necessities of his office arose.

Chas. Skelly, Secretary of the Board of Police Commissioners, also addressed the Board and thanked the Finance Committee for the consideration shown the Police Department. He stated that he realized the difficulties under which the Committee labored and that the Department would make the most of the allowance made for its maintenance.

George Renner, representing the Draymen's Association, requested that of the appropriation of \$1,008,000 out of the General Fund for streets, sewers and public buildings, \$600,000 be set aside for street work, \$180,000 for sewers and the remainder for con-

struction and repair of public buildings.

Chas. Day, President of the Board of Public Works, opposed any such segregation of the items as requested by Mr. Renner, stating that the Board of Public Works was satisfied with the appropriation as made by the Finance Committee.

Chas. Nelson, representing South San Francisco property owners, addressed the Board, requested an appropriation for the improvement of 15th avenue South, which he said was the only outlet to the district which he represented and at present was in a deplorable condition.

Theodore Pinther, representing the Glen Park Improvement Association, requested that provision be made in the budget for the construction of a culvert in the Glen Park District.

Dr. J. Baumeister, requested that an appropriation be made for the parking of the southerly end of Dolores street.

Dr. F. Crowley also addressed the Board, stating that the property owners on Dolores street, between Seventeenth and Twentieth streets, have spent over \$100,000 in improvements, but that the failure of the City to continue the work of parking said street has left it in a wretched condition.

E. J. Pringle, Secretary of the Ju-

venile Detention Home, addressed the Board objecting to the appropriation for salaries of probation officers. He stated that \$15,300 was required in order to carry on the work properly and that the \$12,000 allowed was insufficient.

J. C. Astredo, member of the Playground Commission, also favored a larger appropriation for the probation officers and presented a communication from the North Beach Improvement Association to the same effect.

Norman Hall, representing the Mission Heights and Church Street Improvement Association, addressed the Board requesting an appropriation for the construction of a sidewalk around Mission Park and for grading streets in vicinity of said Park.

Willard Hatch, Chief Probation Officer of the Juvenile Detention Home, stated that eleven probation officers were necessary for the proper maintenance of the Juvenile Detention Home, and that if the Committee could not supply the funds he himself would subscribe to a fund for the purpose and try and raise the remainder by popular subscription.

J. Gilster, probation officer, also addressed the Board, calling attention to the good work being performed by the Juvenile Detention Home.

Action Deferred.

Supervisor Jennings moved that action on Bill 910 be deferred until the next meeting.

So ordered.

ADJOURNMENT.

There being no further business the Board at the hour of 10:45 o'clock adjourned.

Communication from the City Engineer with Appraisement on Plant of County Line Water Company.

The following communication was received, read and ordered *referred to the Public Utilities Committee*:

San Francisco, Apr. 20, 1909.

To the Honorable the Committee on Public Utilities.
Gentlemen:

In compliance with your letter of March 15, 1909, I submit the following appraisement of the properties of the County Line Water Company in the Reis Tract, in the southeast part of this City and County. An appraisement of this property cannot be made without full consideration of the conditions and circumstances which called it into existence; the functions for which it was constructed and what part of these functions it has fulfilled; and, what new service it is called upon to give, and the cost of such service under existing conditions.

About 1902-3 the Reis Tract was subdivided into lots by Mr. T. B. Potter. There was no water supply, but as the Crystal Springs main passed through the property Mr. Potter apparently assumed that if pipes were laid, connections with that main would be made.

Two-inch black iron dipped pipes were therefore laid in shallow trenches throughout the tract and aggregating some 8.8 miles in length. Failing to connect with the Crystal Springs main four wells were bored on property controlled by the owner on Leland avenue between Milliken and Desmond streets. These wells are about 135 feet deep three are 10 inches in diameter and are not used, one is 20 inches in diameter with which the pumps are connected and which supplies all the water. Boilers, pumps and buildings were erected, and an 8-inch double-riveted pipe of sheet steel laid to a concrete walled

reservoir at the junction of Oneta and Wilde streets, distant some 4700 feet having a capacity of some 500,000 gallons and with sufficient elevation to command the pipe system.

The lots were then sold, it being possible to represent to intending and actual purchasers that pipes were in front of each lot and water thereby available. The first junction of the water system was thus fulfilled, namely, to aid in the sale of lots and to attach that value to them which an available water supply gives. Having accomplished this function, the operation of the system became an obligation.

For some years this obligation was discharged at rates which apparently enabled the owners to operate the plant without serious loss. But later it became apparent that the rates must be the same as those fixed by ordinance of the Board of Supervisors. These rates do not, and cannot yield in so small a plant, a sufficient revenue to operate and maintain the plant, particularly since most if not all of the charges are at the rates fixed for small householders, and for the further reason that the plant was not constructed for this economic purpose.

Between the organization of the company and December 23, 1907, the deficiency in operating expenses over receipts aggregated about \$7000.00, of which deficiency \$2300 was incurred between May 1st, 1906, and December 23rd, 1907. (See letter of Mr. Potter of December 23, 1907.) This represents a deficiency of \$110.50 per month. It is apparent therefore that whatever be the value of the plant 5% income on an additional capital of \$26,000.00 is necessary to secure its operation upon an economic basis and that the plant, whilst doing business, has no value as a *going concern*. It is moreover apparent that as soon as these water works discharge the function which caused their construction, namely, the sale of the lots for homes, they became a source of expense and made it to the interest of the owner to dispose of them. There appears also an obligation on the part of the owners to continue to discharge the second function, viz., to supply water to the homes they have caused to be developed, although this cannot be done at legal rates and pay for the operation and maintenance of the plant. This obligation the city must assume if it purchases the plant, and assume it without the advantages and profits which have already accrued to the owners in the sale of the lots. The city in purchasing the plant will have to give to the properties furnished water thereby, all operating and maintenance expenses above the revenue which from Mr. Potter's letter, just referred to, amount to 5% interest on \$26,000.00 and which, in city owner-

ship, must come from some other source or the above sum must be set aside and invested for this purpose. For these reasons I do not recommend the purchase of the plant.

The plant was not, therefore, conceived, designed nor built for the economic purposes of furnishing a permanent water supply to the district, but for the purpose above set forth, and already accomplished. It consequently has no value as a *going concern*, and its value rests solely upon its real estate, buildings and the machinery, pipes, etc., in their present condition.

Real Estate—

The real estate consists of

(1) Lots 5 and 6, block 50, and alley way;

(2) Lots 1, 2, 58, 59 and 60, block 54;

(3) Lots 1, 2, 3, 4 and 62, block 30. On the first are the buildings and pumping plant;

On the second is a small reservoir which receives water from a small spring developed by a tunnel;

And on the third is the 500,000 gallon reservoir.

These lots are valued by several appraisers as follows:

Crocker Real

Estate Co...	Employed by	\$8475.00
Russell & Callan	Co. Line	9400.00
G. H. Umben..	Water Co.	9475.00
H. E. Chandler,	employed by	
City & County Attorney	6500.00
It will be safe, therefore to appraise the value of the real estate at		\$ 8,500.00

Buildings—

The buildings are appraised at	2,000.00
Boilers, pumps, etc, \$8,740.00, less 25% depreciation	6,555.00

Pipe—

The 2" pipe is apparently in fair condition; it has been in use since 1902-3. It was laid in shallow trenches and has been uncovered by washing away the soil in some places. Serious rust occurs only in short lengths connecting reducers, gates, etc. The life of pipe of this character is about 25 years. As second-hand material it is worth about 5c per foot, but it has a value if it is to be continued in use and is appraised at 50% of its cost as given in Mr. Morser's estimate.

46,500 feet 2" pipe at 12c	5,587.50
4,700 ft. 8" pipe, 67½c	3,172.50

Total	\$35,682.50

I submit herewith the correspondence and reports upon which the above appraisalment is in part based.

Respectfully submitted,
MARSDEN MANSON,
 City Engineer.

Section 2. This Ordinance shall take effect immediately.

Amendments Submitted.

Supervisor *McLeran* submitted the following amendments and moved the suspension of the rules for the consideration of an ordinance licensing nickel-in-slot machines, the receipts of which, he calculated, would offset the increased expenditures necessitated by the proposed amendments.

1. Amend the item in Section 1 of Bill, "Lighting Streets and Public Buildings," by striking out the figures \$340,000 and by inserting in lieu thereof the figures \$380,000.

2. Strike out the item under the caption of "Police Department, salaries of 30 additional patrolmen, \$43,920," and insert in lieu thereof the words and figures "Salaries of 60 additional patrolmen, \$87,840."

3. Amend the item "Plumbing Inspectors", under the caption of Health Department, by striking out the figures \$7920 and by inserting in lieu thereof the figures "\$8520".

4. Amend the item "Cleaning, Sprinkling and Sweeping Streets", in maintenance expenses under caption of Board of Public Works, by striking out the figures "\$262,000" and by inserting in lieu thereof the figures "\$300,000".

5. Amend Section 1 of Bill, under caption of Civil Service Commission, by adding thereto an item reading as follows: "For establishment and maintenance of a public employment bureau under the sole and exclusive jurisdiction of the Board of Civil Service Commissioners, \$5000."

6. Amend the item under caption of Health Department, "Emergency and Insane Detention Hospital, salaries surgeons, stewards, stewardesses, nurses, drivers and orderlies", by striking out the figures \$45,600 and by inserting in lieu thereof the figures \$—.

7. Amend the item "Salaries for Probation Officers", by striking out the figures \$12,000 and by inserting the figures \$15,300 in lieu thereof.

Motion lost by the following vote:

Ayes—Supervisors Broderick, Hocks, McLeran—3.

Noes—Supervisors Bancroft, Booth, Comte, Connolly, D'Ancona, Jennings, Johnston, McAllister, Murphy, Payot, Pollok, Rixford—12.

Absent—Supervisors Center, Murdock—2.

Privilege of the Floor.

Willard Hatch, Chief Probation Officer, obtained the privilege of the floor and addressed the Board, stating that the results obtained by the institution of the Juvenile Detention Home in this and other cities more than compensated for the cost of its maintenance by economies which it permitted in police and criminal departments of the city government. He requested

that sufficient money be provided to permit of the employment of the full quota of probation officers contemplated in the Act of the Legislature creating said institution.

Theodore Pinther, representing the Glen Park District, also addressed the Board requesting an appropriation for the construction of a culvert in the Glen Park District.

Passed for Printing.

Whereupon, Bill No. 910 was passed for printing by the following vote:

Clerk to Deposit in Treasury Amount Received as Percentage Due City on Gross Receipts of Sanitary Reduction Works.

Also, Resolution No. 3950 (New Series), as follows:

Whereas, On March 9, 1909, the Sanitary Reduction Works transmitted to the Board of Supervisors a check in the sum of \$328.64, the same being alleged to represent 2 per cent of the gross receipts for the period January 1, 1909, to March 9, 1909, of said Reduction Works arising pursuant to Order No. 2965 of the Board of Supervisors; and

Whereas, The Finance Committee of the Board of Supervisors claims and the City Attorney advises that said sum of \$328.64 does not represent 2 per cent of all receipts arising under said Order No. 2965, to which percentage the City and County of San Francisco is entitled under the terms of the grant; now, therefore,

Resolved, That the Clerk of this Board be and is hereby instructed to deposit said check with the Treasurer of the City and County of San Francisco as payment on account of said gross receipts, and this Board hereby declares that in so depositing said money the City and County yields no right to exact further sums of money for its share of percentages arising under said Order No. 2965 for the

period hereinabove mentioned, or for any year or years prior thereto.

Mayor to Lease Quarters in the David Hewes Building for Municipal Departments.

Resolution No. — (New Series), as follows:

Resolved, That his Honor the Mayor, for and on behalf of the City and County of San Francisco, be and he is hereby authorized and requested to enter into an agreement and lease with the owners of the David Hewes Building, situate at the intersection of the southeasterly line of Market street with

the northeasterly line of Sixth street, pursuant to which the City and County of San Francisco will lease the tenth, eleventh, twelfth, thirteenth, fourteenth and fifteenth floors and rooms 910, 912, 914, 916, 918 and 920 on the ninth floor of said David Hewes Building, on the following terms and conditions, to-wit:

The term of said lease shall be two years, commencing with the 15th day of October, 1909, with the privilege to the lessee of an extension of said term for one, two or three years. The rental of said premises shall be sixteen hundred and seventy-one dollars per month, payable monthly during said term of two years, or for such extension or extensions thereof as may be mutually agreed upon. The aforesaid rental of sixteen hundred and seventy-one dollars per month, shall include the use of such space on the roof as may be required by the City and County, and should additional rooms or floor space be required on any of the other floors of said building, the rate to be paid for said floor space shall be an average of ten cents per square foot. The lessor shall, at his own cost and expense, remove all partitions and plumbing on said premises wherever necessary for the purposes of the City and County.

The lessor shall without any charge or expense to the lessee employ the requisite number of janitors to keep all rooms, corridors, passageways, toilet rooms, lavatories and windows in said demised premises in good and clean condition at all times during said term and any extension thereof.

The lessor shall provide all gas and electricity required for lighting said demised premises and all corridors and passageways therein and approaches thereto; and said lessor shall provide adequate elevator service from 8 o'clock a. m. of each day to 10:30 o'clock p. m. of each day for the use of all persons occupying, going to or leaving said demised premises. Said service shall be without any charge or expense to said lessee.

Said lessor shall, at his own cost and expense, heat and keep heated at all proper times said demised premises and every room therein.

Ordering Street Work.

On motion of Supervisor Center:

Bill No. 925, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the following street work: That granite curbs and

bituminous rock pavement be constructed on Greenwich street, between Fillmore and Steiner streets; that redwood curbs and broken rock pavement be constructed at the crossing of Forty-fifth avenue and "I" street, and that redwood curbs and broken rock pavement be constructed at the crossing of Forty-sixth avenue and "I" street.

Extensions of Time, Street Work.

Also, Resolution No. — (New Series), Granting Flinn & Treacy an extension of thirty days' time from and after June 16, 1909, within which to complete the contract to construct granite curbs and artificial stone sidewalks on Eighteenth street, between Potrero avenue and Hampshire street.

This extension of time is granted for the reason that the contractor has been unable to secure the necessary material to complete the contract within the time originally fixed by the Board of Public Works.

Also, Resolution No. — (New Series), Granting P. Montague an extension of thirty days' time from and after June 15, 1909, within which to complete contract for grading Green street, between Baker and Lyon streets.

This extension of time is granted for the reason that the contractor has been delayed on account of the building of bulkheads and houses by the property owners along the block.

Supervisor Jennings introduced the following Bill which was on his motion *passed for printing* by the following vote:

Suspension of Dollar Limit of Taxation.

Bill No. 923, Ordinance No. — (New Series), Determining and declaring that a great necessity and emergency exists within the City and County of San Francisco, and setting forth the character of such necessity and emergency which requires that the limitation of taxation contained in Section 11 of Chapter I of Article III of the Charter of the City and County of San Francisco be temporarily suspended; temporarily suspending such limitation so as to enable the Supervisors to provide for such necessity and emergency, and increasing the rate of taxation for the fiscal year ending June 30, 1910, over and above that authorized to be levied by said Section 11 of Chapter I of Article III of said Charter; and authorizing and levying a tax of thirty cents upon each one hundred dollars of the assessed value of property within said City and County in excess of the sum and rate provided for in said Section 11 of Chapter I of Article III of said Charter for the purpose of providing for the great necessity and emergency, and specifically for paving, repaving and repairing streets, for reconstruction and repair of sewers, for construction and repairs to public buildings, for construction and equipment of

Fire Department buildings, for the purchase of lands for Fire Department purposes, for the reconstruction of, repairs to and equipment of School Department buildings, for the construction and equipment of and purchase of lands for Police Department buildings, and for the continuation and enforcement of sanitary measures.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited, determined and declared that a great necessity and emergency exists within the City and County of San Francisco, which requires that the limitation of taxation contained in Section 11 of Chapter I of Article III of the Charter of said City and County be temporarily suspended, and that the character of such necessity and emergency is as follows, to wit:

On the 18th day of April, 1906, a large number of the public buildings and much of the Fire Department equipment of said City and County were destroyed by fire, and on said day a large extent of the public sewers of said City and County were damaged and destroyed by earthquake; that a large extent of the public streets of said City and County were damaged by the combined effects of fire and earthquake; also there is danger that the bubonic plague prevalent in 1907, may recur, and provision should be made to prevent such recurrence; that it has been impossible to pave, repave and repair streets, reconstruct and repair sewers, construct and repair the public buildings destroyed and damaged as aforesaid in April, 1906, from the appropriations heretofore made, and the great necessity and emergency hereby declared to exist has not been adequately provided for by previous tax levies made by the Board of Supervisors.

Section 2. That by reason of the great necessity and emergency herein set forth, large sums of money will be required to be expended by the City and County for the paving, repaving and repairing of streets, for the reconstruction and repair of sewers, for the construction and equipment of Fire Department buildings, for the purchase of lands for Fire Department buildings, for the reconstruction of, repairs to and equipment of School Department buildings, for the construction and equipment of Police Department buildings, and for the purchase of lands for Police Department purposes, and for the continuation and enforcement of sanitary measures. That the large sums required for the aforesaid purposes cannot be obtained from the annual income and revenue of the City and County, and said necessary expenditures cannot be made without temporarily suspending the limitation

upon the rate of taxation provided for in Section 11 of Chapter I of Article III of the Charter of said City and County.

Section 3. For the reasons and for the purposes set forth in the preceding sections of this Ordinance, and under the authority conferred upon the Mayor and the Board of Supervisors by Section 13 of Chapter I of Article III of said Charter, it is hereby determined and declared that the provisions of Section 11 of Chapter I of Article III of said Charter in so far as the same fixes and limits the rate of taxation to be levied for municipal purposes is hereby temporarily suspended so as to enable the Supervisors to provide for the herein recited great necessity and emergency.

Section 4. For the purpose of raising by taxation the sum of one million eight thousand dollars appropriated in and by the budget for the fiscal year 1909-10, for the paving, repaving and repairs to streets, for the construction of and repairs to sewers and for the construction of and repairs to public buildings, excepting school buildings, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied, a tax of twenty-one cents upon each one hundred dollars of assessed valuation of property within the City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said budget.

For the purpose of raising by taxation the sum of one hundred and sixty-eight thousand dollars, appropriated in and by the budget for the fiscal year 1909-10 for the construction and equipment of Fire Department buildings, and for the purchase of lands for Fire Department purposes, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied a tax of three and one-half cents upon each one hundred dollars of assessed valuation of property within the City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said budget.

For the purpose of raising by taxation the sum of one hundred and twenty thousand dollars, appropriated in and by the Budget for the fiscal year 1909-10, for the reconstruction of repairs to and equipment of School Department buildings, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy

and there is hereby levied, a tax of two and one-half cents upon each one hundred dollars of assessed valuation within the City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said Budget.

For the purpose of raising by taxation the sum of ninety-six thousand dollars, appropriated in and by the Budget for the fiscal year 1909-10 for the construction and equipment of Police Department buildings, and for the purchase of lands for Police Department purposes, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied, a tax of four cents upon each one hundred dollars of assessed valuation of property, within the City and County of San Francisco as the same appears, or will appear, on the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said Budget.

For the purpose of raising by taxation the sum of forty-eight thousand dollars appropriated in and by the Budget for the fiscal year 1909-10, for the continuance of sanitary measures under the direction of the Board of Health and the United States Marine Hospital Service, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied a tax of one cent on each one hundred dollars of assessed valuation of property within said City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said Budget.

The above tax, aggregating thirty cents upon each one hundred dollars of assessed valuation aforesaid, herein levied and authorized to be levied, is and shall be an increase of and an addition to the rate of one dollar taxation on each one hundred dollars of assessed valuation of property within the City and County of San Francisco, and an addition to and increase of all taxes of every amount and kind authorized to be levied under and by virtue of the provisions of Section 11 of Chapter 1 of Article III of the Charter of the City and County of San Francisco.

Section 5. This Ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford, Sauderson—18.

The following Resolution heretofore recommended to Public Buildings was taken up and on motion of Supervisor

Bancroft, again ordered *recommitted to the Public Buildings Committee:*

Mayor Lease Quarters in the David Hewes Building for Municipal Departments.

Resolution No. — (New Series), as follows:

Resolved, That his Honor the Mayor, for and on behalf of the City and County of San Francisco, be and he is hereby authorized and requested to enter into an agreement and lease with the owners of the David Hewes Building, situate at the intersection of the southeasterly line of Market street with the northeasterly line of Sixth street, pursuant to which the City and County of San Francisco will lease the tenth, eleventh, twelfth, thirteenth, fourteenth and fifteenth floors and rooms 910, 912, 914, 916, 918 and 920 on the ninth floor of said David Hewes Building, on the following terms and conditions, to-wit:

The term of said lease shall be two years, commencing with the 15th day of October, 1909, with the privilege to the lessee of an extension of said term for one, two or three years. The rental of said premises shall be sixteen hundred and seventy-one dollars per month, payable monthly during said term of two years, or for such extension or extensions thereof as may be mutually agreed upon. The aforesaid rental of sixteen hundred and seventy-one dollars per month, shall include the use of such space on the roof as may be required by the City and County, and should additional rooms or floor space be required on any of the other floors of said building, the rate to be paid for said floor space shall be an average of ten cents per square foot. The lessor shall, at his own cost and expense, remove all partitions and plumbing on said premises wherever necessary for the purposes of the City and County.

The lessor shall without any charge or expense to the lessee employ the requisite number of janitors to keep all rooms, corridors, passageways, toilet rooms, lavatories and windows in said demised premises in good and clean condition at all times during said term and any extension thereof.

The lessor shall provide all gas and electricity required for lighting said demised premises and all corridors and passageways therein and approaches thereto; and said lessor shall provide adequate elevator service from 8 o'clock a. m. of each day to 10:30 o'clock p. m. of each day for the use of all persons occupying, going to or leaving said demised premises. Said service shall be without any charge or expense to said lessee.

The lessor shall provide all water service required by the City and County Departments without expense to the lessee, and said lessor shall, at his own

cost and expense, heat and keep heated at all proper times said demised premises and every room therein.

Adopted.

The following Resolution was adopted:

Mayor to Lease Certain Improvements on South of Market Street Children's Playground.

On motion of Supervisor Bancroft: Resolution No. 3973 (New Series), as follows:

Resolved, That his Honor, the Mayor, be and he is hereby authorized and requested to enter into an agreement and lease with Ruffino & Bianchi, Inc., of that certain lot of land belonging to the City and County of San Francisco and described as follows:

Commencing at a point on the northwesterly line of Bryant street, distant thereon 90 feet northeasterly from the northerly corner of Bryant and Seventh streets; running thence 92 feet 6 inches northeasterly along said northwesterly line of Bryant street; thence at right angles northwesterly 275 feet; thence at right angles southwesterly 92 feet and 6 inches, and thence at right angles southeasterly 275 feet to the point of commencement, together with the improvements thereon heretofore acquired by the City and County of San Francisco from said Ruffino & Bianchi, Inc., the said agreement and lease be subject to the following conditions:

That the term of said lease to said Ruffino & Bianchi, Inc., shall be for a period of three years from July 1, 1909 to July 1, 1912.

That the rental therefor shall be \$300 a month during the term of said lease, save and except the last six months thereof, which shall be free of rental by said Ruffino & Bianchi, Inc., in order to enable them to remove from said land all the machinery, obstructions, etc.

That the sum of \$13,060.00, the balance due said Ruffino & Bianchi, Inc. on the original purchase price of said land and retained by the City and County of San Francisco to insure the removal of machinery, etc. from said premises shall be paid by the City and County to said Ruffino & Bianchi, Inc. and in lieu of said moneys heretofore so retained, said Ruffino & Bianchi, Inc. shall file with the Board of Supervisors a good and sufficient bond in the sum of \$13,000.00, with sureties thereon satisfactory to his Honor, the Mayor, and to the City Attorney, conditioned that all the machinery, etc., on said premises belonging to said Ruffino & Bianchi, Inc., shall be removed from said premises at the expiration of the lease herein authorized.

That policies of insurance upon all

improvements belonging to the City and County of San Francisco on said land shall be issued in the sum of \$10,000 in the name and favor of the City and County of San Francisco, and that the premium thereon shall be paid by said Ruffino & Bianchi, Inc.

Further Resolved, That Resolution No. 2210 (New Series), approved April 23, 1908, be and is hereby repealed upon the execution of the lease herein authorized, in so far as said resolution effects the original leasehold authorized under its terms.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Passed for Printing.

The following matters were *passed for printing*:

Extension of Time, Razing East Wing of City Hall.

On motion of Supervisor Broderick: Resolution No. — (New Series), as follows:

Resolved, That John Tuttle be and is hereby granted an extension of sixty days' time from and after June 15, 1909, within which to complete the contract for the completion of the part demolition and repair of the east wing of the City Hall.

This extension of time is granted for the reason that the time originally given in the contract was inadequate, and although the work was prosecuted with due diligence, the contractor has been unable to complete the work within the time originally fixed by the Board of Public Works.

Providing \$6000 for Grading Pipe Testing Yard at Sixth and Hubbell Streets and Making Certain Improvements Therein.

On motion of Supervisor Broderick: Resolution No. — (New Series), as follows:

Resolved, That the sum of \$6000 be and the same is hereby set aside, appropriated and authorized to be expended out of the "Fire Protection Account" of the Public Building Fund, issue 1908, for the purpose of enabling the Board of Public Works to grade the pipe testing yard at Sixth and Hubbell streets, to lay a planked roadway therein, to construct and equip a yard office and to purchase lumber for skids and blocking up pipe.

The attention of the Auditor and the Treasurer is hereby called to the provisions of this Resolution.

Engine and Boiler Permit.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to John Simmen Co. to erect and maintain an engine and boiler of four horsepower, in premises situate No. 72 Rausch street (rear), the same to be used for furnishing shavings and heating glue.

Oil Permit.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to the Golden Pheasant to erect and maintain a storage tank of not more than 1,500 gallons capacity in premises situate No. 34 Geary street, for the purpose of storing therein crude petroleum to be used as fuel under boilers in said premises.

Granting Ocean Shore Railway Company Temporary Permission to Construct its Tracks Over City's Sewer Right of Way Between Army Street and Serpentine Avenue.

On motion of Supervisor Center:

Resolution No. — (New Series), as follows:

Whereas, Pursuant to Ordinance No. 1808, entitled: "Providing for a grant to the Ocean Shore Railway Company, a railroad corporation, of a right of way for, and the right to construct, maintain and operate a railroad, together with all necessary branches, side tracks, turnouts, switches, crossings, spur tracks, yard tracks, depot tracks and terminal tracks and facilities along, over, under, across and upon certain streets, avenues, alleys, places and properties in the City and County of San Francisco," approved April 2, 1906, and to said Ordinance as amended by Ordinance No. 630 (New Series), approved December 10, 1908, the Ocean Shore Railway Company is granted permission to use its private right of way for the accommodation of its tracks in lieu of the public streets of the City and County of San Francisco if said company should so desire, and

Whereas, The said Ocean Shore Railway Company now intends to extend its tracks over and along Potrero avenue, produced, to Army street, and thence over and along Army street, Holladay avenue and San Bruno avenue and through private property to connect with its present tracks in Vermont street southerly from Army street; and

Whereas, All private rights of way necessary for said route have been acquired by the Ocean Shore Railway Company, with the exception of one parcel lying southeasterly from the present southerly termination of Potrero avenue at Serpentine avenue and adjoining a sewer right of way of the City and County of San Francisco, which parcel is now in course of condemnation; and

Whereas, In order to permit of the extension in the manner intended it will be necessary to use temporarily the sewer right of way of the City and County of San Francisco of thirty feet in width extending from the present southerly termination of Potrero avenue and connecting with Army street; now therefore

Resolved, That the Ocean Shore Railway Company be and is hereby granted permission, revocable at will of the Board of Supervisors, to temporarily extend its tracks over and along the following described sewer right of way of the City and County of San Francisco, to wit: A strip of land thirty feet in width running from the present southerly extremity of Potrero avenue at Serpentine avenue to the northerly line of Army street.

The Ocean Shore Railway Company shall press to as speedily a determina-

tion as possible the said condemnation suit, and shall enter into possession of said land as soon as the law will permit, and shall with all possible diligence thereafter remove its tracks from the aforesaid sewer right of way of the City and County of San Francisco to its own property.

Authorizing Appointment of Expert Book Man for Tax Collector's Office.

On motion of Supervisor Jennings:

Bill No. 930, Ordinance No. — (New Series), entitled, "Authorizing the appointment by the Tax Collector of an "Expert Block Book Man," and fixing his compensation."

Adopted.

The following Resolution was introduced under suspension of the rules and adopted:

Custody of Medal Presented by French Ambassador.

On motion of Supervisor Payot:

Resolution No. 3975 (New Series), as follows:

Whereas, The Republic of France, through her Ambassador to the United States, Jean Jules Jusserand, presented June 5, 1909, to the City of San Francisco, through her Mayor, Edward R. Taylor, a gold medal, commemorative of the rise of this city from the ashes and ruins following the catastrophe of April 18, 1906, and

Whereas, It is fitting that the said medal, showing on one side emblematically as it does, San Francisco rising from her ruins powerful and beautiful as ever throwing aside her shroud, and on the reverse the figure of France presenting a branch of laurel to the United States of America, should repose in a receptacle worthy of its beauty, and where it can be viewed daily by the people of this city and by visitors thereto, now therefore

Resolved, That the care and custody of said medal be and is hereby granted unto the Board of Park Commissioners of the City and County of San Francisco, with request that the same be placed in the Park Museum.

Further Resolved, That a Committee consisting of his Honor, the Mayor, and a member of this Board, together with the members of the Board of Park Commissioners, be appointed to obtain a suitable receptacle wherein the aforesaid medal shall be placed.

Further Resolved, That until a suitable receptacle is obtained for the medal it shall be placed temporarily in the care of the Treasurer.

Appointment of Committee.

Whereupon, his Honor, the Mayor, appointed Supervisor Payot as a member of the committee to provide a receptacle for the medal.

FRIDAY, JUNE 11, 1909.

In Board of Supervisors, San Francisco, Friday, June 11, 1909, 4 p. m.

Pursuant to the following Call of his Honor, the Mayor, the Board of Supervisors convened in extra session.

CALL FOR EXTRA SESSION.

To the Members of the Board of Supervisors of the City and County of San Francisco:

The members of the Board of Supervisors are hereby called to meet in extra session at the Chambers of the Board on Friday, the eleventh day of June, A. D. 1909, at the hour of four o'clock in the afternoon. The object for which the Board is to be convened is the consideration of the final passage of Bill No. 923, declaring that the dollar limit of taxation is not enough to meet the great necessities of the City and County, and providing for an increased rate of tax.

Witness my hand and seal of my office, this tenth day of June, 1909.

(Seal) EDWARD R. TAYLOR,
Mayor..

ROLL CALL.

The Roll was called and the following Supervisors were noted present:

Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Sanderson—18.

His Honor, Mayor Taylor, presiding.

UNFINISHED BUSINESS.

Final Passage.

Whereupon, Bill No. 923, passed for printing on June 1, 1909, was taken up and finally passed as Ordinance No. 806 (New Series), by the following vote:

Suspension of Dollar Limit of Taxation.

Bill No. 923, Ordinance No. 806 (New Series), Determining and declaring that a great necessity and emergency exists within the City and County of San Francisco, and setting forth the character of such necessity and emergency which requires that the limitation of taxation contained in Section 11 of Chapter I of Article III of the Charter of the City and County of San Francisco be temporarily suspended; temporarily suspending such limitation so as to enable the Supervisors to provide for such necessity and emergency, and increasing the rate of taxation for the fiscal year ending June 30, 1910, over and above that authorized to be levied by said Section 11 of Chapter I of Article III of said Charter; and authorizing and levying a tax of thirty cents upon each one hundred dollars of the assessed value of property within said City and County in excess of the sum and rate provided for in said Section 11 of Chapter I of Article III of said Charter for the purpose of providing for the great necessity and emer-

gency, and specifically for paving, repaving and repairing streets, for reconstruction and repair of sewers, for construction and repairs to public buildings, for construction and equipment of Fire Department buildings, for the purchase of lands for Fire Department purposes, for the reconstruction of, repairs to and equipment of School Department buildings, for the construction and equipment of and purchase of lands for Police Department buildings, and for the continuation and enforcement of sanitary measures.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited, determined and declared that a great necessity and emergency exists within the City and County of San Francisco, which requires that the limitation of taxation contained in Section 11 of Chapter I of Article III of the Charter of said City and County be temporarily suspended, and that the character of such necessity and emergency is as follows, to wit:

On the 18th day of April, 1906, a large number of the public buildings and much of the Fire Department equipment of said City and County were destroyed by fire, and on said day a large extent of the public sewers of said City and County were damaged and destroyed by earthquake; that a large extent of the public streets of said City and County were damaged by the combined effects of fire and earthquake; also there is danger that the bubonic plague prevalent in 1907, may recur, and provision should be made to prevent such recurrence; that it has been impossible to pave, repave and repair streets, reconstruct and repair sewers, construct and repair the public buildings destroyed and damaged as aforesaid in April, 1906, from the appropriations heretofore made, and the great necessity and emergency hereby declared to exist has not been adequately provided for by previous tax levies made by the Board of Supervisors.

Section 2. That by reason of the great necessity and emergency herein set forth, large sums of money will be required to be expended by the City and County for the paving, repaving and repairing of streets, for the reconstruction and repair of sewers, for the construction and equipment of Fire Department buildings, for the purchase of lands for Fire Department buildings, for the reconstruction of, repairs to and equipment of School Department buildings, for the construction and equipment of Police Department buildings, and for the purchase of lands for Police Department purposes, and for the continuation and enforcement of sanitary measures. That the large sums required for the aforesaid pur-

poses cannot be obtained from the annual income and revenue of the City and County, and said necessary expenditures cannot be made without temporarily suspending the limitation upon the rate of taxation provided for in Section 11 of Chapter I of Article III of the Charter of said City and County.

Section 3. For the reasons and for the purposes set forth in the preceding sections of this Ordinance, and under the authority conferred upon the Mayor and the Board of Supervisors by Section 13 of Chapter I of Article III of said Charter, it is hereby determined and declared that the provisions of Section 11 of Chapter I of Article III of said Charter in so far as the same fixes and limits the rate of taxation to be levied for municipal purposes is hereby temporarily suspended so as to enable the Supervisors to provide for the herein recited great necessity and emergency.

Section 4. For the purpose of raising by taxation the sum of one million eight thousand dollars appropriated in and by the budget for the fiscal year 1909-10, for the paving, repaving and repairs to streets, for the construction of and repairs to sewers and for the construction of and repairs to public buildings, excepting school buildings, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied, a tax of twenty-one cents upon each one hundred dollars of assessed valuation of property within the City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said budget.

For the purpose of raising by taxation the sum of one hundred and sixty-eight thousand dollars, appropriated in and by the budget for the fiscal year 1909-10 for the construction and equipment of Fire Department buildings, and for the purchase of lands for Fire Department purposes, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied a tax of three and one-half cents upon each one hundred dollars of assessed valuation of property within the City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said budget.

For the purpose of raising by taxation the sum of one hundred and twenty thousand dollars, appropriated in and by the Budget for the fiscal year 1909-10, for the reconstruction of re-

pairs to and equipment of School Department buildings, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy and there is hereby levied, a tax of two and one-half cents upon each one hundred dollars of assessed valuation within the City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said Budget.

For the purpose of raising by taxation the sum of ninety-six thousand dollars, appropriated in and by the Budget for the fiscal year 1909-10 for the construction and equipment of Police Department buildings, and for the purchase of lands for Police Department purposes, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied, a tax of four cents upon each one hundred dollars of assessed valuation of property, within the City and County of San Francisco as the same appears, or will appear, on the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said Budget.

For the purpose of raising by taxation the sum of forty-eight thousand dollars appropriated in and by the Budget for the fiscal year 1909-10, for the continuance of sanitary measures under the direction of the Board of Health and the United States Marine Hospital Service, the same being the great necessity and emergency herein set forth, the Board of Supervisors is

hereby authorized to levy, and there is hereby levied a tax of one cent on each one hundred dollars of assessed valuation of property within said City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said Budget.

The above tax, aggregating thirty cents upon each one hundred dollars of assessed valuation aforesaid, herein levied and authorized to be levied, is and shall be an increase of and an addition to the rate of one dollar taxation on each one hundred dollars of assessed valuation of property within the City and County of San Francisco, and an addition to and increase of all taxes of every amount and kind authorized to be levied under and by virtue of the provisions of Section 11 of Chapter 1 of Article III of the Charter of the City and County of San Francisco.

Section 5. This Ordinance shall take effect immediately.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Sander-son—18.

Approval of Bill.

Thereupon, the Chair announced that the Bill had been duly passed by *unanimous vote* of the Supervisors and then and there approved the same by affixing his signature thereto.

ADJOURNMENT.

Whereupon, the Board, at the hour of 4:20 o'clock, adjourned.

JOHN E. BEHAN, Clerk.

Approved by the Board of Supervisors June 14, 1909.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John E. Behan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

Granting Ocean Shore Railway Company Temporary Permission to Construct its Tracks Over City's Sewer Right of Way Between Army Street and Serpentine Avenue.

Resolution No. 4009 (New Series), as follows:

Whereas, Pursuant to Ordinance No. 1808, entitled: "Providing for a grant to the Ocean Shore Railway Company, a railroad corporation, of a right of way for, and the right to construct, maintain and operate a railroad, together with all necessary branches, side tracks, turnouts, switches, crossings, spur tracks, yard tracks, depot tracks and terminal tracks and facilities along, over, under, across and upon certain streets, avenues, alleys, places and properties in the City and County of San Francisco," approved April 2, 1906, and to said Ordinance as amended by Ordinance No. 630 (New Series), approved December 10, 1908, the Ocean Shore Railway Company is granted permission to use its private right of way for the accommodation of its tracks in lieu of the public streets of the City and County of San Francisco if said company should so desire, and

Whereas, The said Ocean Shore Railway Company now intends to extend its tracks over and along Potrero avenue, produced, to Army street, and thence over and along Army street, Holladay avenue and San Bruno avenue and through private property to connect with its present tracks in Vermont street southerly from Army street; and

Whereas, All private rights of way necessary for said route have been acquired by the Ocean Shore Railway Company, with the exception of one parcel lying southeasterly from the present southerly termination of Potrero avenue at Serpentine avenue and adjoining a sewer right of way of the City and County of San Francisco, which parcel is now in course of condemnation; and

Whereas, In order to permit of the extension in the manner intended it will be necessary to use temporarily the sewer right of way of the City and County of San Francisco of thirty feet in width extending from the present southerly termination of Potrero avenue and connecting with Army street; now therefore

Resolved, That the Ocean Shore Railway Company be and is hereby granted permission, revocable at will of the Board of Supervisors, to temporarily extend its tracks over and along the following described sewer right of way of the City and County of San Francisco, to wit: A strip of land thirty feet in width running from the present southerly extremity of Potrero avenue at Serpentine avenue to the northerly line of Army street.

The Ocean Shore Railway Company shall press to as speedily a determination as possible the said condemnation suit, and shall enter into possession of

said land as soon as the law will permit, and shall with all possible diligence thereafter remove its tracks from the aforesaid sewer right of way of the City and County of San Francisco to its own property.

Also, **Resolution No. — (New Series),** Granting permission, revocable at will of the Board of Supervisors, to Youths' Directory to erect and maintain a storage tank of not more than 1500 gallons capacity, in premises situate at Nineteenth and Church streets, for the purpose of storing therein crude petroleum to be used as fuel under boilers in said premises.

Laundry Permit.

Also, **Resolution No. — (New Series),** Granting permission, revocable at will of the Board of Supervisors, to Domestic Laundry Co. to conduct a steam laundry in premises situate at Nos. 2066-78 Howard street, in strict accordance with the sanitary and fire regulations of the Board of Health and Fire Department.

Denying Certain Permits.

Supervisor Broderick presented the following:

Resolved, That in the exercise of the sound and reasonable judgment of the Board of Supervisors, permission be and is hereby denied the following persons, to wit:

W. H. Reagan, to install a boiler in premises at No. 110 First street.

Fred C. Sefton, to blast in premises at Castro and Collingwood streets.

Gee Chong, to conduct a laundry at No. 607 Ellis street.

Amendment.

Supervisor Broderick moved to amend by striking out the item, Gee Chong, to conduct a laundry at No. 607 Ellis street.

So ordered.

Adopted.

Whereupon, the above Resolution as amended was *adopted* as Resolution No. 4013 (New Series), by the following vote:

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Payot, Pollok, Sanderson—17.

Passed for Printing.

VETO.

Fly Screening Ordinance.

The following message from his Honor, the Mayor, returning without his approval and with his objections thereto Bill No. 911, Ordinance No. 794, was received and read, being as follows:

San Francisco, June 14, 1909.

To the Board of Supervisors of the City and County of San Francisco:

I deem it well to return to you without my approval Bill No. 911, relating to and regulating the manner of maintaining, conducting, carrying on or managing restaurant places, kitchens, meat markets, fruit stores, vegetable stores, poultry stores, delicatessen stores, bakery stores, street vender's stores within the City and County of San Francisco, for the reason that there seems to be some provisos in the Bill which would probably be taken advantage of by those resisting its enforcement to the end of defeating the excellent purpose of the Bill.

I am thoroughly at one with your Honorable body in what is sought to be secured by the Bill in question; and it is because the Bill ought to be as good as possible that I am now returning it to you for further consideration:

1. The second proviso in Section 3 is to the effect that this section "shall not apply to the doors of those stores, restaurants, markets or kitchens which are of glass and swing both ways and protected in such a manner that flies cannot gain entrance into the premises through said door when not in use."

Surely a wooden door is as impenetrable to flies as one made of glass, nor is it easy to see wherein a door that swings but one way would not be quite as effective in keeping out flies as a door that swings both ways. At all events, there is an apparent discrimination here which in all probability would be taken advantage of for the purpose of defeating the enforcement of the law. Then, again, what is a "glass door"? Is it one wholly of glass, or a wooden door with a glass panel; and if the latter, how large a panel must there be which, shall authorize its classification as a glass door?

2. Section 4 prohibits street stands, whether stationary or movable, from exposing for sale any food or other edible for human consumption unless the stand is furnished with tight glass cases so as to protect the food or other edible from exposure from dirt, dust, flies or other insects; and Section 5 prohibits the maintenance, conducting,

carrying on or managing of a street stand, whether stationary or movable, where is exposed for sale any fruit or vegetable, whether consumed at the stand or elsewhere, unless the stand is furnished so as to protect the fruit and vegetables with tight glass cases or finely woven wire mesh screen. Then comes a proviso in words as follows:

"Provided, That this section shall not apply to those selling or offering for sale, bananas, pineapples, oranges, limes, lemons, or other citrus fruits or fruits or vegetables whose rind of skin must be removed before eating, when such fruits or vegetables are vended on movable street stands or wagons."

Here again we have a discrimination without any apparent sufficient reason and one which greatly limits the subjects brought under the operations of the Bill by Sections 4 and 5. Furthermore, what fruit or vegetables demand the rind or skin to be removed before eating is not altogether certain. Does this proviso protect apples, which are quite as frequently eaten with the skin on as off; or potatoes, which are sometimes eaten, as we know, skin and all when they are roasted; or tomatoes, which, even when cooked sometimes, have their skin on, but when eaten raw never have their skins removed? It would seem to be rather curious legislation to bring all fruits and vegetables under the operation of the law and then add provisos which take them out of its operation. At all events I think you will agree with me that it would be well for the Committee to go over the Bill again and with still greater care than they have evidently given to it, make it so that those who wish to defeat the Bill can have no legal ground upon which to stand.

EDWARD R. TAYLOR,

Mayor.

PRESENTATION OF PROPOSALS.

Postponement of Date and Extending Time for Filing Bids for Water Supply Bonds.

Motion.

Supervisor Johnston moved that the time for receiving and opening bids for the sale of 240 water supply bonds of the City and County of San Francisco, be postponed until the hour of 3 p. m., on Monday, June 28, 1909, and that the Clerk be directed to advertise in the official newspaper, a notice of postponement of sale to this effect.

Motion carried by the following vote:

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Sanderson—17.

STOCKTON STREET RAILWAY FRANCHISE.

Supervisor Pollok moved that E. P. E. Troy be granted the privilege of the floor before opening the bid submitted for a franchise for a street railway over and along Stockton and other streets.

So ordered.

Privilege of the Floor.

Whereupon, E. P. E. Troy was granted the privilege of the floor and addressed the Board opposing the granting of the franchise in its present form. He stated that the franchise as drawn tended to limit and restrict the powers of future Boards of Supervisors where the tendency should be to broaden and enlarge them. He opposed Section 4 of the franchise, which provides for the taking over of the line by the City on the payment of 75 per cent of the cost of construction, etc., including damages, alleging that no street railroad system of accounting in the world considers damages as a part of capital cost. All authorities on the matter, he stated, make damages a part of operating expenses. He also opposed various other provisions of the proposed franchise and requested that the Bill be recommended to the Committee for further consideration.

Bid of Frank D. Stringham.

Whereupon, the following bid and bond were presented, opened and read, to wit:

San Francisco, Cal., June 21, 1909.

In the Matter of the Sale of a Franchise to Operate a Street Railway Upon and Under Stockton Street and Upon Other Streets in the City and County of San Francisco.

To the Honorable Board of Super-

visors of the City and County of San Francisco.

Gentlemen:

I, Frank D. Stringham, hereby submit the following bid for a franchise for the term of twenty-five (25) years, to construct, maintain and operate a double track railway with all the necessary branches, side tracks, turn-outs, switches, crossings, curves and facilities upon and along and across the following described route, to wit:

"Commencing at the southerly terminus of Stockton street where said street intersects the northerly line of Ellis street; thence over and upon said Stockton street to Bay street, curving into and connecting with double tracks on Bay street in both an easterly and westerly direction, including the right to operate said railway through a tunnel or subway twenty-two (22) feet in width and sixteen (16) feet high in the clear, with suitable approaches to be constructed under said Stockton street, from the northerly line of Sutter street to the southerly line of Sacramento street; also commencing at the intersection of Bay street with the westerly line of East street; thence upon and over said Bay street to Montgomery avenue; thence curving into Montgomery avenue and upon and over Montgomery avenue to North Point street; thence curving into North Point street and upon and over North Point street to Polk street; thence curving into Polk street and upon and over said Polk street to Bay street; thence curving into Bay street and upon and over Bay street to Laguna street; thence curving into Laguna street and upon and over Laguna street to Chestnut street; thence curving into Chestnut street, and upon and over Chestnut street to the Presidio Reservation.

Subject to the conditions and restrictions provided in Resolution No. 3797 N. S. of the Board of Supervisors of the City and County of San Francisco.

For said franchise I offer to pay to the City and County of San Francisco, in lawful money of the United States, the following percentages of the gross annual receipts arising from the use, operation, enjoyment and possession of said franchise, to wit:

Three (3) per centum of gross receipts during first five (5) years for which franchise is granted.

Four (4) per centum of gross receipts during the next succeeding ten (10) years, and

Five (5) per centum of gross receipts during the next succeeding ten (10) years.

I submit herewith a bond in the penal sum of ten thousand dollars (\$10,000), with two sureties, duly ap-

proved by the Mayor of the City and County of San Francisco.

Respectfully submitted,

(Sgd.) FRANK D. STRINGHAM.

In the Matter of the Sale of a Franchise to operate a street Railway Upon and Under Stockton Street and Upon Other Streets in the City and County of San Francisco.

State of California, City and County of San Francisco—ss.

Frank D. Stringham, being duly sworn, deposes and says: That he is the person who submitted and subscribed the above bid for a franchise for the term of twenty-five (25) years, to construct, maintain and operate a double track street railway upon Stockton and other streets; that such bid is genuine and not collusive or sham; that he has not colluded, conspired, connived or agreed, directly or indirectly, with any other bidder or person, to put in a sham bid, or that such other person shall refrain from bidding; that he has not in any manner sought by collusion to secure any advantage against the City and County of San Francisco, or any person interested in said street railroad, for himself, or any other person.

FRANK D. STRINGHAM.

Subscribed and sworn to before me this 21st day of June, 1909.

SID S. PALMER,

Notary Public in and for the City and County of San Francisco, State of California.

Bond of Frank D. Stringham.

In the Matter of the Sale by the City and County of San Francisco of a Franchise of Twenty-five Years for a Street Railroad on Stockton, Bay and Other Streets.

Whereas, Application has been made to the Board of Supervisors of the City and County of San Francisco by Frank D. Stringham through a petition filed March 25, 1909, for a franchise for the term of twenty-five years for a street railroad on Stockton, Bay and other streets;

And, Whereas, By a resolution adopted by the Board of Supervisors on the 26th day of April, 1909, the said Board has authorized and directed the Clerk of the Board of Supervisors to advertise for sealed bids for the sale of said franchise, to be filed with the Clerk not later than June 21, 1909;

And, Whereas, It is provided in said resolution that any bidder for said franchise, shall file with his bid a good and sufficient bond in the sum of ten thousand dollars (\$10,000); and

Whereas, Said Frank D. Stringham has signified his intention of submitting a bid for said franchise;

Now, therefore, we, the undersigned, residents of the State of California, Frank D. Stringham, as principal, and

C. J. Borgfeldt and Sander Peiser, as sureties, in consideration of the premises and of the awarding of said franchise, are held and firmly bound unto the City and County of San Francisco, State of California, in the penal sum of ten thousand dollars (\$10,000), gold coin of the United States, and do promise and agree with the City and County of San Francisco that said Frank D. Stringham will well and truly observe, fulfill and perform each and all of the conditions, terms and obligations of the franchise for which said application was made, in case the same shall be awarded to him, and that in case of the breach of any of the conditions of this bond, the whole amount of the penal sum hereinbefore named shall be taken to be liquidated damages and as such shall be recoverable from the said principal and sureties for which payment, well and truly to be made, we bind ourselves firmly by these presents.

Now, the condition of this obligation is such that if the said franchise is awarded to said Frank D. Stringham, and if he shall well and truly observe, fulfill and perform each and all of the conditions, terms and obligations of said franchise, then this obligation shall be null and void; or, if said franchise be not awarded to said Frank D. Stringham, then this obligation shall be null and void; otherwise, to remain in full force and virtue.

In witness whereof, we have hereunto set our hands and seals, this 1st day of June, A. D. 1909.

FRANK D. STRINGHAM (Seal).

C. J. BORGFELDT (Seal).

S. PEISER (Seal).

State of California, City and County of San Francisco—ss.

C. J. Borgfeldt and S. Peiser, personal sureties on the within bond, being duly sworn, each for himself and not one for the other, deposes and says:

That he is a resident and householder in the State of California; that he is worth in property situate in said State of California, exclusive of incumbrances thereon, double the amount of his undertaking hereon, over and above all sums for which he is already liable, or in any manner bound, whether as principal, endorser or surety, and whether such prior obligation or liability be conditioned or absolute, liquidated or unliquidated, due or to become due, and exclusive of property exempt from execution.

C. J. BORGFELDT.

S. PEISER.

Subscribed and sworn to before me this 1st day of June, 1909.

SID S. PALMER.

Notary Public in and for the City and County of San Francisco, State of California.

(Endorsement: The within bond is hereby approved, this 19th day of June, 1909.

EDWARD R. TAYLOR,
Mayor of the City and County of San Francisco.)

Referred.

Whereupon, on motion, the above bid and bond were ordered referred to the *Public Utilities Committee*.

(Subsequently during the proceedings Curtis Hillyer, representing the bidder, obtained the privilege of the floor and replied to some of the criticisms made by E. P. E. Troy, and declared that unless the award was made on the same day that bids were opened that the charter procedure would be interrupted.)

AUCTION SALE OF LEASES OF CITY LANDS.

In compliance with public notice heretofore given, his Honor the Mayor proceeded with the auction sale of the leases of the Broadway Jail lot and the Brenham place lot, with result that said leases were finally struck off and sold as follows:

Broadway Jail Lot.

To F. Rolandi at a rental of \$151 per month for a period of twenty years. Bond filed in sum of \$500 to ensure the execution of the lease.

Brenham Place Lot.

To A. O. Steward, at a rental of \$28 per month for a period of twenty years. Bond filed in sum of \$500 to ensure the execution of the lease.

San Francisco, Calif., June 19, 1909.
To the Honorable the Board of Supervisors, San Francisco, Calif.

Gentlemen: Your Committees on Hospital and Health, Police, Public Buildings, Streets and Electricity, to whom were referred the bids filed with your Honorable Board June 7, 1909, for supplies for the various institutions and departments of the City and County for the fiscal year 1909-10, beg leave to report that they have duly considered said bids, and to recommend the passage of the resolution of award of contracts herewith submitted.

The major portion of the items specified in the Schedule of Supplies are recommended for award, but certain items concerning which questions have arisen, and to which additional consideration must be given, will be recommended for awarding at a subsequent date.

Other items, the principal ones among which are hereinafter enumerated, are recommended for rejection by your Honorable Board, with the idea that new bids will be called for later; said principal items being as follows:

The item of *Flour*, on the ground that the bids are too high, and it is safe to assume that the market price will be lower within a few months.

The item of *Iron Castings*, for the Department of Public Works, and the Department of Electricity, on the ground that the specification is faulty and obscure, and that better prices for a superior article will be obtained under new bidding.

The item of *Lime Stone Dust*, for the Department of Public Works, on the ground that the specification is faulty, and that better bids will be obtained under a new call.

HENRY PAYOT,
CHAS. A. MURDOCK,
W. E. BALCOM,
R. McLERAN,
PAUL BANCROFT,
M. HALL McALLISTER,

Award of Contracts, Meats.

Supervisor Payot presented the following:

Resolution No. — (New Series):

Resolved, That the contract to furnish beef to the various institutions and departments of the City and County of San Francisco for the fiscal year 1909-10, be and the same is hereby awarded to Schrader Bros., in accordance with the terms of their bid upon the following items, to-wit:

Item No. 1. Beef as per Specification A, as follows, at the rate of \$.0658 per pound.

Specification A.

"Beef for Public Institutions must be fresh, first quality American steer, to be delivered as ordered. Straight steers, 3 or 4 years old. Weight not less than 600 lbs. or more than 800 lbs. Prime in quality and in the best condition, and from fore and hind quarters proportionately. No beef from bulls, stags or diseased cattle will be accepted. Neck, shanks and kidney tallow must be excluded from delivery."

Provided further, that the Health Department of the City and County of San Francisco shall detail a Meat Inspector to examine the carcasses coming under the terms of Specification A, and hanging either in the abattoirs of the Western Meat Company or Miller & Lux, Inc., as the contractor may indicate, and after the examination by said inspector, the carcasses so selected by said inspector under said specification, shall be stamped by him with a stamp bearing the inscription "Property of the Board of Health", and shall be delivered to the institution as directed, and shall then, as provided by the Charter, be subject to inspection and rejection by the Supervisors or by the person in charge of the institution for which same is required.

Item No. 2. Beef as per Specification B, as follows, rate of \$.0418 per pound:

Specification B.

Beef ordered for Public Institutions must be fresh, of first quality American steer, chuck and rounds in equal proportions. Rounds to be cut full and square off from the loin; shanks to be cut off eight inches above the hock joint. Chucks to have five ribs and must be cut square and full; six inches

of the neck to be excluded from delivery.

Provided further, That such beef shall be subject to inspection and rejection by the Supervisors or by the person in charge of the institution for which the same is required.

Further Resolved, That the bond of said Schrader Bros., for the faithful performance of their contract, be and is hereby fixed in the sum of ten thousand (\$10,000.00) dollars, with sureties thereon satisfactory to his Honor the Mayor, who is hereby authorized to enter into said contract in accordance with the terms of the specifications calling for proposals and with the conditions hereinabove expressed. All other bids received by the above are hereby rejected.

Privilege of the Floor.

Whereupon, Edward I. Wolfe, attorney representing Schrader Bros., obtained the privilege of the floor, and stated that his client was the lowest bidder, was ready and willing to fulfill his contract, and to file a suitable bond to protect the city in the matter. He requested that contract be awarded to his client.

C. M. Wollenberg, Superintendent of the Almshouse, also addressed the Board, stating that heretofore he has had a great deal of trouble with Schrader Bros. He declared that he was often obliged to return bills for correction and to reject meats delivered as not being up to the specifications.

Motion.

Supervisor Jennings moved that the bid of Schrader Bros. be rejected and that the contract be awarded to the next lowest bidder.

Motion lost by the following vote:

Ayes—Supervisors Balcom, Jennings, Pollok—3.

Noes—Supervisors Bancroft, Booth, Broderick, Connolly, D'Ancona, Hocks, Johnston, McAllister, Murdock, Murphy, Payot, Sanderson—12.

Chairman.

At the hour of 5:10 his Honor the Mayor called Supervisor Murdock to the Chair.

Passed for Printing.

The following matters were passed for printing:

Authorizing Payment of \$12,000 to Chas. Worth for Certain Land Required as Site for Commercial High School Building.

On motion of Supervisor Bancroft: Resolution No. — (New Series), Authorizing an expenditure of \$12,000 to be made out of the "School Construction Account" of the Public Building Fund, issue of 1908, in payment to Charles Worth as purchase price of a lot of land on the northerly line of Grove street, distant thereon 82 feet 6 inches easterly from Polk street, of dimensions 30 feet frontage by a uniform depth of 120 feet to Birch avenue. Being a portion of Western Addition Block No. 3, which land is required as

an addition to the site whereon to construct the Commercial High School Building.

Authorizing Payment of \$6975 to Samuel Polack for Certain Land and Improvements on Spring Valley School Site.

Also, Resolution No. — (New Series), Authorizing an expenditure of \$6975 to be made out of the "School Construction Account" of the Public Building Fund, issue of 1908, in payment to Samuel Polack, being the purchase price of a parcel of land and improvements situate at the southerly line of Jackson street, distant 137 feet 6 inches westerly from Hyde street, of dimensions 34 feet $4\frac{1}{2}$ inches frontage by a uniform depth of 137 feet 6 inches, in 50 Vara Block No. 302, required as a site whereon to construct the Spring Valley School Building.

Extension of Time, Construction of Infirmary, Relief Home Tract.

Also, Resolution No. — (New Series), Granting Condon-McGlynn Company an extension of 180 days from and after June 1, 1909, within which to complete contract for the construction of the Infirmary on the Relief Home Tract.

This extension of time is granted for the reason that no work could have been performed on this contract until the general work of constructing the building was nearly completed.

Extension of Time, Plumbing in Infirmary Building, Relief Home Tract.

Also, Resolution No. — (New Series), Granting an extension of ninety (90) days' time from and after June 10, 1909, to William S. Snook & Son, within which time to complete the plumbing in the Infirmary at the Relief Home Tract.

This extension of time is granted for the reason that the said contractor has been unable to complete the work because of the delay in the general construction of the building; and be it further

Resolved, That the charge for printing this resolution be and is hereby remitted. (Communication from Board of Public Works, filed June 10, 1909.)

Adopted.

Indefinite Postponement.

The following Resolution heretofore passed for printing, was taken up and on motion of Supervisor Bancroft *indefinitely postponed*:

Authorizing Payment of \$37,675 to Paul J. Stuparich for Certain Land Required for Denman School Purposes.

Resolution No. — (New Series), Authorizing an expenditure of \$37,675.00 to be made out of the "School Construction Account" of the Public Building Fund, issue 1908, in payment to Paul J. Stuparich and H. Adams, as purchase price of a lot of land at the intersection of the easterly line of Pierce street with the southerly line of Haves street, of dimensions 137 feet 6 inches frontage by a uniform depth of 137 feet 6 inches in Western Addition Block No. 379, re-

quired as a site whereon to construct the Denman Grammar School Building.

Adopted.

The following Resolutions were adopted:

City Attorney to Commence Condemnation Proceedings for the Acquisition of Certain Land Required for Denman School Purposes.

On motion of Supervisor Bancroft: Resolution No. 4067 (New Series), as follows:

Whereas, The City Attorney, by Resolution No. 3482 (New Series), of the Board of Supervisors, approved March 8, 1909, was directed to solicit offers for the sale to the City and County of San Francisco, of the certain parcel of land in Western Addition Block No. 379, hereinafter described, belonging to Paul J. Stuparich and H. Adams, which land is required by the City and County of San Francisco as a site whereon to erect the Denman School building, and

Whereas, The offer received from the above named owners to sell said land to the City and County of San Francisco, is deemed unreasonable and in excess of the appraised valuation of said land and property in this vicinity; now therefore

Resolved, That the City Attorney be and is hereby authorized and instructed to institute condemnation proceedings against the said Paul J. Stuparich and H. Adams for the acquisition of the following described land by the City and County of San Francisco to wit:

Commencing at the intersection of the easterly line of Pierce street with the southerly line of Hayes street; running thence southerly along said easterly line of Pierce street 137 feet 6 inches; thence at a right angle easterly 137 feet 6 inches; thence at a right angle northerly 137 feet 6 inches to the southerly line of Hayes street; thence at a right angle westerly along said southerly line of Hayes street 137 feet 6 inches to the easterly line of Pierce street and point of commencement. Being a portion of Western Addition Block No. 379.

And be it Further Resolved, That Resolution No. 3893 (New Series), approved May 19, 1909, be and is hereby repealed.

Aves—Supervisors Balcom, Bancroft, Booth, Broderick, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, Murdock, Murphy, Payot, Pollok, Sanderson—15.

Passed for Printing.

The following matters were passed for printing:

Fixing Sidewalk Widths, Cortland Avenue.

On motion of Supervisor Pollok:

Bill No. 942, Ordinance No. —

(New Series), entitled, "Amending Ordinance No. 1061, entitled, 'Regulating the width of sidewalks,' approved December 18, 1903, by amending Section Forty (40) thereof", the provisions of which fix the width of sidewalks on Cortland avenue, between San Bruno avenue and Mission street at ten feet.

Ordering Street Work.

Also, Bill No. 943, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Board of Public Works to enter into contract for doing the same", the provisions of which order the doing of the following street work, to wit:

1. That Army street, from Mission street to Shotwell street, be improved by constructing granite curbs where not already constructed, and by paving the roadway thereof with a bituminous rock pavement, consisting of a 6-inch concrete foundation and a 2-inch bituminous rock wearing surface on the roadway thereof where not already done.

2. That Army street, from Shotwell street to Folsom street, be improved by constructing granite curbs where not already done, and by paving the roadway thereof with a bituminous rock pavement, consisting of a 6-inch concrete foundation and a 2-inch bituminous rock wearing surface, on the roadway thereof where not already done.

3. That "J" street, from Fifteenth avenue to Sixteenth avenue, be improved by constructing redwood curbs and rock gutterways on both sides of the roadway thereof and by paving the roadway and sidewalks thereof with a broken rock pavement.

Intention to Change Grades.

On motion of Supervisor Pollok:

Resolution No. 4068 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on "A" street, "B" street, "C" street, Fulton street, on Thirteenth avenue, on Fourteenth avenue, on Fifteenth avenue, and on Sixteenth avenue, in accordance with the recommendation of the Board of Public Works filed June 8, 1909, and further declaring that no assessment district is necessary as no damages will result from said change of grades inasmuch as the streets are ungraded; also directing the Board of Public Works to

cause to be conspicuously posted along the street or streets upon which such change of grade is contemplated a notice of the passage of this Resolution of intention.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, Murdock, Murphy, Payot, Pollok, Sanderson—15.

Also, Resolution No. 4069 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on "B" street, between Eighth and Ninth avenue, and at the intersection of "B" street and Eighth avenue, in accordance with recommendation filed by the Board of Public Works, June 8, 1909, and further, declaring that no assessment district is necessary as no damage will result from said change of grades. Inasmuch as the proposed work includes all necessary reconstruction there will be no damages and no need of a district being formed for the assessment of damages and benefits; also directing the Board of Public Works to cause to be conspicuously posted along the street or streets upon which such change of grades are contemplated a notice of the passage of this resolution of intention.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, Murdock, Murphy, Payot, Pollok, Sanderson—15.

COMMUNICATIONS AND REPORTS FROM CITY AND COUNTY OFFICERS.

Communications and Reports from City and County officers were received and referred as follows:

To the Finance Committee.

Communication—From Mayor, stating that City Attorney has advised that subordinates in city government required to file bonds must pay premium thereon.

From the City Attorney, with opinion that only elective officers, officers appointed by the Mayor and officers whose bonds are fixed by the Charter are entitled to have the premium on such bonds paid by the City.

From the Board of Health, requesting that County Clerk of Siskiyou county be called upon to reimburse city for care of patient in City and County Hospital shipped from said county to this city.

From the Department of Electricity, relative to outstanding claims of Western Electric Company.

From the Board of Public Works, with map of city property to be transferred to said Board for use as a corporation yard.

Also, recommending additional appropriation of \$15,000 for completing construction of the Clement School building.

To the Fire Committee.

Communication—From the Board of Public Works, recommending that bond in the sum of \$10,000 be required of the Ocean Shore Railway Company for grant of blasting privilege along its right of way.

Also, recommending extension of 60 days from June 22, 1909, to C. Coghill on his contract for construction of fire cisterns at Plymouth and Sadowa streets.

To the Hospital and Health Committee.

Communication—From the City Attorney, with opinion that ordinance prohibiting carpet-beating establishments in certain prescribed districts does not apply to an established business in a building destroyed by fire.

From the Board of Health, requesting that premises at No. 1152 Kentucky street be leased for Potrero

Emergency Hospital, which is now occupying said premises.

From the Mission Emergency Hospital, with requisition for certain repairs.

From Superintendent of Relief Home, relative to purchase of boiler compound in open market.

To the Judiciary Committee.

Communication—From the Assessor, relative to assessment of property purchased by the city.

From the City Attorney, requesting that condemnation proceedings be instituted for lot of land in Park and Presidio Extension.

Also, with requisition for desk for use in secretary's office.

Also, with requisition for Pacific telephone service.

Also, with requisition for Home telephone service.

To the Streets, Sewers and Parks Committee.

Communication—From the Board of Public Works, recommending the expediency of doing the following street work, the expense thereof to be assessed in whole or in part on private property, to wit:

That "I" street, between the easterly line of Twenty-first avenue and the westerly line of Twenty-third avenue, be graded to official line and grade.

That a 12-inch ironstone pipe sewer with appurtenances be constructed in

"K" street, between Twelfth and Thirteenth avenues, and in Twelfth avenue to a point 10 feet southerly from the northerly line of "K" street.

Also, recommending grant of permit for laying down a spur track at Sansome and Filbert streets to Guggen-
hime & Co.

Also, transmitting map showing lots to be assessed for the improvement of the intersection of Ashbury, Carmel and Clarendon streets.

Also, stating that notices of certain grade changes have been duly posted.

Also, recommending construction of a sewer in the University Mound District at a cost of \$90,000.

Also, recommending expediency of constructing a sewer in Greenwich street, from Pringle court produced to Montgomery and Sansome streets.

File.

The following matters were received, read and ordered *filed*:

Report on Operating Earnings and Expenditures of the Geary Street, Park and Ocean Railroad Company January to May, 1909.

San Francisco, California,
June 16, 1909.

J. A. Johnston, Esq., Chairman Public Utilities Committee, Board of Su-

perisors, 70 Eddy street, San Francisco.

Dear Sir:

Responsive to your letter of June 10, 1909, I beg to submit the following report on the earnings and expenditures of the Geary Street, Park & Ocean R. R. Co., for the current year, insofar as the information is available from the books of the Company at this time.

As will be noted by comparison of the monthly totals, no estimate for the months of May and June as to expenditures or for the month of June as earnings can be made with any degree of accuracy. An accident to the cable would decrease the earnings and increase the expenditures, thus vitiating the value of any computations I might make, based upon averages.

The Company has included in the Operating Expenses the monthly percentage paid to the municipality, but has not included a charge for taxes, estimated at approximately \$320.00 per month. Reference is here made to the schedule of Operating Expenses for further analysis.

There is no income from operating, other than passenger fares and advertising, although the Company is in receipt of earnings from other sources in no way connected with the operation of the road. Upon the other hand, the charge for interest on bonds is of course not included in the operating expenses.

In conclusion I beg to note especially the courtesies extended to me by the Officials of the Company.

Respectfully submitted,

WILLIAM DOLGE,
Certified Public Accountant.

Opinion of Judge Seawell.

The opinion of Hon. J. M. Seawell, Judge of the Superior Court in and for the City and County of San Francisco, in making the foregoing Order is as follows:

In the Superior Court of the State of California, in and for the City and County of San Francisco.—Department No. 1. Hon. James M. Seawell, Judge.

HENRY ROOT vs. CITY AND COUNTY OF SAN FRANCISCO.

Monday, June 28, 1909.

ORAL OPINION.

The Court: It is not necessary for me to state the facts alleged in the complaint in this case, or the particulars of the present motion for an injunction. It is unnecessary to state them, and I will proceed immediately to consider the objections raised by the plaintiff to the proceedings of the Board of Supervisors, and also objections based upon the absence of power in the Secretary of the Interior to grant the rights which are the subject of controversy here.

The first objection, and one urged with a great deal of force to the propositions submitted to a popular vote at the election, is that there is an entire omission to state the amount of bonded indebtedness necessary to be incurred in order to carry out Proposition 1.

Proposition 1: "The acquisition, construction and completion of a public utility, to-wit, a water supply and works, to be owned and controlled by the City and County of San Francisco, to furnish to said City and County, and to the inhabitants thereof, a sufficient supply of good pure water for all purposes, the source of such supply to be Lake Eleanor, Hetch Hetchy Valley, and the waters of Tuolumne River, in Tuolumne County, California.

Now, the Charter, Article XII, section 5, in reference to these propositions to be submitted for the acquisition of public utilities, reads: "If, however, the cost of such public utilities, or any of them, shall so far exceed the annual revenues of the City and County in addition to the other necessary expenses thereof, as to render it necessary to incur a municipal indebtedness therefor, the Board of Supervisors shall, at any regular meeting held within eight weeks after the filing of the plans and estimates of cost thereof, by ordinance, as hereinafter in section 6 of this Article provided, call a special election, at which shall be submitted to the electors a proposition or propositions for the acquisition of such public utility or utilities."

There was here submitted the proposition for the acquisition of a public utility, to-wit: a water supply and works to be owned and controlled by the City and County, etc., the source of such supply to be Lake Eleanor and the Hetch Hetchy, and so on.

"Such proposition shall specify the amount of the bonded indebtedness necessary to the acquisition of the utility or utilities therein named," etc.

Now, this proposition 1 does not specify in the language of this section of the charter, the amount of bonded indebtedness necessary for the acquisition of the whole of the utility, that is, the acquisition, construction and completion of a public utility, to-wit, a water supply and works to be owned and controlled by the City and County of San Francisco.

And in that connection I may say, that, conceding that proposition 1 is insufficient by itself as a proposition for the acquisition of the public utility mentioned therein, that there is another aspect of the case in which it was proper enough that that proposition should be submitted to the voters, to the people of San Francisco.

In the conditions imposed by the Secretary of the Interior in his de-

cision of May 11, 1908, granting certain privileges or rights to the City and County of San Francisco, one of the conditions was that the City and County will, within two years, submit the question of said water supply to the vote of its citizens, and so on, and within three years thereafter, if such vote be affirmative, will commence the actual construction of the Lake Eleanor dam, etc. So that, even if it be conceded that this is an insufficient submission of proposition 1, it is clearly, in my opinion at least, sufficient to comply with condition 9, which I have just referred to, imposed by the Secretary of the Interior, whether it has been prescribed by the charter, or not. What the Secretary wanted was an expression of public opinion by the voters of San Francisco as to whether they wanted this source of water supply or not. But, irrespective of the question whether this submission was sufficient as of a proposition for the acquisition of a public utility, I think that it is sufficient, in connection with proposition 2—under section 15 of the same Article XII, which provides: "The Supervisors shall have power, in the name and for the benefit of the City and County, to acquire by purchase or condemnation, subject to the conditions and limitations in this charter and the general laws of the State prescribed, any lands situated within the State or California necessary for constructing or maintaining canals, aqueducts, reservoirs, tunnels, flumes, ditches, or pipes for conducting or storing water for the use of the City and County, or the inhabitants thereof."

I think that that language is broad enough to include the rights, if such they were, granted by the Secretary of the Interior on May 11, 1908. "The Supervisors shall have power, subject to the conditions and limitations in this Charter and the general laws of the State prescribed." What were those conditions and limitations? They are, first, that if the current revenue of this city shall not be sufficient, in addition to its other necessary expenses, to pay for the cost of acquisition, it shall be acquired by means of a bonded issue, which must be submitted to the popular vote. The limitations are that the total amount of bonded indebtedness shall not exceed a certain limit—fifteen per cent on the assessed value of property. Those are the only conditions and limitations imposed by the charter, and, as far as I am aware, by any general law of the State.

Reference was made in the argument to section 21, Chapter 1 of Article II, which provides for the purchase of land of more than \$50,000 in value, that in such a case there must be an ordinance submitted to the popular vote; but that section only refers to purchases which

are made out of the current annual revenue of the city, and it was so construed in the Law case. The only conditions and limitations in the charter are those I have mentioned, that is, that if the cost exceeds the annual revenue, it shall be paid by a bonded issue, and the limit is as to the total amount of bonded indebtedness which can be incurred by the city.

Objection is made that proposition 2, which provides for the purchase of certain lands and the cost of certain work, is for certain reasons not a compliance with the provisions of the charter, and is without the powers of the Board of Supervisors. But it must be remembered that proposition 2 is simply in reference to the performance of conditions imposed by the Secretary of the Interior as a condition of the grant. The Government requires no money here. It is not a proposition put to the voters here that the Government wants \$150,000 to be paid for granting the right to use this water, but the Government says: "We do not ask you for any money, but you must do certain other things. You claim to have certain options here on certain patented lands, partly on the floor of the Hetch Hetchy Valley and partly outside of it." It appears to be the policy of the Government to eliminate private ownership from the Yosemite National Park and other adjacent reservations. At any rate, these lands are not to be held as lands, but they are simply to be used in transit as it were, after purchase, to be transferred to the Federal Government when it is ready to accept them. I do not think that the provisions in reference to acquiring lands in the charter apply to a case of this sort. I think that the provision in section 16, Article II of the Charter relates simply to lands within the City and County of San Francisco, and I think that section 15 of Article XII is controlling in this case. I think that is the only section that applies here, and it is evident to me, in view of the history of these transactions, that those who framed that section had in mind this precise contingency, and that what the city seeks to acquire here is not land, except as a means of purchase of rights of way and a source of water supply.

The Secretary of the Interior requires of the city and county that it should be in a position to tender the Government these lands, and therefore, instead of paying the money, we acquire these lands and give them to the Government. Some of these lands could not be obtained by condemnation. They are, in fact, not absolutely necessary for the particular purpose of the city. The city could dispense with them, but they are simply necessary in order to comply

with the conditions imposed by the Secretary of the Interior. As to the Til Til Valley land—I do not know whether it appears by affidavit, or whether it was simply a statement of counsel—it was acquired simply because the owners would not sell a part only. That was thrown in. It can be considered as having no cost at all. The price paid, or to be paid, is really for these other lands, which are actually necessary in order to comply with the conditions, and the other was purchased evidently, because the parties would not sell a part without selling the whole, the other being practically of no importance.

Now, if that be so, if this be regarded simply as a performance of conditions in order to acquire rights, which under the charter the Supervisors had a right to acquire by complying with the conditions and limitations that I have referred to, I think that the submission was a valid one, irrespective of the objections raised as to the validity of the proceedings under the other provisions of Article XII in reference to public utilities.

Now, it is true that propositions one and two were submitted separately; but in my opinion, they are practically one proposition, that is, if you treat it simply now as an attempt to purchase, to acquire rights under section 15 of Article XII. We have here a declaration as to the acquisition of a source of supply from Lake Eleanor and Hetch Hetchy Valley and the waters of the Tuolumne River, and in connection with that a bonded indebtedness for the purpose of purchasing certain lands, and so on, in Hetch Hetchy Valley, and elsewhere, in order to comply with the conditions and stipulations agreed to by the city and county.

It is claimed that this proposition 2 is defective in not stating what lands and rights, or what stipulations and conditions were agreed to, etc.

I have often thought that these propositions in reference to acquiring public utilities, particularly existing ones, must necessarily be stated in a very general character. Suppose, for instance, a proposition was made to acquire all of the property of the Spring Valley Water Company. I apprehend that it would not be necessary to make an inventory of all the property, real or personal, of the Spring Valley Water Company, and put that on the ballot. It would be a very long catalogue. And so with the telephone company and the United Railroads. How long an inventory would a proposition to acquire them require? The conditions imposed by the Secretary and agreed to by the city, as well as the particular lands to be acquired are matters of public record. The decision of the Secretary of the

Interior, the conditions imposed by him, the action of the Board in agreeing to them, and the ordinances providing for the calling of this election, all those things became a matter of public record, and whatever obscurity may exist in reference to them would certainly militate against their adoption. That is, a man might very well hesitate to vote for these propositions if he was uninformed as to what they were, and would probably vote against them if he did not understand what they meant. If a man voted for them, he evidently must have known what was meant by these stipulations and conditions, and what lands were referred to as lands in the Hetch Hetchy Valley, and the large majority given for these propositions would indicate that there was no want of information on the part of the voters in reference to what was the subject referred to in proposition 2.

Now, it seems to me that, if I am correct in saying that the proceeding may be sustained under section 15 of Article XII without reference to the others, it would seem to follow that the action of the Board has been regular, provided that the amount of bonded indebtedness authorized does not exceed the limitation imposed by the charter. I am of the opinion that on considering what amount of bonded indebtedness exists, bonds which have merely been authorized, but have not been issued, should not be considered.

It appears by the affidavit on behalf of defendants that, if you exclude bonds which have not been issued, there will be no excess of bonded indebtedness even if the entire \$42,000,000 of bonds should be issued. At present we are only concerned with bonds to the amount of \$600,000.

Article XVI, section 29, provides that the propositions to incur a bonded indebtedness for a certain purpose shall be submitted to the electors of the city and county at a special election to be held for that purpose only.

In my opinion, propositions 1 and 2, although separately stated, really involve but one proposition, to-wit: the acquisition of a source of water supply, and performance of certain conditions necessary to such acquisition. In the Law case it was held that separate and distinct propositions did not violate this condition imposed by the section that I have just cited merely because they were separate and distinct. There it was held that propositions for the building of sewers, buying of lands for parks and playgrounds, and the construction of a hall of justice, were for one purpose only within the meaning of that section.

Now, so far as proposition 3 is concerned, in my opinion that was simply about the same in effect as if the Super-

visors had submitted at this election the proposition whether the United States Senators should be elected by the people. It was really simply asking for their sentiments. It was not necessary or proper to be submitted. The cost was only to be \$40,000, and it did not come within the \$50,000 provision of Article II. The Board of Supervisors had no authority to submit that, as it did not require a bonded indebtedness. Proposition 3: "To acquire by purchase the property of the County Line Water Company used in supplying a portion of the City and County with water." Clearly, that is not a distinct proposition. One is for the whole of the city, the other for a part. It is all one proposition. At any rate, in my opinion, that was simply an academic question. As far as I can see, there was no authority on the part of the Board to submit that part. There was in legal contemplation no submission at all, and I do not consider that its being there would affect the question, even if it was for a separate and independent purpose.

The other question relates to the rights acquired by the city under this grant of the Secretary of the Interior. My opinion in this matter is of very little moment. The Secretary of the Interior has considered that he did have the power to grant such permits as he did give, and his opinion having been endorsed by the Attorney-General of the United States, and by the law department of this city, I see no reason why I should dissent from it. The only objection made is as to the tenure of the city's rights, it being a revocable permit. But we know very well that, in these matters, the Government can well be trusted. Nothing but a malicious motive could prompt any future Secretary of the Interior to revoke the rights granted by this permit after the expenditure of money by the city on the faith thereof. We know, as a matter of fact, that investments were made on this coast in amounts involving millions of dollars upon mining claims upon public lands before there was any act of Congress giving miners any rights whatever to the property that they were working. I do not think that it is for this court to say, where the title is satisfactory to the proper authorities, that the permit given by the Secretary of the Interior is not a sufficient basis for the action of the Board of Supervisors.

For the reasons that I have just stated I think I will discharge the order to show cause, and dissolve the restraining order.

So far as the demurrer to the complaint is concerned, I have not examined the complaint separately for the purpose of determining whether I

shall overrule the demurrer. The matter has been argued with reference to the motion for injunction.

Request for Postponement of Consideration of Bids.

A. E. Brock, representing N. W. Halsey & Co., was granted the privilege of the floor, and requested that the time for receiving bids for the purchase of the Water Supply Bonds be postponed until he had time to formulate the bid of said N. W. Halsey & Co. His Honor the Mayor and several members of the Board objected to any postponement, for the reason that such action would be unjust to other bidders who were ready to present bids at this time.

Motion.

The hour of 3 o'clock p. m. having arrived, Supervisor Murphy moved that the Board proceed to open and consider the Proposals on file with the Clerk of the Board, for the purchase of the Water Supply Bonds of the City and County of San Francisco, advertised for sale at this hour.

So ordered.

Bid Ordered Returned.

A communication from the Citizens' Savings Bank of San Diego was read requesting that its bid and certified check, heretofore filed for the purchase of said Bonds, be returned.

Motion.

On motion of Supervisor Johnston, the Clerk was authorized to return said bid and certified check to said Citizens' Savings Bank of San Diego unopened.

Bids Are Opened.

The following bids, heretofore filed with the Clerk, were thereupon opened and read:

Motion.

Supervisor McLeran moved that the matter of the award of street railway franchise on Stockton and other streets be taken up and considered.

So ordered.

Report of Minority of Public Utilities Committee.

San Francisco, June 28, 1909.
To the Honorable the Board of Supervisors, San Francisco.
Gentlemen:

The minority of your Public Utilities Committee begs leave to recommend the passage of bill granting street railway franchise on Stockton and other streets to Frank D. Stringham, unconditionally in conformity with the notice of sale of said franchise.

Respectfully submitted,

R. McLERAN.

Ordered filed.

Report of Majority of Public Utilities Committee.

San Francisco, June 28, 1909.

To the Honorable the Board of Supervisors, San Francisco.

Gentlemen:

The majority of your Public Utilities Committee begs leave to recommend the passage of bill granting street railway franchise on Stockton and other streets to Frank D. Stringham, provided stipulation is filed waiving certain conditions as to method of computing valuation of road, in event of City taking over the same.

Respectfully submitted,

J. A. JOHNSTON.

D. C. MURPHY.

Ordered filed.

Motion

Supervisor McLeran moved that the franchise be awarded to Frank D. Stringham in accordance with the terms of the notice of sale.

Privilege of Floor.

Curtis Hillyer, attorney representing Frank D. Stringham, was granted the privilege of the floor, and stated that his client had no objection to filing a stipulation waiving the right to operate an overhead road and waiving any claim for personal damages that may be paid by the grantee in damage suits or otherwise when considering the taking over of the road by the municipality.

T. Bacigalupi, D. N. Walter and *Andrew M. Davis* were heard favoring the granting of the franchise in accordance with the terms of the notice of sale.

E. P. E. Troy opposed the grant of the franchise in its present form and requested that it be advertised anew with provisions defining unconditionally the right of the City to acquire the road at its arbitrated value, eliminating the franchise element, at any time during the life of the grant, and also by amending the language with respect to the ten block provision.

Adopted.

Whereupon, the question being taken on Supervisor McLeran's motion, the following Resolution was *adopted* by the following vote:

Awarding Stockton Street Franchise to Frank D. Stringham.

Resolution No. 4094 (New Series), as follows:

Resolved, That the bid of Frank D.

Stringham, accompanied by an appropriate bond heretofore filed, for the purchase of the street railway franchise heretofore advertised for sale by the Clerk of this Board, in accordance with the provisions of Resolution No. 3797 (New Series), wherein said Frank D. Stringham bids three (3) per centum of the gross receipts of such railroad for the first five (5) years of the period for which said franchise is to be granted, four (4) per centum of the gross receipts during the next succeeding ten years of said period, and five (5) per centum of the gross receipts during the next succeeding ten years of said period, and agrees to take the same in accordance with the conditions in said Resolution No. 3797 (New Series), set forth and imposed, be and the same is hereby accepted, and said franchise so described in Resolution No. 3797 (New Series), be and the same is hereby struck off, sold and awarded to said Frank D. Stringham, the highest bidder therefor.

Passed for Printing.

Thereupon, pursuant to award of franchise, the following Bill was *passed for printing* by the following vote:

Bill No. 944, Ordinance No. — (New Series), Granting to Frank D. Stringham a franchise for a right of way, and the right to construct, maintain and operate a double-track railroad, together with all necessary branches, side-tracks, turn-outs, switches, curves, crossings and facilities upon, over and under certain streets in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The right-of-way is hereby granted to Frank D. Stringham, his successors or assigns, for the term of twenty-five (25) years, to use portions of the streets and avenues hereinafter named and described, for street railroad purposes, as hereinafter set forth, and to that end the said Frank D. Stringham, his successors or assigns, is hereby granted the right to construct, erect, maintain and operate by means of electricity, or such other improved power as science has now or may hereafter discover and the laws sanction, a double-track railroad upon,

over and under the portions of the following streets and avenues:

Commencing at the southerly terminus of Stockton street where said street intersects the northerly line of Ellis street; thence over and upon said Stockton street to Bay street, curving into and connecting with double tracks on Bay street in both an easterly and westerly direction, including the right to operate said railway through a tunnel or subway twenty-two (22) feet in width and sixteen (16) feet high in the clear, with suitable approaches to be constructed under said Stockton street from the northerly line of Sutter street to the southerly line of Sacramento street; also commencing at the intersection of Bay street with the westerly line of East street; thence upon and over said Bay street to Montgomery avenue; thence curving into Montgomery avenue and upon and over Montgomery avenue to North Point street; thence curving into North Point street and upon and over North Point street to Polk street; thence curving into Polk street and upon and over said Polk street to Bay street; thence curving into Bay street and upon and over Bay street to Laguna street; thence curving into Laguna street and upon and over Laguna street to Chestnut street; thence curving into Chestnut street and upon and over Chestnut street to the Presidio Reservation.

Section 2. It shall be lawful, and said Frank D. Stringham, his successors or assigns shall have the right to build, construct, erect and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, connecting tracks, Y tracks, side-tracks, turn-outs, curves, switches, crossings, and to connect any or all of said tracks with the main line of the railroad, as hereinbefore set forth. But nothing herein contained shall be construed to permit the grantee to connect his tracks with those of any other person, firm or corporation, without the consent of the Board of Supervisors, provided that the grantee, his successors or assigns may connect with existing tracks on Stockton street, at Clay street, at Jackson street, at Broadway and at Union street. Nothing herein contained shall be construed as the right to maintain any elevated road without the permission of the Board of Supervisors.

Section 3. The foregoing grants are made upon the following express conditions, to be strictly complied with by the said grantee, his successors or assigns, viz.:

First—The grantee, his successors or assigns, shall pay to the City and County of San Francisco, in lawful money of the United States, a percent-

age upon the gross annual receipts of said grantee, his successors or assigns, arising from the use, operation, possession or enjoyment of such franchise, as follows: Three per centum thereof during the first five years of the period for which said franchise is granted; four per centum thereof during the next succeeding ten years of said period, and five per centum thereof during the next succeeding ten years of such period.

All such per centum of said gross receipts shall be paid monthly into the treasury of the City and County of San Francisco, on or before the tenth day of the next ensuing month after such gross receipts shall have been earned.

“Second—The grantee, his successors or assigns shall continuously operate the whole of the railway hereby authorized, and at the end of the term or this franchise the road, track and bed of said railway, and all its stationery fixtures upon the public streets, shall become the property of the City and County.

“The grantee, his successors or assigns, shall within one hundred days after the date of the grant hereby made commence the construction of the railway hereby authorized, and continuously thereafter in each and every month, until the completion thereof, expend in such construction at least the sum of three thousand dollars.

A failure to comply with any of the conditions in the foregoing paragraphs shall work an immediate forfeiture of such franchise, and the road or track constructed thereunder, and there shall be no power in the Board of Supervisors to relieve from such forfeiture or from any of said conditions.

On or before the tenth of each month, after said receipts shall have been earned, the grantee, his successors or assigns, and if a railway company, the president and secretary of said railway company, shall make and file with the Clerk of the Board of Supervisors, a sworn statement of the gross receipts of such railway for the preceding month.

Third—The franchise hereby granted shall not, upon the expiration of the term thereof, be renewed or regranted, and the Board of Supervisors of the City and County of San Francisco shall at all times have the power to regulate the rates of fare to be charged by those using, operating, possessing or enjoying this franchise, and the finance committee of said Board shall at all times be permitted to examine and inspect their books as to their gross receipts.

Fourth—The grantee, his successors or assigns, shall grade and pave the space between the rails, and for two

feet each side thereof, and between the tracks, upon the streets whereon said tracks are to be laid, and keep the same in good condition and repair, under the supervision and to the satisfaction of the Board of Public Works of the City and County.

If the grantee, his successors or assigns shall fail to comply with this provision upon reasonable notice from the Board of Supervisors, the Board of Public Works may forthwith proceed to do the work, and the cost thereof shall be paid by the said grantee, his successors or assigns.

Fifth—Such street railroad operating under different management, as the Board of Supervisors may permit, or the City and County itself, in the operation of a Municipal Railroad, shall have the privilege of using said tracks for a distance not exceeding five (5) consecutive blocks, upon the sole condition that the expense of construction, maintenance and repair of the tracks and appurtenances and subway, if used by said railroads jointly, shall be equally divided between the respective operating railroads.

Sixth—If permission shall be granted by the Board of Supervisors to a line or lines of street railroads operated under different managements, other than that operated by the grantee hereunder, to operate over the tracks of the grantee, for a distance greater than five (5) and not exceeding ten (10) blocks, then and in such case each of said lines shall pay an equal portion for the construction and repair of said tracks and appurtenances, including the subway, used by said railroads jointly, for such number of blocks, and each of such lines of railroads shall likewise pay to the grantee one-half ($\frac{1}{2}$) of the regular fare for each passenger carried over such portions of the grantee's road; provided that the City and County, in the operation of a Municipal Railroad, shall have the privilege of using said tracks for a distance not exceeding ten (10) blocks on the sole condition that it pay an equal proportion of the expense of construction, maintenance and repair of the tracks, subway and appurtenances used by the City and County and the grantee, his successors or assigns, jointly.

The grantee, his successors or assigns shall have the right to reciprocal transfer privileges with the lines operated by the City and County, and the City and County and the grantee agree to secure to each other the benefit of any transfer arrangements which may be made by either of them with other lines and affecting passengers traveling over the portion of said railroad used by the City and County and the grantee in common.

The foregoing conditions are agreed

to by the City and County because of the unusual character of the construction of said road, and because of the number of intersecting competing lines under one management.

Seventh—The grantee, his successors or assigns shall pay to the City and County, as a license upon each car, such sum as the Board of Supervisors may fix by general ordinance, provided, however, that such sum shall not be less than fifteen dollars (\$15.00) nor more than fifty dollars (\$50.00) per annum.

Eighth—The grantee, his successors or assigns, operating under said franchise, shall, so far as lies within his power, and wherever required by the Board of Supervisors, maintain reciprocal transfer privileges with intersecting lines of street railroads, provided, however, that the grantee, his successors or assigns, shall not be required to accept or grant transfer privileges except upon terms which will net him or it one-half ($\frac{1}{2}$) of the regular fare per trip for each passenger carried, and provided further that the grantee, his successors or assigns shall not be required to issue transfers to passengers traveling upon his line upon a transfer from other lines.

Ninth—The grantee operating under this franchise shall install and maintain upon Stockton street, from Ellis to Sutter streets, first-class ornamental iron poles, of a design to be approved by the Board of Supervisors, and upon each alternate pole along said street, from Pacific street to Filbert street, shall install and maintain, at his own expense, and without expense to the City and County, electric arc lights for the lighting of said streets, and shall likewise install and maintain, at his own expense, and without expense to the City and County, twenty (20) additional electric arc lights, to be placed at such points along the line of said railroad as may be designated by the Board of Supervisors.

Tenth—The grantee, his successors or assigns, shall keep the subway herein referred to adequately lighted at all times during the existence of this franchise, at his own expense.

Eleventh—As a condition precedent to the sale and granting of this franchise, the grantee hereunder shall permit and allow all policemen and firemen of the City and County of San Francisco at all times, when in uniform, and all mail carriers in the employ of the United States Government, while engaged in the actual discharge of duty, when in uniform, to ride on the cars of such company without paying any sum of money whatever for fare or otherwise.

Twelfth—The grantee further agrees that in the event that he shall make default in the observance or performance of any of the agreements or con-

ditions hereinbefore required to be kept and performed by him, and if any such default shall continue for a period of three (3) months (exclusive of all times during which the grantee, his successors or assigns may be delayed or interfered with, without his connivance, by unavoidable accidents, labor strikes or the orders or judgments of any court entered in any suit brought without his connivance, after written notice thereof to him from the said City and County), then and in each and every such case the said City and County, by its Board of Supervisors shall be entitled to declare this franchise and all the rights and privileges of the grantee to maintain and operate street railways in any of the hereinbefore mentioned streets of the said City and County, to be forfeited and at an end; provided, however, that should the grantee, his successors or assigns pledge or mortgage his street railway property or any of the rights secured to the grantee, his successors or assigns by this franchise, or any security representing the said property or rights, for the security of the payment of his or their notes, bonds or other evidences of indebtedness, the amount thereof not being in excess of the value of all the property and rights of the grantee, such right of forfeiture of this franchise by reason of any violation by the grantee, his successors or assigns, of the provisions hereof shall not be asserted or exist against such pledgee or pledgees, mortgagee or mortgagees, or any of them, and shall not impair or affect the right of such pledgee or pledgees, mortgagee or mortgagees, to recover by foreclosure or other legal process against all the property of the grantee, including the rights and privileges hereby granted, the face value of said notes, bonds or other evidences of indebtedness, or any security representing the said property or rights to an amount, however, not in excess of the sum for which the City and County would, at the time of declaring such forfeiture, have the right under the terms hereof to purchase the said street railway property; and it is hereby stipulated that any notice of default by the grantee, his successors or assigns, upon which a forfeiture shall be claimed, shall also be given by the said City and County to the trustee or mortgagee of record in any trust deed or mortgage securing such indebtedness. The purchaser at any foreclosure or other sale shall acquire no other or greater rights or privileges than are hereby conferred, and such purchaser shall hold said property, so purchased at such foreclosure or other sale, subject to the right of purchase at any time thereafter as herein provided by the said City and County; and also subject to the continuing terms, conditions and limitations of this or-

dinance, including the forfeiture provision, to the same extent as if the said purchaser had been the original grantee hereunder.

Section 4. First—At any time during the last ten (10) years of the life of this franchise the City and County of San Francisco shall have the right to acquire the same for municipal purposes, together with the power plant, poles, wires, road-bed, rails, rolling stock, and all real and personal property of said railway, at such fair and reasonable valuation as may be agreed upon by the grantee, his successors or assigns, and the City and County of San Francisco; or, failing such agreement, at such valuation as may be fixed by a court of competent jurisdiction, such sum, however, not to be less than seventy-five per cent (75 per cent) of the cost of construction, equipment, betterment and improvements, including brokerage and legal expenses, the said brokerage and legal expenses to be limited to fifteen (15) per cent of the total construction, equipment, betterment and improvements of said railway, and at not less than full market value at the time of acquisition by the City and County of the real property acquired by the grantee, his successors or assigns, for use in connection with the operation of said street railway, but the value of the franchise element shall be excluded.

Second—The grantee, his successors or assigns, shall quarterly make and file with the Board of Public Works sworn statements showing the exact amount bona fide expended by the grantee, his successors or assigns, in the actual construction, equipment, betterment and improvement of said railroad and subway; and the said Board of Public Works shall, for the purpose of verifying the same, have free access to the books and vouchers of the grantee, his successors or assigns, and if the Board of Public Works shall be satisfied of the truth of such statements, and that such amounts have been necessarily and actually expended by the grantee, his successors or assigns, in the construction, equipment, betterment and improvement of said railroad, including damages, said Board shall, by resolution, approve the same and record the said statements, together with a certified copy of the resolution approving the same, in the office of the County Recorder of the City and County of San Francisco, and the amounts contained in such approved statements, together with fifteen (15) per cent additional for legal expenses and brokerage, shall be conclusive upon the City and County of San Francisco and the grantee, his successors or assigns, as the cost of such portion of the construction, equipment, betterment and improvement of said railway and subway, for the purpose of arriving at

the seventy-five (75) per cent referred to in the preceding paragraph of this section.

Third—If any claim or claims shall be made against the grantee, his successors or assigns for damages arising from the construction of the tunnel aforesaid, and said claim or claims shall be settled before or after suit, or if a judgment shall be recovered against the grantee, his successors or assigns, then the amount of such settlement, judgment and payment shall be certified as hereinbefore provided for, and deemed a part of the costs of construction of said railway within the meaning of this section.

Section 5. The grantee, his successors or assigns shall, in the operation of said railroad, construe not more than eight hours as one day's work performed, and not less than twenty-five cents per hour as a minimum wage; but the grantee, his successors or assigns shall have the right to agree with his employees or any association of his employees, or any of them, upon any more favorable schedule of wages and hours mutually satisfactory to employer and employee.

The grantee, his successors or assigns agree that whenever a majority of the other street railroads operating in the City and County shall operate under a schedule of three dollars (\$3.00) per eight-hour day for platform men, the grantee, his successors or assigns shall operate under a similar schedule.

Section 6. The grantee, his successors or assigns shall, before commencing work upon the tunnel, file a bond with the City in the sum of fifty thousand dollars (\$50,000), to be approved by the Mayor, conditioned upon the construction and completion of said tunnel.

Section 7. Said street railroad franchise is hereby granted subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II, of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5, 1903, of Section 1 thereof and Section 6 thereof.

Section 8. This ordinance shall take effect and be in force from and after its passage.

NEW BUSINESS (Resumed).

Adopted.

The following Resolutions were adopted:

Award of Contract, Lighting Streets and Public Buildings.

On motion of Supervisor D'Ancona: Resolution No. 4095 (New Series), as follows:

Resolved, That the contract to light the streets and the outlying districts of, and all public buildings (except school buildings) of the City and County of San Francisco with gas and electricity, and for supplying power for all purposes for the term of one year commencing July 1st, 1909, and ending June 30th, 1910, in strict accordance with the specifications and advertisements inviting proposals thereon be and the same is hereby awarded to the San Francisco Gas & Electric Company, a corporation, at the hereinafter designated prices, said Company being the lowest responsible bidder, to wit:

For each single burner gas lamp, lighted all night, 6 548-1000 cents per lamp per night.

For each gas triple lamp cluster, lighted until 12 o'clock, or all night, five (5) cents for each lamp of the cluster per lamp per night.

For a single lamp of a triple lamp cluster used all night where two lamps of the cluster are extinguished at midnight, 6 548-1000 cents.

For each electric arc lamp, lighted all night, 20 712-1000 cents per lamp per night.

For each electric arc lamp, lighted until midnight, 13 81-100 cents per lamp per night.

For each electrolier of the type now in use in the downtown retail shopping district, lighted all night, 20 712-1000 cents per electrolier per night.

For furnishing gas to public buildings, offices, yards and public places, the sum of sixty cents (60c) per 1000 cubic feet.

For electric current for lighting purposes, the sum of three and one-half cents (3½c) per kilowatt hour.

For electric current for power purposes, the sum of three and one-half cents (3½c) per kilowatt hour.

For each arc lamp inside public buildings or grounds adjacent thereto, when not connected with a metered service, the sum of two and one-half cents (2½c) per lamp hour.

Provided, that the sureties on the bond of the San Francisco Gas and Electric Company, which bond is hereby fixed at \$45,000.00, shall be satisfactory to his Honor, the Mayor, who is hereby authorized to enter into said contract, subject to the following conditions, to wit:

That said San Francisco Gas & Electric Company shall, during said term of one year, from July 1st, 1909, to June 30, 1910, light the public streets and outlying districts of the City and County with not less than 4400 gas lamps and not less than 2250 electric arc lamps during the said term.

Of the above 2250 electric arc lamps 2210 shall be lighted all night and the remaining 40 may be extinguished at midnight, as is the practice at the present time, it being distinctly understood, however, that the City and County may during the period of said term order any and all said last mentioned lights to be lighted all night, subject, however, to the increased scale for all night lighting as hereinabove provided.

The term of lighting and extinguishing shall be as follows:

Arc lights shall be lighted three-quarters of an hour after sunset and shall be extinguished not earlier than three-quarters of an hour before sunrise, excepting however, the aforesaid 40 lights extinguished at midnight. In the case of gas lamps the last lamp shall be lighted not later than one hour after sunset and the first gas lamp shall be extinguished not earlier than an hour and a quarter before sunrise, provided that the last lamp shall not be extinguished earlier than fifteen minutes before sunrise.

Deductions for lights not burning shall be computed at the rate of 6.548 cents per night for single burner gas lamps; 5 cents per night for each lamp of an all-night or 12 o'clock triple lamp cluster, except where one of the lamps of a triple-lamp cluster should continue to burn all night, then the deduction charge for that lamp shall be 6.548 cents per night, 20.712 cents per night for each all-night electric arc lamp and 13.81 cents per night for each 12 o'clock arc lamp.

It is understood that in order to facilitate extinguishing all 12 o'clock triple lamp clusters shall be grouped and contiguous.

Also, Bill No. 945, Ordinance No. — (New Series), entitled "Amending Section 4 of Ordinance No. 525 (New Series), entitled 'Authorizing the appointment by the District Attorney of one additional assistant, to be called Special Agent, and fixing a compensation, and of twenty-five additional assistants, to be called Assistant Special Agents, and fixing their compensation,' approved August 6, 1908, the effect of which amendment is to provide that the ordinance shall be without force and effect from and after December 31st, 1909.

Adopted.

The following Resolutions were adopted:

Awarding Lease, "Broadway Jail Lot", to F. Rolandi at Monthly Rental of \$151.

On motion of Supervisor Jennings: Resolution No. 4097 (New Series), as follows:

Whereas, Pursuant to the directions of Resolution No. 3634 (New Series) of the Board of Supervisors, notice was given, as required by the Charter of the City and County of San Francisco, that a lease of the property known as the "Broadway Jail Lot" would be sold at public auction at the Chambers of the Board

of Supervisors on Monday, June 21, 1909, and

Whereas, Said auction sale was had at the time and in the manner stated in said notice and in accordance with the provisions of the Charter of the City and County, and

Whereas, F. Rolandi was the highest and best bidder at said sale, and the lease of said property was at sale struck off and awarded to him, now therefore,

Resolved, That a lease for the term of twenty (20) years from the first day of July, 1909, of the property described as

That certain lot of land known as "The Broadway County Jail site", situate on the northerly line of Broadway, 137 feet 6 inches westerly from Kearny street, of dimensions 57 feet 6 inches by 137 feet 6 inches, in 50 Vara Block No. 86, is hereby awarded to F. Rolandi for the monthly rental of one hundred and fifty-one (\$151.00) dollars, that being the highest and best bid therefor.

The Mayor of the City and County of San Francisco is hereby authorized to enter into a contract of lease with said F. Rolandi, in accordance with the terms and conditions contained in said notice of sale, and pursuant to the provisions of the Charter of the City and County.

Propositions for Construction of City Hall.

Supervisor Bancroft presented the following:

Resolution No. — (New Series), as follows:

Whereas, The proposition to acquire lands for a Civic Center and for the construction of a City Hall in said Civic Center was defeated by the people at the election held June 22nd, 1909,

And Whereas, It is essential for the well-being and prestige of San Francisco that immediate action be taken in the matter of the construction of a City Hall to house the Departments of the Municipality; now therefore

Resolved, That the Public Buildings Committee of this Board be and is hereby authorized and requested to call a general public meeting, to be held in this office on Thursday, July 1, 1909, at the hour of 2 p. m., for the purpose of considering propositions for the construction of a City Hall.

Further Resolved, That all persons interested in the construction of said City Hall be and they are hereby invited to be present at said meeting.

Substitute Adopted.

Supervisor Murdock thereupon introduced the following substitute for the foregoing Resolution, which substitute Resolution was *adopted* by the following vote:

Resolution No. 4103 (New Series), as follows:

Whereas, The members of the Board of Supervisors offered the voters of San Francisco the opportunity to issue bonds for the acquisition of land and the erection of a City Hall from a firm conviction that the future interests of the city demanded the adoption of a comprehensive plan for its development and improvement, and

Whereas, From various causes, the necessary two-thirds of the votes cast were not favorable to the measure of progress, whereby the Board is now called upon either to surrender its purpose and submit a proposition to erect the City Hall on the old site, thereby disregarding and blocking the admirable and far-sighted plan formally adopted by the city through its Board of Supervisors, or to postpone action until it may seem wise to again submit the measure, and

Whereas, The negative votes of a small minority of the electors have not changed our conviction, and we are firm in the belief that to rebuild on the old site would be against the interests of the city, and be justly considered a lack of faith in the future, and

Whereas, We feel reasonably certain that fuller consideration, with the correction of misrepresentation, the removal of misconception, and a realization of the import of this forward step will induce a reversal of the verdict on June 22nd; therefore be it

Resolved, That the Committee on

Public Buildings be asked to consider the advisability of again submitting to the voters of the city the acquisition of land for a Civic Center, and the erection of a City Hall, with such modifications (should they be deemed desirable) as they may approve, and report to this Board with their recommendations as to time of submission.

On motion of Supervisor Bancroft: Bill No. 947, Ordinance No. — (New Series), entitled "Ordering the construction of the Jean Parker Grammar School building in accordance with plans and specifications prepared therefor under direction of the Board of Public Works, and approved by the Board of Education; authorizing and directing the Board of Public Works to enter into contract for the construction of said school, and to expend therefor the sum not to exceed \$160,000.00 out of the proceeds for sale of school bonds, and authorizing progressive payments to be made during the construction of said school building."

Adopted.

The following Resolution was *adopted*:

Accepting Offer of Eva Tapper in Sum of \$11,085 for Lands Required for Mission High School.

On motion of Supervisor Bancroft: Resolution No. 4104 (New Series), as follows:

Whereas, an offer has been received from Eva Tapper (filed by City Attorney June 18, 1909) to convey to the City and County of San Francisco certain land in Mission Block No. 85, said land being required as an addition to the Mission High School site; and

Whereas, The price at which said parcel of land is offered is in accordance with the appraised value thereof; therefore be it

Resolved, That the offer of Eva Tapper to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, with improvements thereon, free of taxes for the fiscal year 1908-9, and a McEnerney title thereto, for the sum of \$11,085.00, be and is hereby accepted, to wit:

Commencing at a point on the easterly line of Church street, distant thereon 141 feet northerly from the northerly line of Eighteenth street,

running thence northerly along said easterly line of Church street 27 feet; thence at a right angle easterly 88 feet; thence at a right angle southerly 27 feet; thence at a right angle westerly 88 feet to the easterly line of Church street and point of commencement. Being a portion of Mission Block No. 85.

The City Attorney is hereby directed to examine the title to the said land, and if the same is found to be vested in the aforesaid owner, free from all incumbrances, and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient moneys reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon the payment of the agreed purchase price as aforesaid.

The following matter was *passed for printing*:

Authorizing Payment of \$11,085 to Eva Tapper for Certain Land Required for Mission High School Purposes.

On motion of Supervisor Bancroft: Resolution No. — (New Series). Authorizing an expenditure of \$11,085.00 out of the "School Construction Account" of the Public Building Fund, in payment to Eva Tapper, as purchase price of a lot and improvements on the easterly line of Church street, 141 feet northerly from the northerly line of Eighteenth street, of dimensions 27 feet frontage by a uniform depth of 88 feet, in Mission Block No. 85, required as additional land to the Mission High School site.

Adopted.

The following Resolutions were *adopted*:

City Attorney to Commence Condemnation Proceedings for the Acquisition of Certain Land Required for Mission High School and Sheridan School.

On motion of Supervisor Bancroft: Resolution No. 4105 (New Series), as follows:

Whereas, the City Attorney by Resolutions Nos. 3271 and 3521 (New Series), of the Board of Supervisors, was directed to solicit offers for the sale to the City and County of San Francisco of the certain parcels of land hereinafter described, which lands are required by the City and County of San Francisco as additional and new sites for the Mission High and Sheridan Schools, and

Whereas, The offer received from the owners to sell said lands to the City

and County of San Francisco are deemed unreasonable and in excess of the appraised valuation of said lands and property in this vicinity; now therefore

Resolved, That the City Attorney be and is hereby authorized and instructed to institute condemnation proceedings against certain owners for the acquisition of the following described lands by the City and County of San Francisco, to wit:

For Mission High School—Owner, David Dorward.

Commencing on the easterly line of Church street, distant thereon 114 feet northerly from the northerly line of Eighteenth street; running thence northerly along said easterly line of Church street 27 feet; thence at a right angle easterly 88 feet; thence at a right angle southerly 27 feet; thence at a right angle westerly 88 feet to the easterly line of Church street and point of commencement. Being a portion of Mission Block No. 85. Also,

Owner, Ida G. Schade.

Commencing at a point on the northerly line of Eighteenth street, distant thereon 137 feet easterly from the easterly line of Church street; running thence easterly along said northerly line of Eighteenth street 25 feet; thence at a right angle northerly 114 feet; thence at a right angle westerly 25 feet; thence at a right angle southerly 114 feet to the northerly line of Eighteenth street and point of commencement. Authorizing Board of Public Works to Remove Switch of United Railroads at Post and Market Streets.

On motion of Supervisor Johnston: Resolution No. 4106 (New Series), as follows:

Whereas, The City Attorney, under date of January 14, 1909, advised the Board of Supervisors, pursuant to re-

quest made by Resolution No. 2924 (New Series) of said Board, that the United Railroads of San Francisco has no legal right under franchises granted to their predecessors in interest, to construct a switch over the intervening space between the terminal of the Post street line and the tracks on the central line of Market street, and

Whereas, The said United Railroads of San Francisco continues to maintain said switch over said intervening streets, now therefore

Resolved, That the Board of Public Works be and is hereby authorized and instructed to cause the aforesaid switch connecting the terminal of the said Post street line with the tracks of the central line on Market street to be removed on or before July 6, 1909.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, Murdock, Murphy, Sanderson—13.

The following matters were *passed for printing*:

Permit Spur Tracks, Southern Pacific Company.

On motion of Supervisor Broderick: Bill No. 948, Ordinance No. — (New Series), entitled "Granting to the Southern Pacific Company permission, revocable at will of the Board of Supervisors, to construct, maintain and operate four spur tracks from company's tracks, in South Beach Block No. 27, thence across King, Berry, Channel and Hooper streets."

Establishing Grades, Henry Street.

Also, Bill No. 949, Ordinance No. — (New Series), entitled "Establishing grades on Henry street."

Extension of Time, Street Work.

Also, Resolution No. — (New Series), as follows:

Resolved, That W. C. Ralsch be and is hereby granted an extension of ninety days' time from and after July 17, 1909, within which to complete the contract for grading and sewerage Fourth avenue, between Parnassus avenue and "K" street, and on the crossing of Fourth avenue and "K" street.

This extension of time is recommended for the reason that grades at the crossing of "K" street will have to be changed to conform with Serpentine road.

Ordering Sewer Work.

Also, Bill No. 950, Ordinance No. — (New Series), entitled "Ordering the construction of sewers and appurtenances in Greenwich street, between Octavia and Gough streets, and in Gough street, between Greenwich and Filbert streets, approving and adopting plans and specifications therefor and authorizing the Board of Public

Works to enter into contract for doing said work at an estimated cost of \$8,000, payable out of the proceeds of sale of sewer bonds of the year 1908.

Adopted.

The following Resolution was *adopted*:

Intention to Change Grades.

On motion of Supervisor Broderick: Resolution No. 4107 (New Series). Declaring it to be the intention of the Board of Supervisors to change and establish grades on Naples street, between Brazil and Russia avenues, and on Persia avenue, between Edinburgh and Naples streets, in accordance with the recommendation of the Board of Public Works filed June 18, 1909, and further declaring that no assessment district is necessary as no damage will result from said changes of grades; also directing the Board of Public Works to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated notice of the passage of this Resolution of Intention.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, Murdock, Murphy, Sanderson—13.

Action Deferred.

The following Resolution was taken up and on motion laid over one week:

Requesting City Attorney to Advise as to Steps to Compel Spring Valley Water Company to Furnish Adequate Water Service.

On motion of Supervisor Johnston: Resolution No. — (New Series), as follows:

Whereas, The Board of Supervisors is in constant receipt of complaints from citizens and taxpayers of the City and County, to the effect that the Spring Valley Water Company refuses to furnish water service to said persons in certain cases, and to furnish adequate water service sufficient for both domestic purposes and for fire protection in other cases, and

Whereas, Under the provisions of the Constitution of the State of California the Spring Valley Water Company is granted the use of the public streets for the purpose of supplying water to the inhabitants of the City and County of San Francisco, and it is the opinion of the Board of Supervisors that this function must be performed under such grant, now therefore

Resolved That the City Attorney be and is hereby requested to advise this Board as to the proper steps to be taken to compel the Spring Valley Water Company to furnish water to the citizens of the City and County of San Francisco for domestic service, and also for the steps required to compel said company to furnish water service for fire protection.

The attention of the City Attorney is hereby called in this latter regard, to the fact that the Board of Supervisors appropriate in the Budget of 1909-10 the sum of \$130,500.00 for water for fire hydrants.

Further Resolved, That the Clerk of the Board of Supervisors be and hereby is authorized and directed to transmit to the City Attorney the petitions filed with the Board of Supervisors during the past two years for water service, and also complaints filed during said period for more adequate water service.

The following Resolution was *adopted*:

City Attorney to Advise as to Proper Steps to Compel Spring Valley Water Company to Furnish Adequate Water Service.

On motion of Supervisor Johnston: Resolution No. 4139 (New Series), as follows:

Whereas, The Board of Supervisors is in constant receipt of complaints from citizens and taxpayers of the City and County, to the effect that the Spring Valley Water Company refuses to furnish water service to said persons in certain cases, and to furnish adequate water service sufficient for both domestic purposes and for fire protection in other cases, and

Whereas, Under the provisions of the Constitution of the State of California the Spring Valley Water Company is granted the use of the public streets for the purpose of supplying water to the inhabitants of the City and County of San Francisco, and it is the opinion of the Board of Supervisors that this function must be performed under such grant, now therefore

Resolved, That the City Attorney be and is hereby requested to advise this Board as to the proper steps to be taken to compel the Spring Valley Water Company to furnish water to the citizens of the City and County

of San Francisco for domestic service, and also of the steps required to compel said Company to furnish water service for fire protection.

The attention of the City Attorney is hereby called in this latter regard, to the fact that the Board of Supervisors appropriate in the Budget of 1909-10 the sum of \$130,500.00 for water for fire hydrants.

Further Resolved, That the Clerk of the Board of Supervisors be and hereby is authorized and directed to transmit to the City Attorney the petitions filed with the Board of Supervisors during the past two years for water service, and also complaints filed during said period against inadequate water service.

Ayes—Supervisors Balcom, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, Murphy, Payot, Sander-son—14.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Referred.

Providing for Prohibiting Games of Chance for Money in Places Open to Public View.

Supervisor Hocks introduced:
Bill No. 956, Ordinance No. — (New Series), entitled "Prohibiting games of chance for money in places open to public view".

Bill No. 958, Ordinance No. — (New Series), entitled "Prohibiting the issuance as payment for wages of any evidence of indebtedness unless the same is negotiable and payable without discount and providing that the same must be paid upon demand by the person, firm or corporation issuing the same".

Ordered referred to the Judiciary Committee.

DELIVERY OF ASSESSMENT ROLL 1909-1910.

The Chair announced that the Assessor, Washington Dodge, had this day delivered to the Clerk of the Board of Supervisors the Assessment Roll of the fiscal year 1909-1910, consisting of sixty volumes, describing real estate and secured personal property, seventeen volumes describing unsecured personal property and four volumes of indexes.

Also, that the Assessor had filed on the first day of July, 1909, the List of Arbitrary Assessments, separate from the Assessment Book, as required by Section 3633 of the Political Code of the State of California.

Report of Assessor on Assessment Roll of 1909-1910.

San Francisco, July 5th, 1909.
The Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: I desire through this Report to draw your attention, and that of the tax-payers of this City, to several striking and noteworthy facts in connection with the Assessment Roll, which has this day been completed. These facts are of vital interest to our taxpayers, and of especial importance in connection with various matters of taxation and revenue, with which your Honorable Board must deal. I aim further to set forth clearly the causes which have operated to produce the conditions as we now find them.

The first subject considered is that of the taxes to be paid for the ensuing fiscal year. There is no doubt in my mind that the taxes to be collected this year will, owing to unavoidable conditions, be the heaviest which our tax-payers have ever been called upon to pay. The tax rate for this year, for City and State purposes, will probably be \$2.05 per \$100, as against a rate of \$1.65 for the year just preceding the fire. This increase in the rate taken alone, means an increase of approximately 25 per cent in taxes. Where \$100 was paid as taxes in 1905, \$125 will be required this year, even on the same assessment; or where \$10 was paid, \$12.50 will now be required. It may appear to some that, as the tax rate in a few years in the past, has been higher than it will be this year, the taxes were then heavier. This, however, is not true. The tax rate, taken alone, is of no value in making comparisons as to taxes paid thereon, contrary to the frequently published statement to this effect, and contrary to the generally accepted view. The *percentage* of full valuation, which is taken by the Assessor as the basis for assessment, is of greater importance in making comparisons. Tables are often published, giving a comparison of tax rates, with no mention of this latter factor, in order to illustrate the comparative burden of taxation in different cities. This is most misleading. It does not follow, for instance, that taxes are higher in Chicago with a \$4 tax rate per \$100, than in San Francisco with a \$2.05 tax rate. In fact, at these rates, taxes would be lower in Chicago, as in that city the basis of valuation taken by Assessors for assessment purposes is only 20 per cent of actual value, while with us it is now 60 per cent, the percentage fixed by our state rules. Under these conditions, \$1000 invested in Chicago real estate would be assessed at but \$200, on which taxes at the rate of \$4 per \$100 would be only \$8; while the same amount invested in San Francisco real estate would be assessed \$600 on which the taxes, at our rate of but \$2.05, would be over \$12. The relevancy of these facts in this connection is, that not only has our *rate* of taxation increased, as has been shown, but our *basis of valuation* has increased as well since the fire. This increase in the basis of valuation, or in the percentage of full valuation taken for assessment purposes, has been brought about by shrinkage in the values of real estate, as compared with those values which existed prior to the fire, which shrinkage, has not been offset by an equal reduction in our assessments. We have, however,

made as great reductions as were possible on the real estate in the burned area. These reductions have been limited in extent by the City's needs in the way of revenue for running expenses, which must be raised within the legal "dollar-limit" of taxation. The unique plan followed in this City, by which the revenues to be derived from taxation are all appropriated in the budget, *before* the assessment is made, on which these revenues are to be collected, forces the Assessor to keep his Assessment Roll up to such a sum as will yield in taxes, under the "dollar-limit", the amount which has been appropriated to meet our running expenses. These local conditions have resulted, as stated, in raising our basis of valuation for assessment purposes not directly, but indirectly, through the shrinkage in value of much of our real estate, and our inability to correspondingly reduce our assessments. Thus our taxes this year are computed on a higher basis of valuation, and at a tax rate 25 per cent greater than before the fire. Prior to our fire, most city real estate was assessed on a 50 per cent valuation at a rate of \$1.65 per \$100, which is equivalent to 82-100 per cent of full value; while this year real estate will be assessed at a rate of \$2.05 per \$100, on approximately a 60 per cent basis of valuation, which is equivalent to 123-100 per cent of full value. The result is an average increase of nearly 50 per cent in taxes in four years. The increase, however, has been unavoidable, as it has been due directly to our calamity. This is a subject which I felt should be clearly set forth at this time, together with the reasons that have operated to bring about this increase. Realizing the weight of this burden of taxation, under present conditions in our City, I have endeavored to distribute this taxation equally and impartially on all classes of property, and on all tax-payers. I have no doubt that, in the near future, this burden will be materially lessened, owing to the re-establishment of real estate values, and to the limitation of the extraordinary expenses incurred as a result of our recent calamity. The preceding statement, of course, takes no note of any increase of taxation which would result from the immediate issuance of further municipal bonds.

The total Assessment Roll, as finally completed, is \$492,329,000, a gain of \$38,000,000 over that of last year. This roll is sufficiently large to give a safe margin, namely, about 2½ per cent, above the amount on which revenues were estimated, to provide for all possible delinquencies. Of this gain, approximately \$24,000,000 is due to the erec-

tion of new buildings. A striking fact is noted that the assessment of buildings is now greater than at any time in our City's history. These are now assessed at \$114,000,000, whereas the greatest previous assessment was that of the year prior to the fire, which was \$97,800,000. This increase is due to the fact that a great number of modern and costly buildings have been erected on sites which were formerly occupied by old and obsolete business structures.

The tax collections made by this office during the past sixty days on Unsecured *Personal* Property, are the largest in our City's history, amounting to \$761,380. This is an increase over the collections on personal property taxes made by this office last year of \$118,622.

The collections of the State Poll Tax also show a material increase. The amount collected to date is \$96,000 as against collections of \$76,000 at this date in 1908. This increase in collections represents a gain to the credit of our City's school funds, and to the city of \$8000.

All of which is respectfully submitted,

WASHINGTON DODGE,
Assessor.

PROCEEDINGS OF BOARD OF EQUALIZATION.

The Board then proceeded to and examined the Assessment Roll as received from the Assessor.

NEW BUSINESS—(Out of Order.)

On motion of Supervisor Comte, the following Resolution was taken up out of order:

Authorizing Payment of \$15,500 to C. D. Salfield for Certain Land Required for Police Department Purposes.

Resolved, That an expenditure of \$15,500 be and the same is hereby authorized to be made out of the item "For construction and equipment of Police Department buildings and for purchase of lands for Police Department purposes" in the General Fund of the fiscal year 1909-10, in payment to C. D. Salfield, said sum being the agreed purchase price of parcel of land on easterly line of Stanyan street, 50 feet southerly from Fulton street, accepted by Resolution No. 4129 (New Series) of the Board of Supervisors.

Privilege of the Floor.

Mrs. C. Nichols was granted the privilege of the floor and addressed the Board opposing the construction of a police station and stables on Stanyan street, between Grove and Fulton streets, for the reason that it

was contrary to the ordinance prohibiting stables within 50 feet of any church, school or residence, and on the ground that it would depreciate her property.

Mr. A. Fischer, property owner, also addressed the Board opposing the maintenance of a police station and stables at said location for similar reasons.

Indefinite Postponement.

Whereupon, Supervisor Jennings moved the indefinite postponement of the foregoing Resolution.

Motion carried by the following vote:

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Sanderson—17.

Repealing Steam Laundry Permit, Wm. Finch.

On motion of Supervisor Connolly, the following Resolution was taken up out of order:

Resolved, That Resolution No. 4655, approved April 27, 1904, granting permission to William Finch to erect and maintain a steam laundry in premises at No. 125 Twenty-second avenue, be and the same is hereby repealed.

Privilege of the Floor.

W. Allen, attorney representing property owners, obtained the privilege of the floor and addressed the Board stating that the majority of the property owners in the vicinity were opposed to the operation of a laundry on the ground that the neighborhood was a residential one and their holdings would suffer depreciation.

Recommended.

Whereupon, the above Resolution was ordered *recommended to the Fire Committee*.

Passed for Printing.

On motion of Supervisor Payot, the following Bill, submitted by the Street Committee, was taken up out of order and *passed for printing* by the following vote:

The following Resolutions were introduced by Supervisor Bancroft, and on his motion, *laid over one week*:

Accepting Offer of Mary E. Barney and Thomas R. Barney to Sell for \$1400 Certain Land in the Rock Ranch Required for Sewer Right of Way.

Whereas, An offer has been received from Mary E. Barney and Thomas R. Barney to convey to the City and County of San Francisco certain land, the same being required for purposes of a sewer right of way; and

Whereas, The price at which said parcel of land is offered is in accordance with the appraised value thereof; therefore, be it

Resolved, That the offer of Mary E. Barney and Thomas R. Barney to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all encumbrances, for the sum of \$1400, be and is hereby accepted, the said land being described as follows, to wit:

Beginning at a point in the southeasterly line of Subdivision 19, as the same is laid down and delineated and so designated upon a certain map of the lands of the Islais and Salinas Water Works Company, filed for record in the office of the County Recorder of said City and County of San Francisco, on the 26th day of December, A. D. 1860, by F. L. Pioche, C. De Boom and H. A. Cobb, trustees of said Islais and Salinas Water Works Company, and now of record therein in Book One of Maps, at page 88, which point of beginning is distant four hundred and sixty-three (463) feet and two and five-eighths ($2\frac{5}{8}$) inches southwesterly from the most easterly corner of said Subdivision 19, and which point of beginning is also the most southerly corner of Lot No. 16, as the same is laid down and delineated and so designated upon a certain map entitled "Salomon's Map of a portion of the Rock Ranch," of record in said County Recorder's office, in Book E and F of Maps, at page 147; running thence north thirty (30) degrees twenty-nine (29) minutes west three hundred and ninety-three and seventy hundredths (393.70) feet, more or less, to the southeasterly line of the San Jose Railroad land at a point thereon where the easterly inside line of a culvert under the railroad would, if extended, intersect it; thence along said southeasterly line of the said railroad land south forty-six degrees fifty (50) minutes west

twenty (20) feet, and a little more to a point which is distant twenty (20) feet from the line of the first course, measured on another line at a right angle therewith; thence south thirty (30) degrees twenty-nine (29) minutes east three hundred and ninety-three and seventy hundredths (393.70) feet, more or less, to a point in said southeasterly line of said Subdivision 19; and thence northeasterly along said last named line twenty (20) feet, more or less, to the point of beginning. Bearings magnetic, variation sixteen (16) degrees thirty (30) minutes east.

The City Attorney is hereby directed to examine the title to the said land, and if the same is found to be vested in the aforesaid owners, free from all encumbrances, and that the taxes for the current fiscal year are paid, and that the so-called McEnerney Title has been procured, or sufficient money reserved for the procuring of the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County of San Francisco upon the payment of the agreed purchase price as aforesaid.

Authorizing Payment of \$1400 to Mary E. Barney and Thomas R. Barney for Land in Rock Ranch Required for Sewer Right of Way.

Also, Resolution No. — (New Series), as follows:

Resolved, That an expenditure of \$1400 be and the same is hereby authorized to be made out of the "Sewer Construction Account" of the Public Building Fund, issue of July 1, 1908, in payment to Mary E. Barney and Thomas R. Barney, being the purchase price of a parcel of land beginning at a point in the southeasterly line of Subdivision No. 19, delineated on the Map of the Islais and Salinas Tract on record in the Recorder's office, of dimensions approximating 20 feet by 393.70 feet, said land being required for sewer right of way.

Spur Track Permits.

Atchison, Topeka and Santa Fe Railway Co.

Bill No. 962, Ordinance No. — (New Series), entitled "Granting permission to the Atchison, Topeka and Santa Fe Railway Company, its successors or assigns, revocable at will of the Board of Supervisors, to construct, maintain and operate a spur track beginning at a point in the center line of the A., T. & S. F. Railway Company's track 110 feet south of the south line of Ninth avenue South; thence northerly on a convenient curve 200 feet to private property, together with the said spur leading out from the above near the southerly line of Ninth avenue South and extending in a northeasterly direction 80 feet to private property. Also beginning at a point in the center line of the A., T. & S. F. Railway Company's track 110 feet south of the south line of Tenth avenue South; thence northerly on a convenient curve 200 feet to private property, together with the said spur leading out from the above near the south line of Tenth avenue South and extending in a northeasterly direction 80 feet to private property."

Guggenlime & Company.

Also, Bill No. 963, Ordinance No. — (New Series), entitled "Granting to Guggenlime & Company permission, revocable at will of the Board of Supervisors, to construct, maintain and operate a spur track on Filbert street, commencing at the southeasterly corner line of Sansome street, thence westerly to the westerly curb line of Sansome street; thence northwesterly and westerly and parallel with the existing spur track to a point on Filbert street about 115 feet west of Sansome street."

Providing for Notification by Board of Public Works in Matter of Removal and Adjustment of Pipes, Wires and Conduits.

Also, Bill No. 964, Ordinance No. — (New Series), entitled "Authorizing and empowering the Board of Public Works of the City and County of San Francisco to notify any person, company, firm or corporation owning or having under his, their or its control pipes, wires, tracks, conduits or property upon, in, over or under public streets of the City and County of San Francisco, to remove or adjust the same in certain cases; prescribing the essentials of the notification, and providing remedial measures in case of failure, neglect or refusal to comply with the requirements therein contained."

Ordering Sewer Work.

Also, Bill No. 965, Ordinance No. — (New Series), entitled "Ordering the construction of sewers and appurtenances in the University Mound and

Silver Terrace District, approving and adopting plans and specifications therefor and authorizing the Board of Public Works to enter into contract for doing said work at an estimated cost of \$90,000.00, payable out of the proceeds of sale of sewer bonds, issue 1908."

Ordering Street Work.

Bill No. 966, Ordinance No. — (New Series), entitled "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the following work:

That a bituminous rock pavement and granite curbs be constructed on "K" street, between Ninth and Tenth avenues; that a 12-inch ironstone pipe sewer with appurtenances be constructed in Douglass street, between Romain and Twenty-first streets; that Fifteenth street, from Castro to Tilden streets, be graded to official line and grade; that bituminous rock pavement and granite curbs be constructed on Broderick street, between Green and Union streets.

Extension of Time, Street Work.

Resolution No. — (New Series), Granting Flinn & Treacy an extension of 30 days' time, from and after July 16, 1909, within which to complete the contract for constructing artificial stone sidewalks and laying granite curbs on Eighteenth street, between Hampshire street and Potrero avenue.

This extension of time is recommended for the reason that because of existing and unauthorized obstruction of the sidewalk by a property owner, the contractors were unable to perform the work in the specified time.

Adopted.

The following Resolutions were adopted:

Intention to Change Grades.

On motion of Supervisor Center:

Resolution No. 4155 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Army street, between Potrero avenue produced and San Bruno avenue, in accordance with the recommendation of the Board of Public Works filed June 28, 1909, and further declaring that no assessment district is necessary as no damage will result from said change of grades inasmuch as the proposed grades will benefit adjoining property. Also directing the Board of Public Works to cause to be conspicuously posted along the street or streets upon which said change of grades is contemplated a notice of the passage of this Resolution of Intention.

Declaring Result of Special Election of June 22, 1909, for Certain Public Improvements Under Bond Issue.

Supervisor Johnston presented the following report:

Report of Public Utilities Committee.

San Francisco, Calif., July 8, 1909.
To the Honorable, the Board of Supervisors, San Francisco.

Gentlemen: Your Committee on Public Utilities herewith presents a Resolution declaring the result of the Special Election held on June 22, 1909, and recommends its adoption.

Respectfully submitted.

J. A. JOHNSTON,
D. C. MURPHY,
R. McLERAN.

Adopted.

Whereupon, the following Resolution was, on motion of Supervisor Johnston, adopted by the following vote:

Resolution No. 4158 (New Series), Declaring the result of the Special Election held on the 22nd day of June, 1909, for the purpose of authorizing the incurring of a bonded indebtedness to the amount of \$11,005,000, by the City and County of San Francisco, for the purpose of acquiring and constructing certain municipal buildings, lands and improvements.

Whereas, Pursuant to the provisions of Ordinance No. 773 (New Series), calling a special election, and Ordinance No. 797 (New Series), giving notice of the same, a special election was held in the City and County of San Francisco, State of California, on the 22nd day of June, 1909, whereat was submitted to and determined by the qualified voters of said City and County, nine propositions to incur a bonded indebtedness of said City and County for the purposes and for the several amounts set forth as follows, to wit:

Proposition One: To incur a bonded debt of the City and County of San Francisco to the amount of \$8,480,000 for the construction and equipment of a permanent municipal building or buildings to be used as a City Hall, to be erected on a tract of land bounded by Hayes, Franklin and Market streets, and the acquisition of Western Addition Blocks Numbers 69, 70, 71, 72 and the southwesterly portion of Western Addition Block 1, to constitute a civic center within the boundaries above described.

Proposition Two: To incur a bonded debt of the City and County of San Francisco to the amount of \$600,000 for the construction and equipment of a permanent municipal building to be used as a Polytechnic High School.

Proposition Three: To incur a bonded debt of the City and County of San Francisco to the amount of \$160,000 for the construction and equipment of a permanent municipal building to be used as a Juvenile Detention Home.

Proposition Four: To incur a bonded debt of the City and County of San Francisco to the amount of \$250,000 for the acquisition of lands on Telegraph Hill to be used as a public park.

Proposition Five: To incur a bonded debt of the City and County of San Francisco to the amount of \$400,000 for the acquisition of lands in the Potrero District in the vicinity of Kansas, Twentieth, Connecticut and Army streets, to be used as a public park.

Proposition Six: To incur a bonded debt to the City and County of San Francisco to the amount of \$500,000 for the acquisition of lands in the vicinity of Van Ness avenue at its northerly termination, to be used as a public aquatic park.

Proposition Seven: To incur a bonded debt of the City and County of San Francisco to the amount of \$25,000 for the acquisition of lands in the Bay View District in the vicinity of Railroad avenue and Thirty-second avenue South, to be used as a public park.

Proposition Eight: To incur a bonded debt of the City and County of San Francisco to the amount of \$500,000 for the acquisition of lands in the vicinity of Elizabeth, Sanchez, Twenty-fourth and Noe streets, in the vicinity of Nineteenth, Twentieth, Iowa streets and Pennsylvania avenue, in the vicinity of Eighteenth, Dolores, Nineteenth and Guerrero streets, all to be used as public playgrounds.

Proposition Nine: To incur a bonded debt of the City and County of San Francisco to the amount of \$90,000 for the acquisition of lands in the district known as Glen Park, and

Whereas, Said election was held and conducted in form and manner and in every respect as required by law, and the returns thereof canvassed, and the result thereof determined and declared as required by law; and

Whereas, The Board of Election Commissioners of said City and County filed on June 29, 1909, in the office of the Clerk of the Board of Supervisors, its certificate showing the facts above recited, and setting forth in detail the total number of votes cast at such election and the number of votes cast and counted for and against, respectively, all and each of the aforesaid propositions thereat submitted; now therefore be it

Resolved, By the Board of Supervisors as follows:

1. It is hereby declared that the Special Election held on the 22nd day

of June, 1909, was held and conducted, and the votes cast and counted thereat, and the returns thereof made and the result thereof determined and declared, in all respects, and in time, form and manner as required by the laws of the State of California and the Charter and Ordinances of the City and County of San Francisco.

2. It is hereby declared that the total number of votes cast at said Special Election was 24,058.

3. It is hereby declared that of the vote so cast 12,807 votes were cast and counted as being in favor of *Proposition Number 1*, and that 10,498 were cast and counted as being against and not in favor of Proposition 1.

4. It is hereby declared that of the votes so cast, 17,979 votes were cast and counted as being in favor of and 5210 votes were cast and counted as not being in favor of Proposition Two, to incur a bonded debt of the City and County of San Francisco to the amount of \$600,000 for the construction and equipment of a permanent municipal building to be used as a Polytechnic High School.

5. It is hereby declared that of the votes so cast, 14,950 votes were cast and counted as in favor of and 8253 votes were cast and counted as not in favor of Proposition Three.

6. It is hereby declared that of the votes so cast, 14,334 votes were cast and counted as in favor of and 8784 were cast and counted as not in favor of Proposition Four.

7. It is hereby declared that of the votes so cast, 14,243 votes were cast and counted as in favor of and 8941 votes were cast and counted as not in favor of Proposition Five.

8. It is hereby declared that of the votes so cast, 14,466 votes were cast and counted as in favor of and 8755 votes were cast and counted as not in favor of Proposition Six.

9. It is hereby declared that of the votes so cast, 14,215 were cast and counted as in favor of and 8805 votes were cast and counted as not in favor of Proposition Seven.

10. It is hereby declared that of the votes so cast, 14,861 votes were cast and counted as in favor of and 8258 votes were cast and counted as not in favor of Proposition Eight.

11. It is hereby declared that of the votes so cast, 13,451 votes were cast and counted as in favor of and 9560 votes were cast and counted as not in favor of Proposition Nine.

12. It is hereby declared and determined that more than two-thirds of the votes cast at said Special Election were cast and counted as being in favor of Proposition Two and to authorize the incurring of a bonded debt to the amount of and for the purpose stated in said Proposition Two; that

no other proposition submitted received two-thirds of the votes cast at said election in favor thereof, and that no bonded indebtedness was authorized at said election except as herein otherwise declared.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Sanderson—17.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Action Deferred.

The following Resolution was introduced, under suspension of the rules, by Supervisor Bancroft, and on motion of Supervisor Murphy, *laid over one week*:

Recommending Bond Issue for Construction of New City Hall.

Whereas, All the necessary information has been secured by the Committee on Public Buildings of this Board concerning the proposed construction and cost of a new City Hall; and

Whereas, At a bond election held June 22, 1909, a proposition to rebuild said City Hall upon a new site at the junction of Van Ness avenue and Market street was defeated at the polls; and

Whereas, It is deemed by the advocates of the new site that the proposition will carry by a large majority providing the people of San Francisco be allowed to again vote on said proposition, after having sufficient time to become familiar with the great opportunity they now have of permanently beautifying their city; and

Whereas, It is the desire of this Board of Supervisors to rebuild a City Hall as quickly as possible; and

Whereas, Said Board of Supervisors strongly favor the erection of the new City Hall upon the new site, but do not desire to delay the construction of a new City Hall, provided the proposition to acquire a new site be defeated at the polls; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby recommends that proceedings be initiated for

First—a bond issue of \$4,000,000 for the construction of a new City Hall; and

Second—a bond issue of \$4,500,000 for the acquisition of the lands at the junction of Van Ness avenue and Market street, the purchase of which was recommended in the bond issue June 22, 1909; and be it further

Resolved, That, provided the proposition for the acquisition of lands for a new site should be defeated, and the proposition for the construction of a

new City Hall should carry at the special election to be held for this purpose, that the Board of Supervisors recommends that the new City Hall be erected on the old site at Larkin, McAllister streets and City Hall avenue.

The following matters were introduced, under suspension of the rules, and *passed for printing*:

Engine and Boiler Permit.

On motion of Supervisor Broderick:

Resolution No. — (New Series). Granting permission, revocable at will of the Board of Supervisors, to the Eagle Laundry Co. to erect and maintain an engine and boiler of 150 horsepower, in premises situate Nos. 53 to 57 Colton street, the same to be used for laundry purposes.

Accepting Deed to Certain Land on Pine Street, Between Montgomery and Sansome Streets Required for Sewer Right of Way.

On motion of Supervisor Center:

Bill No. 967, Ordinance No. — (New Series), entitled, "Accepting a deed from Virginia Vanderbilt to a parcel of land on the southerly line of Pine street, between Montgomery and Sansome streets, for and as a sewer right of way and as a right of way for ingress and egress over and upon said land for the benefit of the owners of all the real property abutting upon said right of way."

Prohibiting Issuance of Non-Negotiable Evidence of Wages.

On motion of Supervisor Comte:

Bill No. 958, Ordinance No. — (New Series), entitled, "Prohibiting the issuance as payment for wages of any evidence of indebtedness unless the same is negotiable and payable without discount, and providing that the same must be paid upon demand by the person, firm or corporation issuing the same."

Authorizing Payment, Erecting, Hauling and Repairing Election Booths.

On motion of Supervisor Jennings:

Resolution No. — (New Series), Authorizing an expenditure of \$1249.36 to be made out of the General Fund of the fiscal year 1908-9, in payment to McSheehy Bros. for erecting, hauling and keeping booths in repair as per contract and bill rendered.

Adopted.

The following Resolutions were introduced, under suspension of the rules, and *adopted*:

Parking of City Cemetery.

On motion of Supervisor Payot:

Resolution No. 4159 (New Series), as follows:

Whereas, The Board of Supervisors, by Ordinance No. 640 (New Series), approved December 31, 1908, served notices upon various permittees of the City and County of San Francisco to disinter, not later than July 1, 1909, the bodies buried under their auspices in the City Cemetery, formerly Golden Gate Cemetery; and

Whereas, The time for disinterment of said bodies has passed, and it is expedient that the City Cemetery should be dedicated to park purposes; now, therefore,

Resolved, That the Board of Park Commissioners be and is hereby requested to prepare plans of a system of roads and improvements with the purpose in view of transforming said cemetery into a public park, and also to submit to the Supervisors an estimate of the cost thereof;

Further Resolved, That the Board of Public Works be and is hereby requested to report to this Board a plan of road development for the purpose of affording ingress and egress to said City Cemetery from the Presidio and from such other points as in its judgment may be expedient.

Chief Engineer of Fire Department to Investigate Gas Reservoir at North Beach as Source of Danger in Case of Fire.

On motion of Supervisor Sanderson: Resolution No. 4160 (New Series), as follows:

Whereas, The occurrence of a fire on July 10th, 1909, in the immediate vicinity of the large gas reservoir of the Metropolitan Gas and Electric Company at Beach and Powell streets, San Francisco, has demonstrated the close proximity of that reservoir to material of an extraordinary inflammable character; now, therefore,

Resolved, That the Chief Engineer of the Fire Department be requested to investigate the said gas reservoir as a source of danger to life and property, and communicate his conclusions, with the facts supporting the same, to this Board.

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Sanderson—17.

Mayor's Office, City of San Francisco.

San Francisco, July 14, 1909.

To the Board of Supervisors of the City and County of San Francisco: I hereby return without my approval Resolution No. 4129 purporting to ac-

cept the offer of C. D. Salfield to convey to the City and County for \$15,500 the real property described in said Resolution. My reason for not approving the Resolution is that your Honorable Body at its session of Monday, the 12th instant, indefinitely postponed the Resolution providing an appropriation to said Salfield for the purchase of said land.

EDWARD R. TAYLOR,
Mayor.

Report of the Public Utilities Committee on Re-submission to Electors of Proposition to Bond City for a Municipal Street Railroad on Geary Street.

Supervisor Johnston presented the following report which was read and on his motion *adopted* by the following vote:

San Francisco, Calif., July 26, 1909.
To the Honorable, The Board of Supervisors, San Francisco.

Gentlemen:

Your Committee on Public Utilities, to whom was referred the resolution requesting an investigation as to the advisability of again submitting to the voters the question of the reconstruction of the Geary Street Railroad as a municipal road, herewith submits the following report:

We have heard statements from those opposed to, and those favoring the proposition of resubmission, and the arguments thereon may be summarized as follows:

Those opposed to the municipal project were generally in favor of granting a franchise to a private corporation, as opposed to municipal ownership, and were of the opinion that improved service could be quickly secured by this course.

No one appeared to favor the maintenance of the present status of the Geary Street Railroad as now operated.

Those in favor of the matter of re-submission presented the question in the following manner:

The problem confronting the municipal officials in the final analysis presents the following alternatives:

1. A franchise to be granted to a private corporation.

2. A modern railway to be constructed by the municipality.

The alternative for the foregoing is to maintain the present situation, with the operation of the road as at present, which is generally regarded as being unsatisfactory.

Therefore it follows as a necessary sequence that there must be a change, and the sooner the change is made the better it will be for the city.

Considering the advisability of granting a franchise to a private corporation, your Committee is of the opinion that it would be impractical

as well as unpolitic; to do so would be to act in opposition to a large majority of the voters as expressed at the recent election.

Moreover, the charter provides that any franchise, before it becomes effective, is liable to be vetoed by the people. Section 7, Chapter II, Article II, provides that the voters may by petition compel the submission of any Ordinance granting a franchise to the people for their approval or rejection. It has been freely prophesied that this procedure would be invoked in case a franchise grant should be attempted, and it does not require a prophet to predict the result of the election. It would be defeated. This course of action might just as well be dismissed by all concerned, whether or not they favor the municipalization of the road.

Inasmuch as the proposition received very near the 2-3 vote required to issue bonds, we think it but reasonable that it will be easier for those who favor the project to win 400 votes from the opposition than it will be for the minority, to gain 4000 votes from those who favor municipal operation of the road, which would be necessary to insure the granting of a franchise.

With these views, and with a determination to effect as speedy a change as is possible in the present operation of the road, your Committee recommends the early resubmission of the matter.

A conference with the Department of Elections discloses the condition that it will be impossible to hold a special election until after the coming municipal election. That early in December is as early as the election can be practically held.

Proceedings therefore need not be commenced until October, and will then be initiated by this Committee.

Respectfully submitted,

J. A. JOHNSTON,

D. C. MURPHY,

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, Murdock, Murphy, Payot, Pollok, Sanderson—16.

Report of Public Utilities Committee on Purchase of the Works of the County Line Water Company.

Supervisor Johnston presented the following report which was read and on motion of Supervisor Murdock referred to Public Utilities and Hospital and Health Committees with instructions that analysis of water be obtained from Board of Health:

San Francisco, Calif.; July 26, 1909.
To the Honorable, The Board of Supervisors, San Francisco.

Gentlemen:—Your Committee on

Public Utilities, to whom was referred the offer of the County Line Water Company to sell its works to the City and County, reports thereon as follows:

It will be recalled that in the course of proceedings in the matter of acquiring the Hetch-Hetchy Water Supply and the issuance of bonds therefor, that it became necessary to solicit offers to sell to the City any existing utility. In response to such solicitation came an offer from the County Line Water Company to sell its works to the City for the sum of \$60,000.

In order that no legal doubt could be cast upon the pending proceedings, and upon the advice of the City Attorney the question of the purchase of the plant of this Company was submitted to the voters November 12th, 1908. The result of such submission was the overwhelming endorsement of the proposition, and this Board was authorized to purchase the works. In the meantime, the County Line Water Company had voluntarily reduced its selling price to \$40,000.

The Committee has made a careful and searching investigation into the offers of the Company, and the City Engineer has made an appraisal of the physical properties of the Company. This appraisal is the sum of \$35,682.50, and is quite conservative.

As this Board has already been informed, the plant of the County Line Water Company constitutes the sole water supply for a community of nearly 2000 persons, and unless the City assumes the operation of this plant it is liable to be discontinued and the locality deprived of its supply. It is the duty of the City to see that its citizens shall not suffer such a calamity, even though it may entail some financial sacrifice. Therefore this Committee feels that it is the duty of the City to take over this plant as a moral and public duty.

Upon investigation, however, this Committee believes that the works can be operated without financial loss. Many small cities in the state operate plants of the size and character as this is, with some profit and with economical management there is little danger of a great deficiency.

Moreover, there is every prospect that with municipal ownership of this plant, and with the assurance that this locality will be supplied with water, that the population will increase, and that new tracts will be opened up to home builders. Already two such tracts are being made ready for the market, with the understanding that the owners of the land will lay pipes in the streets to be connected to this water system. One

owner has laid three thousand feet of pipe, and has agreed to lay three thousand more, all of which will be turned over to the City.

At the meeting of this Committee held on July 24th, this Committee agreed to recommend to the Finance Committee the purchase of this plant by the City at the price of \$30,000.00, the works to be turned over to the City on September 1st and to be paid for on October 1st.

This will give the City ample time to formulate a plan for its economical operation and provide all the details for its management.

While the Committee believes that the City can operate this plant without financial loss, the greatest gain will be in the demonstration that the municipality can greatly improve the service and confer upon the residents of the locality benefits that cannot be measured in dollars and cents. It will also serve to build up a part of the City destitute of population and create values for the assessment roll.

It is therefore recommended that the Finance Committee provide the necessary means for consummating the purchase of this plant for the sum of \$30,000.00, and that the City take over the works at the time and in the manner herein stated.

Respectfully submitted,

J. A. JOHNSTON,
D. C. MURPHY,
R. McLERAN.

Report of the Police Committee on Permitting More Than Two Vehicles to Stand Awaiting Employment on One Block.

Supervisor Connolly presented the following report and moved its adoption:

San Francisco, Cal., August 2, 1909.

To the Honorable, the Board of Supervisors, of the City and County of San Francisco—Gentlemen: Your Police Committee, to which was referred the petition of the Pacific Taximeter Cab Company asking for amendment to Ordinance No. 1611, regulating the number of vehicles permitted to remain standing awaiting employment in any one block, begs leave to report as follows:

Your Committee has held several hearings of the above mentioned petition, during which the matter was thoroughly and exhaustively investigated. Your Committee is unanimously of the opinion that the introduction of the so-called taxicabs is something that is very desirable and that the same will serve the best interests of the city. The only question in the minds of your Committee, from the very outset, was as to what consideration should be given to the owners of hacks and automobiles, who have gone to great expense in preparing themselves to do business in the downtown districts, even before those districts were more than slightly built up, and who have had the courage to establish themselves in favorable locations downtown in the hope of the business that would come later. These citizens, particularly the proprietors of automobiles, have incurred great expense in the maintenance of their machines, and their investments have been very great, considering that they are not persons of means. These investments have run between \$2500.00 and \$5000.00. In the majority of cases these citizens are paying for their automobiles in installments, and there seems to be no question but that their investments will be practically lost when the taxicabs are introduced, that is, when the taxicabs are permitted to have permanent stands on streets.

For these reasons your Committee is of the opinion that the proprietors of these vehicles should have a reasonable time within which to realize upon their investments and to make necessary changes so as to permit them also to operate taxicabs.

Your Committee considers that a rea-

sonable time to do this would be six months, and your Committee therefore recommends that consideration of the proposed amendment be postponed for that period.

Respectfully submitted,

GEORGE A. CONNOLLY,
R. McLERAN.

Privilege of the Floor.

A. Fritz, representing Pacific Taxi-meter Cab Company, was granted the privilege of the floor and addressed the Board objecting to the adoption of the report for the reason that it would work an injustice upon his clients by shutting them out from doing business when they had already made large investments.

Wm. Kelly, representing automobile chauffeurs, also addressed the Board, requesting that the report of the Committee be adopted and stated that it was no more than just to his clients, who recognized that their business would be eventually supplanted by the taxicabs, to permit them sufficient time to accommodate themselves to the new conditions which the introduction of the taxicabs brought about.

Motion.

Supervisor Murdock moved that the matter be recommitted to the Police Committee with instructions to report a bill increasing the number of vehicles permitted to await employment in one block, said bill to take effect by October 15, 1909.

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, D'Ancona, Hocks, Jennings, Johnston, McAllister, Murdock, Murphy, Payot, Pollok, Sanderson—13.

Noes—Supervisors Connolly, McLeran—2.

Intention to Close a Portion of Langton Street.

Supervisor Pollok presented the following Resolution with the recommendation of the Streets Committee that it be adopted, Supervisor Broderick dissenting:

Whereas, a petition has been filed with the Board of Supervisors of the City and County of San Francisco, State of California, by property owners owning a majority of the frontage upon the portion of Langton street in said City and County beginning at the southeast line of Brannan street and running 275 feet southeasterly at right angles with Brannan street to the end of said Langton street, for the closing and abandonment of said portion of Langton street, and

Whereas, public interest and convenience would be conserved by such closing and abandonment, be it

Resolved, that it is the intention of said Board of Supervisors to close and abandon said portion of Langton street above described and that the exterior boundaries of the district of lands to be affected or benefited by said closing and abandonment of said street and to be assessed to pay the damages, costs and expenses thereof are as follows:

Beginning in said City and County at the intersection of the southeasterly line of Brannan street with the northeasterly line of Langton street and running thence southeasterly along the northeasterly line of Langton street 275 feet to the end thereof; thence southwesterly and parallel with the southeasterly line of Brannan street and along the line forming the end of Langton street 35 feet to the southwesterly line of Langton street; thence northwesterly along said southwesterly line of Langton street 275 feet to the southeasterly line of Brannan street; thence southwesterly along the southeasterly line of Brannan street 635 feet to the northeast line of Eighth street; thence southeasterly along the northeasterly line of Eighth street 275 feet; thence northeasterly and parallel with the southeasterly line of Brannan street 550 feet; thence at right angles southeasterly and parallel with the southwesterly line of Seventh street 275 feet to the northwest line of Townsend street; thence northeasterly along the northwest line of Townsend street 275 feet to the southwest line of Seventh street; thence northwesterly along the southwest line of Seventh street 550 feet to the southeast line of Brannan street; thence southwesterly along the southeast line of Brannan street 155 feet to the point of beginning.

And the Board of Public Works is hereby directed to give notice of said contemplated closing and abandon-

ment of said portion of Langton street in the manner provided by law.

Privilege of the Floor.

Warren Olney Jr., attorney representing the Western Pacific Railroad Company, was granted the privilege of the floor and addressed the Board, stating that the adoption of the Resolution of Intention would in no way preclude the protestants from a hearing inasmuch as final action was yet to be taken on Bill closing Langton street before matter was settled.

J. Robinson, representing the American-Pacific Construction Company, was also granted the privilege of the floor and addressed the Board, stating that the only point he raised was that the fact had not been established that the public interest and necessity would be served by the closing of Langton street, which he claimed was the only ground upon which said street could be closed.

Motion.

Supervisor Connolly moved that the matter be postponed until William Humphreys, attorney representing the protestants, could appear in behalf of his clients.

Motion lost.

Adopted.

Whereupon, the question being taken the above Resolution was adopted as Resolution No. 4293 (New Series) by the following vote:

Board of Public Works to Note Improvements Being Made by Harbor Commissioners and to Make Survey of Work Necessary to Place City Streets in Vicinity of Wharves in Proper Condition.

On motion of Supervisor Pollok: Resolution No. 4355 (New Series), as follows:

Whereas, The Board of State Harbor Commissioners is building an extension to the new seawall along East street northerly from the Pacific Mail docks and is constructing there a system of wharves that are among the best in the United States; and Pier No. 40 is already finished and in use and Piers No. 38 and No. 36 are rapidly approaching completion and the contract for Pier No. 34 has already been let; and

Whereas, The streets and approaches to these docks are now almost impassable and the rainy season is approaching when conditions will be worse; and these docks constitute the gateway to the enormous traffic to and from the Orient and this city and it is the duty of the city to improve the teaming facilities so that the vast amount of freight that will be transported to and from these docks can be easily and quickly handled, and to make it at least possible for passengers landing and embarking to get to the steamers with as little trouble as possible, while at present even old residents of San Francisco find it difficult to make their way to the new Mail Dock; now, therefore, be it

Resolved, That the attention of the Board of Public Works and other city

officials is hereby called to the vast amount of public improvements now under way by the Harbor Commissioners and the great necessity for the city immediately taking steps to keep pace with the improvements going on there; and be it further

Resolved, That the Board of Public Works be and it is hereby instructed to make at once a survey, and report to this Board everything needed to put the city streets in this district in first-class condition to handle travel and to keep up with the improvements made by the Harbor Commissioners.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Sanderson—16.

City Attorney to Report Status of Case of City Against Pope and Talbot as to Title of Berry Street.

Also, Resolution No. 4356 (New Series), as follows:

Resolved, That the City Attorney be and he is hereby instructed to report to the Board of Supervisors at its next meeting the status of the case against Pope & Talbot regarding the title to that portion of Berry street claimed by them, lying between Second and Third streets, and that the City Attorney is further directed to proceed with all possible dispatch to get as early a decision in the matter as is

possible, so that the city may know what are its rights on this street.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Sanderson—16.

Board of Public Works to Cause Removal of Obstructions From Streets Leading to Seawall and New Docks.

Also, Resolution No. 4357 (New Series), as follows:

Resolved, That the Board of Public Works be and is hereby instructed to proceed at once against all private individuals, firms or corporations occupying with goods not in transit the roadway of the streets leading to the seawall and new docks being constructed in the neighborhood of the Pacific Mail Dock and to cause these streets to be immediately cleared from all such obstructions in the districts where the Harbor Commissioners are now making improvements.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Sanderson—16.

ADJOURNMENT.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Leyser-Green Co. to erect and maintain an engine and two boilers of 100 horsepower each in premises situate southwest corner of Seventeenth street and Potrero avenue, the same to be used for manufacture of hats, provided said engine and boilers shall be erected to the satisfaction and under the supervision of the Board of Public Works and of the Chief Engineer of the Fire Department and that a certificate of inspection shall be furnished by some competent inspector of boilers that said boilers are safe, which certificate shall specify the test to which said boilers were subjected.

(Petitioned for July 27, 1909.)

Oil Permits.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Leyser-Green Co. to erect and maintain a storage tank of not more than 3000 gallons capacity, in premises situate southwest corner of Potrero avenue and Seventeenth street, for the purpose of storing therein crude petroleum to be used as fuel under boilers in said premises.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Cuneo Brothers to erect and maintain a boiler of six horsepower, in premises situate No. 523 Green street, the same to be used for heating water.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors to Pacific Hardware & Steel Co., to erect and maintain a storage tank of not more than 1500 gallons capacity, in premises situate No. 650 King street, for the purpose of storing therein crude petroleum to be used as fuel under boilers in said premises.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors to the Peterson Rapid Wrench Co., to erect and maintain a storage tank of not more than 600 gallons capacity, in premises situate No. 44 Natoma street, for the purpose of storing therein crude petroleum to be used as fuel under boilers in said premises.

Also, Resolution No. — (New Series), Granting permission, revocable at will

of the Board of Supervisors to Mrs. R. B. Kellogg to erect and maintain a storage tank of not more than 1500 gallons capacity, in premises situate No. 2205 Sacramento street, for the purpose of storing therein crude petroleum to be used as fuel under boilers in said premises.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Daniel Roth to erect and maintain a storage tank of not more than 1,500 gallons capacity, in premises situate south side of O'Farrell street, 80 feet east of Mason, for the purpose of storing therein crude petroleum to be used as fuel under boilers in said premises.

Extension of Time, Construction of Fire Cisterns and Turbine Pumps.

Also, Resolution No. — (New Series), Granting Healy-Tibbitts Construction Company an extension of sixty days' time from and after August 5, 1909, within which time to complete its contract for constructing fire cisterns at Webster and Vallejo streets, Union and Laguna streets, California and Buchanan streets, Greenwich and Webster streets and Scott street and Broadway.

This extension of time is granted for the reason that delay has been caused by obstruction of the Spring Valley Water Company and San Francisco Gas and Electric Company's mains.

(Communication from Board of Public Works filed August 4, 1909.)

Also, Resolution No. — (New Series), Granting the Byron Jackson Iron Works an extension of four months' time from and after August 15, 1909, on its contract to deliver the first four sets of certain multi-stage turbine pumps, and an extension of four months' time from October 15, 1909, on its contract to deliver the second set of said pumps for the salt-water pumping stations. These extensions of time are granted for the reason of the delay of the General Electric Company in delivering the steam turbines necessary to drive these pumps.

(Communication Board of Public Works, filed August 16, 1909.)

Ordering Construction of Truck House No. 11.

On motion of Supervisor Bancroft: Bill No. 996, Ordinance No. — (New Series), entitled, "Ordering the construction of Truck House No. 11, situate on Duncan street between Church and Sanchez streets, in accordance with plans and specifications prepared therefor by the Board of Public Works and approved by the Fire Commissioners; authorizing and directing the Board of Public Works to enter into contract for the construction of said Truck House and to

expend therefor a sum not to exceed \$28,000 out of the item in the Budget of the fiscal year 1909-10. 'For construction and equipment of Fire Department buildings and for purchase of lands for Fire Department purposes,' and authorizing progressive payments to be made on the contract for the construction of said Truck House."

Extension of Time, East Wing, City Hall.

Also, Resolution No. — (New Series), Granting John Tuttle an extension of 45 days' time from and after August 15, 1909, within which time to complete alterations and additions to the east wing of the City Hall building.

This extension of time is granted for the reason that the contractor was delayed by the indecision of the Public Buildings Committee of the Board of Supervisor as to whether or not the work should be carried out.

Further resolved, that the advertising charges for printing this Resolution be remitted.

(Communication from the Board of Public Works, filed August 9, 1909.)

Notice From State Board of Equalization of State Tax Levy for 1909-10.

Office of State Board of Equalization. Sacramento, September 8, 1909.

To the Board of Supervisors of San Francisco County:

The rate of State Tax, fixed this day by the State Board of Equalization, as the ad valorem rate of taxation levied and to be collected upon each one hundred dollars of the assessed valuation of the property of the State, to raise the specific amount of money required to be raised for the 61st fiscal year, is 33 cents and 4 mills, and the said rate was fixed and apportioned as follows:

For the General Fund.....	17.4 cents
For the School Fund.....	13.8 cents
For the State High School Fund	1.6 cents
For the Interest and Sinking Fund	0.6 cent
	<hr/> 33.4 cents

And the Board also this day, in pursuance of law, declared the levy of an ad valorem tax of three cents upon each one hundred dollars of value of the taxable property of the State for the support of the University of California.

Making a total tax of thirty-six cents and four mills.

You are therefore, as provided by Section 3714 of the Political Code, required, on the third Monday of September, to levy the said rate of State taxation upon the taxable property in the county.

Chemical and Bacteriological Analyses of Samples of Water of the County Line Water Company Made by the Department of Public Health of the City and County of San Francisco September 1, 1909.

Headquarters Department of Public Health, 1085 Mission street.
San Francisco, Cal., Sept. 10, 1909.

To the Honorable the Board of Supervisors, San Francisco, Cal.

Gentlemen: Attached please find copies of the chemical and bacteriological report of samples of water taken from the County Line Water Company on Sept. 1, 1909.

Acting Health Officer.

CHEMICAL ANALYSES.

Headquarters Department of Public Health, 1085 Mission street.

San Francisco, Cal., Sept. 8, 1909.
Health Officer, Thru Chief Sanitary Inspector.

Sir: I submit herewith my report on the analyses of 2 samples of water taken on September 1, 1909, from the properties of the County Line Water Company. One of these samples was taken from the main reservoir of the company and one from the sump supplied by the well which furnishes the main supply of the company. This well is about 130 feet deep and is cased with galvanized iron.

The nitrate content of this water is high. Since nitrates are the final oxidation product of nitrogenous organic matter, it may be inferred that this water has been contaminated with organic matter, but that this contamination may have occurred a time comparatively remote or at a distance comparatively great. The evidence afforded by this chemical examination is not sufficient absolutely to condemn the water as a source of supply. The evidence does, however, cast suspicion upon the water. Its use therefore is not to be recommended until it has been shown to be free from sewage bacteria thru a considerable period of time.

Respectfully,
CHESTER F. HOYT,
Acting Chemist.

Public Utilities Committee—By Supervisor Johnston, Chairman.

Report of the Judiciary Committee Recommending Denial of Petition of Hugh Craig for Refund of \$10, Amount Alleged to Have Been Illegally Collected For Insurance Solicitors's License.

Supervisor Comte presented the following report which was on his motion read and adopted:

San Francisco, Calif., Sept. 13, 1909.
To the Honorable the Board of Supervisors, San Francisco—Gentlemen:
Your Committee on Judiciary, to whom was referred petition of Hugh Craig for refund of \$10.00 license, alleged to have been illegally collected by the Tax Collector on the business of insurance solicitor, begs leave to recommend the denial of said petition, for the reason that the constitutionality of the Ordinance imposing such license tax is a matter for judicial determination.

Respectfully submitted,

A. COMTE JR.,
J. P. BOOTH,
GEORGE A. CONNOLLY.

The length of the main track of railway of said company, in the City and County of San Francisco is 8.56 miles.

The assessed value per mile of said railway, as fixed by a pro rata distribution per mile of the assessed value

of the whole franchise, roadway, roadbed, rails and rolling stock of such railway of the said company within the State, according to said assessment of said State Board, is \$4,000.

The apportionment of the assessment of said franchise, roadway, roadbed, rails and rolling stock by said Board for the City and County of San Francisco, is, according to the assessment of said State Board, \$34,240; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby expressly stated and declared that the length of the main track of the railway of the Ocean Shore Railway Company in this City and County is 8.56 miles, and that the assessed value of the railway of the Ocean Shore Railway Company in the City and County for the year 1909 is, according to said assessment of said State Board, \$34,240.

Section 2. The Clerk is hereby directed to cause this order to be entered upon the minutes of this Board.

Accepting Easement From Southern Pacific Company for Right of Way for Channel Street Sewer.

On motion of Supervisor Center: Resolution No. 4459 (New Series), as follows:

Whereas, The Board of Public Works, by communication filed with the Board of Supervisors on September 20, 1909, recommends the acceptance of the following easement from the Southern Pacific Company to the City and County of San Francisco, covering right of way for a portion of the intercepting sewer system of the City and County of San Francisco in the vicinity of Seventh and Berry streets, to wit:

This indenture made the — day of —, 1909, by and between Southern Pacific Company, a corporation of the State of Kentucky, party of the first part, and the City and County of San Francisco, a municipal corporation in the State of California, party of the second part;

Witnesseth:

That the said party of the first part, for and in consideration of the sum of One Dollar to it paid by the said party of the second part, the receipt whereof is hereby acknowledged, has granted and by these presents does grant unto the party

of the second part and its corporate successors, the right to construct, reconstruct, maintain and operate a sewer beneath its real estate, tracks, buildings and other appurtenances now or hereafter existing in the City and County of San Francisco, State of California, said sewer to be constructed within and along certain strips of land which are described as follows:

1.—Commencing at a point on the easterly line of De Haro street, distant thereon 21.695 feet southeasterly from the point of intersection of the easterly line of De Haro street and the southeasterly line of King street; thence easterly 365.318 feet to a point on the northwesterly line of Berry street, said point being 224.42 feet southwesterly from the southwesterly line of Seventh street; thence southwesterly and along the northwesterly line of Berry street, 67.06 feet; thence westerly 296.877 feet to the easterly line of De Haro street; thence 43.692 feet northwesterly along the easterly line of De Haro street to the point of beginning.

2.—Commencing at a point on the southeasterly line of Berry street, distant thereon 113.41 feet southwesterly from the southwesterly line of Seventh street; thence southwesterly and along the southeasterly line of Berry street 67.06 feet; thence easterly to a point on the southwesterly line of Seventh street, said point being 105.89 feet northwesterly from the northwesterly line of Channel street; thence northwesterly and along the southwesterly line of Seventh street 49.83 feet; thence westerly 141.3 feet to the southeasterly line of Berry street and the point of commencement.

3.—Commencing at a point on the northeasterly line of Seventh street, distant thereon 44.59 feet northwesterly from the northwesterly line of Channel street; thence northwesterly and along the northeasterly line of Seventh street 49.83 feet; thence easterly 158.31 feet to a point on the northwesterly line of Channel street, said point being 127.06 feet northeasterly from the northeasterly line of Seventh street; thence southwesterly and along the northwesterly line of Channel street 67.06 feet; thence westerly 74.75 feet to the northeasterly line of Seventh street and the point of commencement.

Together with the right to enter up on the whole or any portion of said real estate at any time for the purpose of constructing, reconstructing, maintaining, repairing and inspecting said sewer.

The rights hereby granted are nevertheless accepted, and the said party of the second part, for itself and its corporate successors, covenants and agrees that said sewer shall be constructed, reconstructed, operated, maintained and repaired and inspected in the manner and subject to the conditions following, to wit:

1.—Said sewer shall be constructed, reconstructed, maintained and repaired in a good, workmanlike and rapid manner, of first-class material and at such a depth below the surface of said real estate, tracks, buildings and other appurtenances now or hereafter existing of the party of the first part, as not to create any obstruction to the use of said real estate and said appurtenances for railroad or other purposes.

During construction, reconstruction, maintenance, repair or inspection of said sewer, the party of the second part shall at its own expense and risk, and in a manner approved by the party of the first part and to its satisfaction, remove (if the party of the first part considers it necessary), or underpin, brace securely, support and maintain, so as to afford the free, safe and unobstructed use thereof, the tracks, buildings and other appurtenances or any thereof now or hereafter existing on said real estate.

2:—Upon completion of the construction, reconstruction, maintenance, repair or inspection of said sewer, the party of the second part shall fill up, to the satisfaction of the party of the first part, any excavation made during said work, level with the surface and with material equal in quality and tamped down so as to be substantially in like condition with the adjacent ground.

Upon the completion of the construction, reconstruction, maintenance, repair or inspection of said sewer, the party of the second part shall immediately restore to and replace in their original positions and condition in a manner satisfactory to the party of the first part, such tracks, buildings and appurtenances or any thereof as may have been disturbed, in accordance with the preceding paragraph.

3.—That said right to enter upon said land or any portion thereof shall not give nor be deemed or construed to give the party of the second part the right to do or perform any work whatsoever at any time upon or in connection with said sewer that will render unsafe the use by the party of the first part of its said real estate, tracks, buildings and other appurtenances now or hereafter exist-

ing, or weaken or injure same for the operation of its trains, cars or locomotives or for its other purposes; and the party of the second part agrees to and does hereby indemnify and save harmless the party of the first part and its lessors from and against any and all loss, damage, cost and expense which it may sustain or bear or to which it may be put, resulting in any manner from said sewer being located on its property.

4.—This indenture shall be binding upon and inure to the benefit of the successors and assigns of the respective parties hereto.

It is further understood and agreed that the party of the first part shall not be liable to the party of the second part for any damage to said sewer by the operation of its railroad or for or from any cause whatsoever.

It is further understood and agreed that in the event said party of the second part shall discontinue the use of said sewer or shall abandon the same, or shall fail to keep, observe and perform any covenant on its part herein contained, all rights hereby granted shall forthwith cease and determine, and the party of the second part shall thereupon remove said sewer and restore said premises to their present condition. Should the party of the second part, in such event, fail, neglect or refuse to so remove said sewer and so restore said premises to their present condition, such removal and restoration may be performed by the party of the first part at the expense of the party of the second part, which expense the party of the second part agrees to pay to the party of the first part on demand. This grant is made subject to existing lease made the 7th day of March, 1906, by and between Serena H. Knight of the City and County of San Francisco and Wallace Austin of the same place; said lease being for a term of six (6) years from the first day of April, 1906.

In witness whereof, the parties hereto have caused these presents to be signed by their officers thereunto respectively authorized, the day and year first above written.

SOUTHERN PACIFIC COMPANY,

By _____,

RELATIVE TO THE PURCHASE OF THE PLANT OF THE COUNTY LINE WATER COMPANY.

The following reports were presented by Supervisor Johnston and read by the Clerk:

Report of Public Utilities Committee on Purchase of the Works of the County Line Water Company.

San Francisco, Calif., July 26, 1909. To the Honorable, the Board of Supervisors, San Francisco—Gentlemen: Your Committee on Public Utilities, to whom was referred the offer of the County Line Water Company to sell its works to the City and County, reports thereon as follows:

It will be recalled that in the course of proceedings in the matter of acquiring the Hetch-Hetchy water supply and the issuance of bonds therefor, that it became necessary to solicit offers to sell to the City any existing utility. In response to such solicitation came an offer from the County Line Water Company to sell its works to the City for the sum of \$60,000.

In order that no legal doubt could be cast upon the pending proceedings, and upon the advice of the City Attorney the question of the purchase of the plant of this Company was submitted to the voters November 12th, 1908. The result of such submission was the overwhelming endorsement of the proposition, and this Board was authorized to purchase the works. In the meantime, the County Line Water Company had voluntarily reduced its selling price to \$40,000.

The Committee has made a careful and searching investigation into the offers of the Company, and the City Engineer has made an appraisal of the physical properties of the Company. This appraisal is the sum of \$35,682.50, and is quite conservative.

As this Board has already been informed, the plant of the County Line Water Company constitutes the sole water supply for a community of nearly 2000 persons, and unless the City assumes the operation of this plant it is liable to be discontinued and the locality deprived of its supply. It is the duty of the City to see that its citizens shall not suffer such a calamity, even though it may entail some financial sacrifice. Therefore this Committee feels that it is the duty of the City to take over this plant as a moral and public duty.

Upon investigation, however, this Committee believes that the works can be operated without financial loss. Many small cities in the state operate plants of the size and character as this is, with some profit and with economical management, there is little danger of a great deficiency.

Moreover, there is every prospect that with municipal ownership of this plant, and with the assurance that this locality will be supplied with water, that the population will increase, and that new tracts will be opened up to home builders. Already two such tracts are being made ready for the market, with the understanding that the owners of the land will lay pipes in the streets to be connected to this water system. One owner has laid three thousand feet of pipe, and has agreed to lay three thousand more, all of which will be turned over to the City.

At the meeting of this Committee held on July 24th this Committee agreed to recommend to the Finance Committee the purchase of this plant by the City at the price of \$30,000.00, the works to be turned over to the City on September 1st and to be paid for on October 1st.

This will give the City ample time to formulate a plan for its economical operation and provide all the details for its management.

While the Committee believes that the City can operate this plant without financial loss, the greatest gain will be in the demonstration that the municipality can greatly improve the service and confer upon the residents of the locality benefits that cannot be measured in dollars and cents. It will also serve to build up a part of the City destitute of population and create values for the assessment roll.

It is therefore recommended that the Finance Committee provide the necessary means for consummating the purchase of this plant for the sum of \$30,000.00, and that the City take over the works at the time and in the manner herein stated.

Respectfully submitted,

J. A. JOHNSTON,
D. C. MURPHY,
R. McLERAN,

Report of Public Utilities and Hospital and Health Committees.

San Francisco, Calif., Sept. 20, 1909.

To the Honorable the Board of Supervisors, San Francisco—Gentlemen:

Your Committee on Public Utilities and Hospital and Health, to whom was referred on July 26, 1909, the Report of the Public Utilities Committee, recommending purchase of the works of the County Line Water Company for \$30,000.00, begs leave to recommend that said report be adopted with the following amendments, to wit:

1. That of the proposed purchase price of \$30,000.00, the sum of \$5,000.00 be retained for purposes of betterment of the plant, and \$5,000.00 be deposited in escrow in any bank named by the Board of Supervisors, to be drawn against in case of any deficit in the operating expenses during two years subsequent to the taking over of the plant by the City, in accordance with agreement filed by T. B. Potter, owner of the plant, September 1, 1909.

2. That the date for taking over of the plant by the City be fixed at November 1, 1909, and payment of the agreed amount be made on December 1, 1909.

Your Committee further recommends that all papers in connection with the proposed purchase of said County Line Water Company be transmitted to the City Attorney to prepare the necessary agreement and transfer of the properties.

Your Committees recommend the adoption of this report.

Respectfully submitted,

J. A. JOHNSTON,
D. C. MURPHY,
R. McLERAN,
HENRY PAYOT,
CHAS. A. MURDOCK.

Declaring the length of the main track and the assessed value of the railway of the Pullman Company in the City and County for the year 1909.

Whereas, Pursuant to Section 3665 of the Political Code, this Board is required to pass an order stating and declaring the length of the main track

and the assessed valuation of each railway in the City and County as fixed by the State Board of Equalization; and

Whereas, The Auditor of this City and County has transmitted to this Board, on the 13th day of September, 1909, a copy of the statement made and received from the State Board of Equalization fixing the assessment of the Pullman Company, which recited that:

The State Board of Equalization, on the 2d day of August, 1909, assessed for the year 1909 the Pullman Company for its franchise, roadway, roadbed, rails and rolling stock in the State of California in the aggregate sum of \$1,695,792.

The entire length of the main track of railway or said company in the said State is 3308.217 miles.

The length of the main track of railway of said company in the City and County of San Francisco is 4.60 miles.

The assessed value per mile of said railway, as fixed by a pro rata distribution per mile of the assessed value of the whole franchise, roadway, roadbed rail and rolling stock of such railway of the said company within the State, according to said assessment of said State Board, is \$512.60.

The apportionment of the assessment of said franchise, roadway, roadbed, rails and rolling stock by said Board for the City and County of San Francisco is, according to the assessment of said State Board, \$2358; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby expressly stated and declared that the length of the main track of the railway of the Pullman Company in this City and County is 4.60 miles, and that the assessed value of the railway of the Pullman Company in the City and County for the year 1909, is, according to said assessment of said State Board, \$2358.

Section 2. The Clerk is hereby directed to cause this order to be entered upon the minutes of this Board.

Petition—Of the Civic League and various other improvement clubs, favoring the use of concrete curbing in outlying districts.

Ordered *referred to the Streets Committee.*

Opinion of City Attorney on Legal Questions Involved in Construction of Municipal Street Railroad on Market and Geary Streets.

Supervisor Johnston presented the following communication which was on his motion read, ordered printed in the Journal and Record and referred to the Public Utilities Committee.

October 4, 1909.

Gentlemen: By Resolution No. 4499 (New Series) you ask for an opinion upon the following questions:

"1. In instituting proceedings for the construction of the Geary Street Railroad would it be valid to declare that the public interest demands the construction of a street railroad on Market street from Geary to the Water Front?

"2. Are there any insurmountable legal objections to the construction of such railway?

"3. Is it advisable and would it be legal to submit separate propositions to the voters, one covering Geary street and the other Market street?"

Replying to your inquiries in the order given I submit the following:

First. The declaration of public necessity or interest is a declaration of fact which is conclusive as to the existence of such public necessity or interest. Such being the case, if the Board of Supervisors determines the fact to be that the public necessity and interest demands the construction of a street railway on Market street from Geary street to the water front, then it is both valid and proper that your Board so declare such public necessity and interest preliminary to the institution of proceedings to meet the public needs.

Second. In my opinion there are no insurmountable legal objections to the construction of such railway. It is safe to assume that objections will be interposed to the attempt of the city to construct and operate a street railway on Market street. Such objections will not be urged until the city makes the attempt. In order that the city may assert and establish its rights to use Market street for street railway purposes it will be necessary to declare its purpose and to institute proceedings for its construction and operation. At that time the whole matter can be properly brought before the courts for legal and final determination.

Third. There are no legal objections to the submission to the voters of two separate propositions—one covering Geary street and one covering Market street.

Respectfully,

PERCY V. LONG,
City Attorney.

Report of Public Buildings Committee Submitting Statement of Rents Paid for Municipal Quarters and Comparative Statement of Cost of Construction of City Hall.

The following report was presented by Supervisor Bancroft and read by Clerk:

Report of Public Buildings Committee.
San Francisco, Calif.,
October 2, 1909.

To the Honorable, the Board of Supervisors, San Francisco.

Gentlemen: Your Committee on Public Buildings herewith submits a statement of the rents paid by the City and County for buildings and rooms necessary to accommodate the various public offices, and a comparative statement showing the amount that the taxpayers would have to pay were a City Hall to be erected.

Rents for Offices That Will Occupy the Hall of Justice When Completed.
Yearly Rents.

Kreling Building, mainly occupied by Police Department	\$24,000.00
Superior Courts, Criminal Departments	6,921.00
Coroner's office	648.00

Total\$31,569.00
As a portion of the Kreling Building is occupied by the Board of Supervisors and Fire Commissioners, the whole of the above sum now paid for rent will not be saved, but it is estimated that \$20,000 will be saved upon the completion of the Hall of Justice. But this saving will not offset the interest charge on the bonds issued to erect the Hall of Justice. Assuming that all the bonds are sold, the interest charge will approximate \$50,000 the first year. Gradually diminishing

after three years, the average annual interest during the next 20 years will be \$25,000, or about equal to the amount now paid in rent.

The following is a table showing the annual rent for the offices that would be quartered in a City Hall when erected:

Grant Building	\$24,120.00
Hewes Building	20,052.00
Mayor	3 108.00
Assessor, Tax Collector, Sheriff	6,000.00
County Clerk	4,758.00
Health Department	2,760.00
	<hr/>
	\$60,798.00

To which should be added for rent of Supervisors and Fire Commissioners, approximately \$10,000.00

In round numbers.....\$70,000.00

Other rents would be continued to be paid for departments which would not be located in the City Hall or Hall of Justice, for an indefinite time, until the City acquired the necessary quarters:

Outside Police Stations.....	\$3,950.00
Plague and Potrero Hospital.	1,200.00
Fire Department machine shop	3,600.00
Department of Electricity....	3,600.00
	<hr/>
	\$12,350.00

The rent of the Fire Department machine shop will be saved upon the completion of the Corporation Yard buildings within a few months.

The amount of rent now being paid for municipal offices which would be accommodated in a new City Hall is as above stated, in round numbers, \$70,000.00.

In this connection, it should be stated that the above rent includes most of the janitorial, heating, water and elevator services and repairs.

Upon the erection of a City Hall costing \$5,000,000.00, the interest charge would be (at 4 per cent) \$200,000 a year. If forty-year bonds were issued the average annual interest for that time would be \$100,000. To this must be added the cost of heating, water, elevator and janitorial services, at least \$50,000 more than the City is now paying.

In other words, the taxpayers for the first year after the erection of a City Hall would be called upon to pay \$180,000 a year more than it is now paying for rented quarters.

Of course, it is admitted that the public convenience would be served by concentrating the City offices in one building, and that it is not compatible with the dignity of a great city to occupy rented quarters.

But your Committee wishes to call attention by this statement to the fact

that a City Hall is not an economic necessity. Financially, for a considerable time at least, the City will be better off and the taxpayers less burdened, by a continuance of the present policy.

It is a question, however, that should be seriously considered, but solely with a view of promoting the public convenience and satisfying our civic pride by the ownership of a beautiful public structure worthy of our City.

Respectfully submitted,
PAUL BANCROFT,
R. McLERAN,
M. HALL McALLISTER.

Report of Public Buildings Committee on Unused Lands of Fire and School Departments.

The following report was presented by Supervisor Bancroft and read by the Clerk:

San Francisco, September 30, 1909.
Chairman, Public Buildings Committee,
Board of Supervisors, San Francisco.

Dear Sir:—I respectfully report that, acting under the instruction of your Committee, I conferred with the officials of the Fire and School Departments relative to real property under the control of said Departments, that is not in use and that will not be required for use in the immediate future.

There are fully seventy-five pieces of realty that never will be used by these Departments, a partial list of which is appended.

The following described parcels of land set aside for the Fire Department are either too small or so situated as regards street grade that they are not suitable for Fire Department purposes:

Under Control of Fire Department.

50 Vara Block No. 277.

Lot on southerly line of California street 220 feet east of Hyde, 27:6x137:6 in depth.

50 Vara Block No. 90.

Lot on west line of Brenham Place, 77 feet 6 inches north of Clay street, 25x68:9 feet in depth.

Potrero Nuevo Block No. 177.

Lot on east line of De Haro street, 420:6 feet south of Twentieth street, 25x80 feet in depth.

Potrero Nuevo Block No. 15.

Lot on east line of Alabama street, 180 feet south of Nineteenth street, 68x44:3 feet in depth.

Potrero Nuevo Block No. 218.

Lot on easterly line of Wisconsin street, 420 feet north of Army street, 25x80 feet in depth.

Potrero Nuevo Block No. 269.

Lot on west line of Texas street, 185

feet south of Mariposa street, 30x100 feet in depth.

Western Addition Block No. 192.

Lot on south line of Vallejo street, 191:3 feet east of Laguna street, 30x137:6 feet in depth.

Western Addition Block No. 379.

Lot on south line of Hayes street, 191:3 feet west of Steiner street, 30x137:6 feet in depth.

Outside Land Block No. 373.

Lot on west line of Eighth avenue, 285 feet south of "B" street, 30x120 feet in depth.

Outside Land Block No. 378.

Lot on east line of Fourth avenue, 285 feet south of "B" street, 30x120 feet in depth.

Outside Land Block No. 674.

Lot on east line of Third avenue, 285 feet south of "I" street, 30x120 feet in depth.

50 Vara Block No. 68.

Lot on south line of Jackson street, 158 feet west of Montgomery street; thence west on Jackson street 7:7 feet; thence southeast on Montgomery avenue 12:3 feet; thence north 9 $\frac{1}{4}$ feet to point of beginning.

School Department Property.

The following pieces of land, in the opinions of School Directors O'Connor, Hayden, Oliver and Mrs. Kincaid, never will be used for school purposes:

50 Vara Block No. 118.

Lot on southeast corner Bush and Stockton streets, 137:6x137:6.

This parcel of land was offered for lease some months ago, but all of the bids received were rejected as being too low. School Director Oliver informed me that certain persons at this time are willing to bid \$325 per month for the property. The highest bid received previously was \$125 per month.

50 Vara Block No. 160.

Lot on west side of Powell street, 137:6 north of Washington street, 68:9 x137:6.

100 Vara Block No. 348.

Lot on north side of Clementina street 225 feet east of First street, of 50 feet frontage and running back to Tehama street, frontage on Tehama street 118 feet. Lot is of irregular shape. (See plot of lot in office.)

50 Vara Block No. 183.

Lot on northeast corner of Taylor and Vallejo streets, 137:6x137:6.

50 Vara Block No. 220.

Lot on northwest corner of Taylor and Bush streets, 137:6x137:6.

Western Addition Block No. 29.

Lot south side of Francisco street, 137:6 feet west of Larkin, 137:6x137:6.

The City is at present receiving a monthly rental of \$1.00 for this property from a widow who has occupied the land for thirty years. She has of late expressed her willingness to vacate if called upon to do so.

In addition to these lands, the School Department has between seventy and eighty pieces of realty in the Western Addition, Potrero, Sunset and Richmond districts that are not occupied. The School Directors are not prepared at this time to report on what particular pieces they will use in the future, but have promised to furnish the information after viewing the properties.

The Secretary of the Park Commissioners reports that all of the property under the control of that Board, is either in use or will be utilized in the near future.

Very truly,

JOHN E. BEHAN, Clerk.

J. P. SLEVIN, Asst. Clerk.

HEARING IN MATTER OF CLOSING A PORTION OF LANGTON STREET.

In accordance with Resolution No. 4385 (New Series), the Board proceeded with the hearing in the matter of the closing and abandoning of a portion of Langton street, running southeasterly from Brannan street in 100 Vara Block No. —.

Privilege of the Floor.

Wm. Humphreys, attorney, representing the American Construction

Company, obtained the privilege of the floor and stated in part that the Resolution of Intention to close the street was unfair to his clients; that it had not been shown that public necessity required the closing of Langton street; that if the street was closed it would mean a loss to the City and to his clients who had leased the land and constructed a building thereon in the expectation that Langton street would be maintained as an open public street.

Warren Olney Jr., attorney representing the Western Pacific Railroad Company, also addressed the Board, stating that his clients were willing to pay any damages sustained by the protestants in the closing of Langton street, and the private interest of said protestants should not be allowed to stand in the way of the public interest to be served by the Western Pacific Railroad.

Hearing Closed.

Thereupon, the Chair declared the hearing closed.

Whereupon, Supervisor Center introduced the following Resolution:

Closing and Abandoning a Portion of Langton Street.

Resolution No. — (New Series), Whereas, This Board has, by Resolution No. 4293 (New Series), declared its intention to close and abandon a portion of Langton street beginning at the southeast line of Brannan street and running 275 feet southeasterly at right angles with Brannan street to the end of said Langton street, and

Whereas, the notice of said Resolution and of said proposed closing and abandoning of said portion of Langton street was duly given by the Board of Public Works of this City and County by publication and posting in the manner provided by Section 3 of Chapter III of Article VI of the Charter of this City and County, and

Whereas, Within ten days after the expiration of the time of publication of said notice the American Pacific Construction Company delivered to the Clerk of this Board its written objections to the said closing and abandonment of said portion of said street, and

Whereas, This Board at its next meeting after the expiration of the time of publication of said notice, to wit, its meeting on September 7, 1909, did by Resolution No. 4385 (New Series), fix this time as the time for hearing said objections, and

Whereas, No other objections to the said closing and abandonment of said portion of said street were made or delivered to the Clerk of this Board, and the Clerk of this Board has notified the said American Pacific Construction Company of the time so fixed for hearing its said objections by de-

positing a notice thereof in the post-office, postage prepaid, addressed to said American Pacific Construction Company, and

Whereas, The said American Pacific Construction Company has appeared at the time so fixed, and this Board has heard the objections urged by it, and

Whereas, It is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portion of Langton street; now, therefore, be it

Resolved, That said objections of the American Pacific Construction Company be and the same are hereby overruled. Be it further

Resolved, That the said closing and abandonment of said portion of Langton street be and the same is hereby ordered, and the said portion of Langton street, to wit, that portion thereof commencing at the southeast line of Brannan street and running 275 feet southeasterly at right angles with Brannan street to the end of said Langton street, be and the same is hereby closed and abandoned as a public street. Be it further

Resolved, That the Clerk of this Board transmit a certified copy of this Resolution to the Board of Public Works and that the Board of Public Works be instructed to make an assessment of benefits and damages and written report thereof to this Board in accordance with law.

Amendment.

Supervisor Connolly moved as an amendment that the Resolution lay over one week, and that in the meantime the Clerk obtain from the City Attorney an opinion as to whether the Resolution as drawn sufficiently protects the rights of the protestants.

Amendment *lost*.

Adopted.

Thereupon, the question being taken the foregoing Resolution was adopted as Resolution No. 4558 (New Series), by the following vote:

Ayes—Supervisors Balcom, Bancroft, Booth, Center, Comte, D'Ancona, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Sanderson—14.

Noes—Supervisors Broderick, Connolly, Hocks—3.

Absent—Supervisor Pollok—1.

REPORT OF HOSPITAL AND HEALTH COMMITTEE RELATIVE TO TUBERCULOSIS CLINICS. (Out of Order.)

Supervisor Payot presented the following Report:

San Francisco, Calif.,

October 4, 1909.

To the Honorable, the Board of Supervisors, San Francisco.

Gentlemen: Your Committee on Hospital and Health, to whom was re-

ferred petition of the Polk Street District Association, for passage of an Ordinance regulating the maintenance of clinics for treatment of contagious diseases, and providing for the issuance by the Board of Supervisors of permits for the establishment of such clinics, begs leave to report that it has duly considered said petition.

Your Committee respectfully reports adversely to said petition for the reason that, in its judgment, the proposed Ordinance has no application except in its relation to clinics for the treatment of tuberculosis, as there is no call for restrictions in the matter of other diseases.

Your Committee believes that the petition is the result of opposition on the part of property owners to the establishment of a Tuberculosis Clinic at Jackson and Polk streets by the Society for the Prevention of Tuberculosis, and your Committee is of the opinion that the plans of said Society are entirely deserving of approval.

Your Committee recommends that the petition of Dr. Sara E. Wise, for a permit to maintain a hospital at 2855 Bush street, be denied.

Your Committee recommends that protest of Rosa Drucker et al., against maintenance of hospital at 718 Broderick street, be overruled.

Placed on File.

Protest of German General Benevolent Society against transforming Golden Gate Cemetery into public park.

Your Committee recommends that the following petitions for maintenance of stables be denied, in accordance with disapprovals filed by Board of Health, to wit:

Dixwell Hewitt, northwest side of Bryant street, 50 feet southwest of Langton street, thirty-two horses.

D. Rubino, northwest corner Octavia and Chestnut streets, two horses.

G. B. Valle, rear of No. 123 Ellsworth street, one horse.

G. Campagno, west side of Folsom street 125 feet south of Precita avenue, one horse.

J. R. Durlin, 9 Wildey avenue, two horses.

Your Committee recommends passage of Resolution granting stable permits, as follows:

Quinto Brenta, north side McAllister street 212 feet east of Central avenue, three horses. (Stable proper not to be under residence.)

Charles Wolf, west side of Rausch street 125 feet north of Folsom street, three horses.

Mrs. I. B. Tuohy, No. 319 Chenery street (rear), one horse.

George Oxendine, east side Twenty-eighth avenue 235 feet north of "A" street, two horses.

J. Werthelmer, east line of Fifth

street 37½ feet north of Bryant street, three horses.

Respectfully submitted,
HENRY PAYOT,
C. A. MURDOCK,
A. A. D'ANCONA.

Privilege of the Floor.

P. A. Bergerot, representing Jackson Street Property Owners, obtained the privilege of the floor and addressed the Board, favoring the passage of an ordinance requiring a permit for the establishment of private institutions for the treatment of contagious diseases.

J. A. Burnett, also addressed the Board, making a similar request.

Adopted.

Whereupon, on motion of Supervisor Payot, the foregoing report was adopted by the following vote:

Ayes—Supervisors Balcom, Bancroft, Booth, Broderick, Center, Connolly, D'Ancona, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Sanderson—15.

Noes—Supervisors Comte, Hocks, Pollok—3.
